

Compact

A parent/teacher/student/school/administration compact has been developed with the parents that detail the responsibilities of all of the parties to help support children in reaching their potential. In addition, the compact will spell out the methods of communication the school will use to insure maximum contact between the parents and those in the schools responsible for the education of their children. These will include, but not be limited to parent/teacher conferences, regular (weekly, biweekly, monthly) progress reports, and the publication of teachers' email addresses and phone extensions mentioned above. Parents will receive a copy of the compact once all parties have signed.

Family Engagement

We will insure that family engagement is not limited to Title I, but will extend to all programs that their children may be participating in, regardless of the source of funding and the origin of the program (school, district, state or federal).

All meetings will be announced in a timely fashion and in multiple formats and in the languages of the families that send children to the school. Also, when needed, childcare will be offered to those parents who need it.

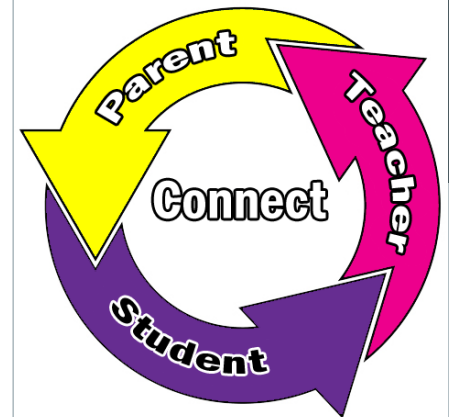

Data collected (participation rates, plus/deltas, comments, etc.) will be used to plan the following year's family engagement policy and activities.

Revised 3/2/2020

Sierra Vista Elementary Family Engagement Policy

2020-2021

The purpose of our family engagement policy is to ensure that we involve our parents to the maximum extent possible in their children's education and in their school.

Family Engagement

- Conduct an annual meeting in the first month of the school year to which all parents are invited and at which the requirements of Title I and the rights of the parents to be involved will be discussed. Sign-in sheets will be used to document parental participation at this and all meetings. Minutes will be taken which will include parents' comments and questions.
- Additionally, we will hold meetings during the year (including family engagement meetings, parent/teacher conferences, family nights, etc.) for the parents at various times (morning, afternoon, and evening) to ensure that the parents have the opportunity to participate in their children's education and in their school.
- The parents will be encouraged and invited to participate in the development of and implementation of this policy. We will ensure that parents have a voice in the development of all Title I policies and programs and they are signatories of all plans and policies.
- If any parents are not satisfied with the Title I program plan, they may submit comments to the school, which will be shared with the district. All comments and correspondences from parents, positive or negative, will be saved and kept in the School Title I notebook and used to help with the design and running of the Title I program.

Title I

Title I information will be included in school newsletters, on the marquee as appropriate, and through the Parent Link. A minimum of one week advanced notice for all family engagement activities will be provided.

Types of Communication

Annual Open House

Two Parent Teacher Conferences to discuss academic progress

Class Newsletters

Classroom Websites
