Board Policy No. 5007: ASSIGNMENT OF FAILING GRADE DUE TO UNEXCUSED ABSENCES

- A. Unexcused absences from class exceeding ten (10) days in a school semester may be sufficient reason for a teacher to assign the pupil a failing grade for the class. The teacher may assign a failing grade in such cases.
- B. The pupil and parent/guardian shall be notified of each unexcused absence. The pupil and parent/guardian shall be given three (3) days to explain the absence. If the absence is not verified as an excusable absence, it shall be recorded as unexcused, together with the reason for the absence as given by the parent and the date when the explanation was given. The name of the person receiving any oral explanation of the absence shall also be recorded.
- C. If a pupil receives a failing grade because of unexcused absences exceeding the above maximum, school records shall specify that the grade was given because of excessive unexcused absences.
- D. As required by Education Code section 49067(a), whenever it becomes evident that a pupil is in danger of failing due to unexcused absences, the teacher shall schedule a conference with the parent(s) or legal guardian or make a written report to the parent(s) or guardian. The refusal or failure of a parent to attend the conference shall not preclude failing the pupil at the end of the grading period.

A. General Provisions

1. Extracurricular activities are those programs that have all of the following characteristics:
 - a. The program is supervised or financed by the District.
 - b. Pupils participating in the program represent the District.
 - c. Pupils exercise some degree of freedom as determined by the Administration of the District in either the selection, planning, or control of the program.
 - d. The program includes both preparation for performance and performance before an audience or spectators.
2. Extracurricular activities are not part of the regular school curriculum, are not graded, do not offer credit, and do not take place during class time.
3. Co-curricular activities are programs that may be associated with the curriculum in a regular classroom.
4. A program that has as its primary goal the improvement of academic or educational achievement is not an extracurricular or co-curricular activity under this Policy.

B. Academic Eligibility Requirements

1. In order to encourage and promote academic excellence, all pupils in grades five through eight participating in extracurricular or co-curricular activities shall demonstrate satisfactory educational progress in the previous grading period.
2. In order to be eligible for participation in extracurricular or co-curricular activities, a pupil shall have earned a minimum of a 2.5 grade point average during the preceding grading period in all enrolled classes on a 4.0 scale, and shall have earned at least a "satisfactory" grade in citizenship in all classes, and shall not have received a "D" or an "F" in any subject.
3. The "previous grading period" does not include any grading period in which the pupil was not in attendance for all, or a majority of the grading period due to

excused absences. In that event, the previous grading period is deemed to mean the grading period immediately prior to the grading period or periods excluded.

4. Eligibility will be determined within five school days of the end of each grading period.
5. An incomplete (I) grade is not a passing grade. For the purpose of eligibility, it will be counted as an "F" until cleared. When cleared, and a letter grade given, eligibility status will be re-determined.

C. Probationary Period

1. A pupil who does not achieve satisfactory educational progress in academic subjects in the previous grading period as defined in paragraph B2 may remain eligible to participate in extracurricular and co-curricular activities during a probationary period. An incoming pupil with a grade point average during the preceding grading period of less than 2.5 or "C+" automatically shall be placed on probation.
2. The probationary period is the next grading period. During the probationary period, the pupil will be monitored on a regular basis. During the first three (3) week of the probationary period a pupil may continue to participate in "practice only" status. At the end of this three (3) week period, the pupil may continue to be on probation and in "practice only" status or may continue to be in probation but be allowed to move into "practice and regular participation" status. However, at any time, if satisfactory educational progress is not being sought or achieved, the pupil may be declared ineligible to participate. A pupil who does not achieve satisfactory educational progress as defined by this Policy during the probationary period shall not be allowed to participate in extracurricular and co-curricular activities in the subsequent grading period.
3. A pupil who receives a "Needs Improvement" (N) in citizenship also will be placed on probation. During the probationary period, the pupil will be monitored, evaluated and treated in the same manner as in subparagraph 2 immediately above.
4. Pupils who are eligible for differential standards of proficiency pursuant to Board Policy are covered by this Policy, consistent with any allowances for disabilities.
5. Pupils who engage in serious misconduct, as determined by the Principal or Superintendent, may be immediately made ineligible to participate in extracurricular and co-curricular activities until determined otherwise by the Principal or Superintendent.

D. Appeal Process

1. A decision on eligibility by the Principal may be appealed in writing to the Superintendent.

E. Required Supervision

1. All extracurricular and co-curricular activities of the District shall be under the general supervision of District employees.

G. Opioid Factsheet

1. The District shall annually provide each pupil who participates in a District athletic program with the Opioid Factsheet for Patients published by the Centers for Disease Control and Prevention. The pupil and his/her parent or guardian shall sign a document acknowledging receipt of the Opioid Factsheet and shall return that document to the District before the pupil initiates practice or competition. This requirement shall not apply to a pupil engaging in an athletic activity during the school day or as part of a physical education course required pursuant to Education Code section 51220.

