How it works

FirstView GPS tracks the bus on the map and allows you to set up a customizable geo-fence around your pick-up/drop-off location, so you can be alerted when the bus is close. FirstView GPS is simple. First download the app from Google Play or the Apple App Store and register. Once registered, enter your Student ID and/or code(s), then:

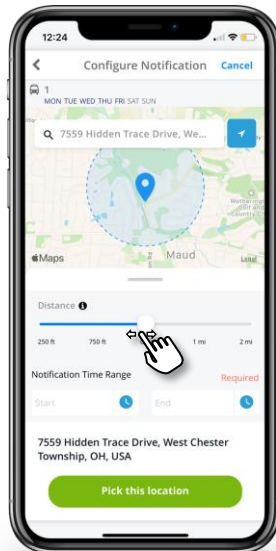

1

Choose Your Student's Route

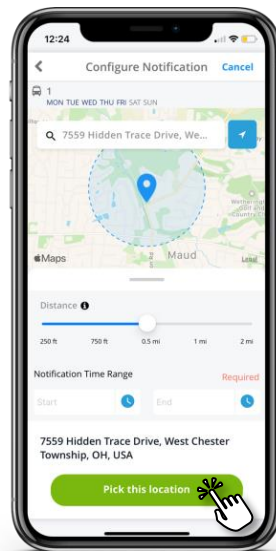

2

Drop a Pin and Set Up the Geofence

3

Set Up Alert Notification Hours

4

Track the Bus and Receive Alerts
