- No prerequisite for Korean 1, Chinese 1 or Spanish 1. A grade of "C" or better from previous level is required to advance to the next level for all other courses.
- No jumping or skipping course. Students must follow course sequence*
- Any student that has been placed in a language class out of sequence order must be tested with the **department chair before student is allowed in the class.**
- Students, who receive a D, may move up to the next level. However, **parent signature** is required to show that students may not have mastered the standards from the previous level.
- Administrator approval needed to drop AP/IB course.

* If any incoming student has workable Chinese/Korean/Spanish language ability at **middle school placement test or tested by department chair**, the student will be placed accordingly at higher levels, usually no higher than AP. Therefore, the student will have the opportunity to complete three years of foreign language requirement at high school.

For Counselors:

"Ifs"

- -If native speakers take Spanish 1 in the summer, they will go to Spanish 2s with teacher recommendation.
- -Spanish 1s students that are weak will go to Spanish 2 their following year.
