**Status:** ADOPTED

**Original Adopted Date:** 04/21/1994 | **Last Revised Date:** 07/29/2021 | **Last Reviewed Date:** 07/29/2021

The Governing Board authorizes independent study as an optional alternative instructional strategy for eligible students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan to serve students, who desire a more challenging educational experience, whose health or other personal circumstances make classroom attendance difficult, who are unable to access course(s) due to scheduling problems, and/or who need to make up credits or fill gaps in their learning. As necessary to meet student needs, independent study may be offered on a full-time basis or on a part-time basis in conjunction with a part- or full-time classroom study.

The Superintendent or designee may provide a variety of independent study opportunities, including, but not limited to, through a program or class within a comprehensive school, an alternative school or program of choice, a charter school, and an online course.

A student's participation in independent study shall be voluntary. S(Education Code 51747, 51749.5)

Independent study for each student shall be under the general supervision of a district employee who possesses a valid certification document pursuant to Education Code 44865 or an emergency credential pursuant to Education Code 44300. Students' independent study shall be coordinated, evaluated, and documented, as prescribed by law and reflected in the accompanying administrative regulation. (Education Code 51747.5)

The minimum period of time for any independent study option shall be three consecutive school days.

**General Independent Study Requirements**

For the 2021-22 school year, the district shall offer independent study, as specified in Education Code 51745, to meet the educational needs of students unless the district has obtained a waiver. (Education Code 51745)

For the 2022-23 school year and thereafter, the Superintendent or designee may continue to offer and approve independent study for an individual student upon determining that the student is prepared to meet the district's requirements for independent study and is likely to succeed in independent study as well as or better than the student would in the regular classroom setting.

Because excessive leniency in the duration of independent study assignments may result in a student falling behind peers and increase the risk of dropping out of school, independent study assignments shall be completed no more than one week after assigned for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student fails to make satisfactory educational progress and/or misses three assignments. Satisfactory educational progress shall be determined based on all of the following indicators: (Education Code 51747)

1. The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and engagement specified in Education Code 52060

2. The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments
3. Learning required concepts, as determined by the supervising teacher
4. Progress towards successful completion of the course of study or individual course, as determined by the supervising teacher

The Superintendent or designee shall ensure that students participating in independent study are provided with content aligned to grade level standards at a level of quality and intellectual challenge substantially equivalent to in-person instruction.

The Superintendent or designee shall ensure that students participating in independent study for 15 school days or more receive the following throughout the school year: (Education Code 51747)

1. For students in grades transitional kindergarten, kindergarten, and 1 to 3, opportunities for daily synchronous instruction
2. For students in grades 4-8, opportunities for both daily live interaction and at least weekly synchronous instruction

The Superintendent or designee shall ensure that procedures for tiered reengagement strategies are used for all students who are not generating attendance for more than three school days or 60 percent of the instructional days in a school week, or who are in violation of their written agreement. This requirement only applies to students participating in an independent study program for 15 school days or more. The procedures shall include, but are not necessarily limited to, all of the following: (Education Code 51747)

1. Verification of current contact information for each enrolled student
2. Notification to parents/guardians of lack of participation within one school day of the absence or lack of participation
3. A plan for outreach from the school to determine student needs, including connection with health and social services as necessary
4. A clear standard for requiring a student-parent-educator conference to review a student's written agreement and reconsider the independent study program's impact on the student's achievement and well-being

The Superintendent or designee shall develop a plan to transition students whose families wish to return to in-person instruction from independent study expeditiously, and, in no case later, than five instructional days. This requirement only applies to students participating in an independent study program for 15 school days or more. (Education Code 51747)

The Superintendent or designee shall ensure that a written master agreement exists for each participating student as prescribed by law. (Education Code 51747, 51749.5)

The district shall provide written notice to the parents/guardians of all enrolled students of the option to enroll their child in in-person instruction or independent study during the 2021-22 school year. This notice shall be posted on the district's web site, and shall include, at a minimum, information about the right to request a student-parent-educator conference before enrollment, student rights regarding procedures for enrolling, disenrolling, and reenrolling in independent study, and the instructional time, including synchronous and asynchronous learning, that a student will have access to as part of the independent study. (Education Code 51747)

Upon the request of the parent/guardian of a student, before making a decision about enrolling or disenrolling in independent study and entering into a written agreement to do so, the district shall conduct a telephone, video conference, or in-person student-parent-educator conference or other meeting during which the student, parent/guardian, or their advocate may ask questions about the educational options, including which curriculum offerings and nonacademic supports will be available to the student in independent study. (Education Code 51747)

### **Master Agreement**

For the 2021-22 school year only, the district shall obtain a signed written agreement for independent study no later

than 30 days after the first day of instruction.

