Hawthorne School District's Uniform Complaint Policies:

The information below summarizes pertinent provisions of the uniform complaint procedure. For the District's complete policy and regulation on uniform complaints, please visit our website at <http://www.hawthorne.k12.ca.us> or contact the District office.

Complaints of unlawful discrimination must be initiated within 6 months from the date complainant acquired knowledge of the facts of the alleged discrimination. Upon written request by the complainant, the Superintendent or designee may extend, for good cause, the 6-month filing period by up to 90 days.

Reports of discrimination will be investigated in a manner that protects, as appropriate, the confidentiality of the parties and integrity of the process. The identity of the complainant may be disclosed to the extent necessary to carry out the investigation or proceedings, as determined by the Superintendent or designee, on a case-by-case basis.

The complainant's refusal to provide the investigator with documents or other evidence related to the allegations in the complaint, or other failure or refusal to cooperate in the investigation or obstruction of the investigation, may result in the dismissal of the complaint because of lack of evidence to support the allegations.

The refusal by Hawthorne School District to provide an investigator with access to records and/or other information related to the allegation(s) in the complaint or cooperate in the investigation, or any other obstruction of the investigation, may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

The Board of Trustees prohibits any form of retaliation against any complainant or cooperating witness in the complaint process. Such participation shall not in any way affect the status, grades, or work assignment of the complainant.

A copy of the District's Uniform Complaint Policy is distributed annually to students, employees, parents or guardians of its students, the District advisory committee, school advisory committees, appropriate private school officials or representatives, and other interested parties.

The Board of Trustees recognizes that a neutral mediator can often suggest a compromise that is agreeable to all parties in dispute. Whenever all parties to a complaint agree to try resolving their problems through mediation, the Superintendent or designee may initiate that process. The Superintendent or designee shall ensure that the results are consistent with state and federal laws and regulations. Mediation is never a mandatory part of the complaint process.

If a complainant is unable to put a complaint in writing due to conditions such as a disability or literacy, District staff shall assist him/her in the filing of the complaint.
