
PART-TIME, HOME-BASED, OR OFF-CAMPUS STUDENTS: 3114

Part-time scholars are permitted to enroll and receive ancillary services, provided that such scholars are otherwise eligible for full time enrollment in the school district and such courses or services are not available in the scholar's private school or an approved extension. Part-time status also includes: any scholar, not enrolled in a private school, who is receiving home-based instruction and taking courses at or receiving ancillary services from the district or both, or any scholar involved in an approved work training program.

Ancillary services shall include any single or group of classes, instructional time including ELL and/or special education services, recess, meal services, and after school activities. Ancillary services shall only be accessed in alignment with the school master schedule.

Home-based instruction will consist of instructional and related educational activities, including the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of an appreciation of art and music. Such instruction will be equivalent, as liberally constructed, to the total annual program hours per grade level as established for public schools.

Home-based instruction may be provided by a parent who has filed a declaration of intent, with the Superintendent by September 15, or within two (2) weeks of the beginning of any quarter, trimester, or semester. All decisions relating to the philosophy or doctrine, selection of books, teaching materials and curriculum, and methods, timing, place, and provision of the evaluation of home-based instruction will be the responsibility of the parent.

A scholar may be enrolled in an off-campus instruction program provided that such experiences have been approved by the Superintendent, or designee.

The Superintendent will establish procedures that define the district's responsibilities for home-based and off-campus instruction.