A written agreement shall be developed and implemented for each student participating in independent study for three or more consecutive school days. (Education Code 46300, 51747; 5 CCR 11703)

The agreement shall include general student data, including the student's name, address, grade level, birthdate, school of enrollment, and program placement.

The independent study agreement for each participating student also shall include, but are not limited to, all of the following: (Education Code 51747; 5 CCR 11700, 11702)

1. The frequency, time, place and manner for submitting the student's assignments, reporting the student's academic progress, and communicating with a student's parent/guardian regarding the student's academic progress
2. The objectives and methods of study for the student's work and the methods used to evaluate that work
3. The specific resources that will be made available to the student, including materials and personnel, and access to Internet connectivity and devices adequate to participate in the educational program and complete assigned work
4. A statement of the Board's policy detailing the maximum length of time allowed between an assignment and its completion, the level of satisfactory educational progress, and the number of missed assignments which will trigger an evaluation of whether the student should be allowed to continue in independent study
5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with a maximum of one year
6. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion
7. A statement detailing the academic and other supports that will be provided to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, students with disabilities with an individualized education program or a Section 504 plan in order to be consistent with their program or plan, students in foster care or experiencing homelessness, and students requiring mental health supports.
8. A statement that independent study is an optional educational alternative in which no student may be required to participate
9. In the case of a suspended or expelled student who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, a statement that instruction may be provided through independent study only if the student is offered the alternative of classroom instruction
10. Before the commencement of independent study, the agreement shall be signed and dated by the student, the student's parent/guardian or caregiver if the student is under age 18 years, the certificated employee responsible for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student.

However, for the 2021-22 school year, the district shall obtain a signed written agreement for independent study from the student, or the student's parent/guardian if the student is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the pupil, no later than 30 days after the first day of instruction.

Written agreements may be signed using an electronic signature that complies with state and federal standards, as determined by the California Department of Education (CDE). (Education Code 51747)

The parent/guardian's signature on the agreement shall constitute permission for the student to receive instruction through independent study.

## **Student-Parent-Educator Conferences**

A student-parent-educator conference shall be held as appropriate including, but not limited to, as a reengagement strategy and/or if requested by a parent/guardian prior to enrollment or disenrollment from independent study. (Education Code 51745.5, 51747, 51749.5)

## **Records for Audit Purposes**

The Superintendent or designee shall ensure that records are maintained for audit purposes. These records shall include, but not be limited to: (Education Code 51748; 5 CCR 11703)

1. A copy of the Board policy, administrative regulation, and other procedures related to independent study
2. A listing of the students, by grade level, program, and school, who have participated in independent study, along with the units of the curriculum attempted and completed by students in grades K-8
3. A file of all agreements, with representative samples of each student's work products bearing the supervising teacher's notations indicating that the teacher has personally evaluated the work or personally reviewed the evaluations made by another certificated teacher

The district shall document each student's participation in live interaction and synchronous instruction pursuant to Education Code 51747 on each school day, as applicable, in whole or in part, for which independent study is provided. A student who does not participate in independent study on a school day shall be documented as nonparticipatory for that school day. (Education Code 51747.5)

The Superintendent or designee also shall maintain a written or computer-based record such as a grade book or summary document of student engagement, for each class, of all grades, assignments, and assessments for each student for independent study assignments. (Education Code 51747.5)

The signed, dated agreement, any supplemental agreement, assignment records, work samples, and attendance records may be maintained on file electronically. (Education Code 51747)

## **Program Evaluation**

The Superintendent or designee shall annually report to the Board the number of district students participating in independent study, the average daily attendance generated for apportionment purposes, student performance as measured by standard indicators and in comparison to students in classroom-based instruction, and the number and proportion of independent study students who graduate or successfully complete independent study. Based on the program evaluation, the Board and Superintendent shall determine areas for program improvement as needed.