H. Protocol for Pupil Concussions Occurring During A School-Sponsored Athletic Activity and Concussion And Head Injury Information Sheet (Education Code section 49475)

1. A student athlete who is suspected of sustaining a concussion or head injury in an athletic activity shall be immediately removed from the athletic activity for the remainder of the day, and shall not be permitted to return to the athletic activity until he or she is evaluated by a licensed health care provider.
2. The student athlete shall not be permitted to return to the athletic activity until he or she receives written clearance to return to the athletic activity from a licensed health care provider. If the licensed health care provider determines that the athlete sustained a concussion or a head injury, the athlete shall also complete a graduated return-to-play protocol of no less than seven days in duration under the supervision of a licensed health care provider.
3. For purposes of Paragraph “H,” “licensed health care provider” means a licensed health care provider who is trained in the management of concussions and is acting within the scope of his or her practice.
4. The District shall annually provide each pupil who participates in a District athletic program with a Concussion and Head Injury Information Sheet. The pupil and his/her parent or guardian shall sign a document acknowledging receipt of the Concussion and Head Injury Information Sheet and shall return that document to the District before the pupil initiates practice or competition. Board Policy No. 5010: PUPIL RECORDS AND INFORMATION – CONFIDENTIALITY

- A. In collecting, maintaining and disseminating pupil record information, the school administration shall establish safeguards to protect the pupil and the pupil's family from an invasion of privacy. The Superintendent, or designee, and the Principal shall make recorded information accessible only to those legally entitled to review it.
- B. Where the requirements of the Federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g) conflict with similar rights under the California Education Code, the District shall comply with the more restrictive requirements.
- C. For the purposes of this Policy:

"Parent" means a natural parent, an adopted parent, or legal guardian. If parents are divorced or legally separated, only the parent having legal custody of the pupil may challenge the content of a record, offer a written response to a record, or consent to release records to others. Either parent may grant consent if both parents notify the District, in writing, that such an agreement has been made. Once a pupil reaches the age of eighteen (18) or is attending a post-secondary school, he/she alone shall exercise all of the rights under this Policy including the right to grant consent for the release of records. Access to pupil records and information shall not be denied to a parent because he/she is not the pupil's custodial parent.

"Pupil record" means any item of information, other than directory information, which is directly related to an identifiable pupil and maintained by the District or required to be maintained by a school employee. Such information may be recorded in handwriting, print, tapes, film, microfilm or by other means. The pupil record shall include the pupil's health record. "Pupil record" shall not include informal notes about a pupil which a school employee keeps for private use or for use by a substitute employee.

"Access" means a personal inspection and review of a record or an accurate copy of a record, or receipt of an accurate copy of a record, an oral description or communication of a record or an accurate copy of a record, and a request to release a copy of any record.

- D. As required by law, parents of currently enrolled or former pupils shall be permitted to inspect and review pupil records.
- E. The Superintendent or Superintendent's designee and the Principal shall act as custodians of records for pupils enrolled in the District.
- F. Access to Pupil Records

1. Although pupil records are confidential, access to the records may be granted in compliance with state and federal laws. Certificated personnel will be provided to interpret records where appropriate. All persons requesting access to pupil records shall be required to provide identification demonstrating the right to access.
2. Parents of currently enrolled or former pupils as defined in paragraph C herein have an absolute right of access to any and all pupil records related to their children which are maintained by the District.
3. Information concerning a pupil shall be furnished in compliance with a court order or a lawfully issued subpoena. The District shall make a reasonable effort to notify the parent or legal guardian and the pupil in advance of compliance with a lawfully issued subpoena and, in the case of compliance with a court order, if lawfully and reasonably possible within the requirements of the order.
4. Information specific to a particular pupil's identity and location that relates to the transfer of that pupil's records to another school district within this state or any other state, or to a private school in this state shall be provided by the District to law enforcement upon request when a proper police purpose exists under Section 49076.5 of the Education Code.
5. Third parties identified in Education Code section 49076 are entitled to access and to copies of pupil records without written parental consent.
6. For each pupil's record, the Superintendent, Superintendent's designee or Principal shall require that a log be kept identifying all persons or agencies who request or receive information from the record, together with the time and reason why access was granted or denied and a notation if copies are made. The log may be inspected by a parent, the school custodian of records, and certain state/federal officials as specified in Education Code section 49064.

The log need not include:

- Parents or adult pupils (age 18 or older).
- Pupils sixteen (16) years of age or older who have completed the tenth grade.
- Parties obtaining only directory information, in accordance with District policy.
- Parties who provide written parental consent. In such case, the consent notice shall be filed with the record. Written consent shall not apply to school lunch applications and related information which shall be retained by the District in the manner most useful to the administration of the school lunch program.

- School officials or employees who have legitimate educational interests.
7. The log shall be open to inspection only by a designated custodian of records, parent, and to the Comptroller General of the United States, the Secretary of Health, Education and Welfare, and administrative head of an education agency as defined by federal law and state educational authorities as a means of auditing the operation of the system.
- G. Requests by parents for access to pupil records shall be granted no later than five working days after the request.
- H. All pupil records forwarded from the District that require prior written consent for release shall include a statement indicating that the information is released solely to the individual or agency specified on the consent form and no other individual agency may be provided access or copies of the record(s) without the written consent of the parent.
- I. Notification.

The District shall notify parents or guardians in writing upon the date of initial enrollment and annually thereafter in the pupil's home language insofar as practicable of the following:

1. That they may inspect and review pupil records during regular school hours no later than five (5) days following the date of the request;
2. The availability of qualified certificated personnel to interpret records where required;
3. That such access may be requested of the Principal;
4. That parents and guardians are entitled to copies of all pupil records;
5. What types of records are kept and where they are located;
6. What fees if any are charged for copies and under what circumstances the District may determine that it may legitimately deny requests for such copies;
7. Related information which must be available for inspection;
8. That Pupil records shall not be released without the prior written consent of a parent or guardian with certain exceptions required by law and contained in Education Code sections 49076, 49076.5 and 49077; and
9. The types of directory information that the District will release without objection pursuant to Board Policy 1002 (Release of Pupil Directory Information).

J. Challenging the Contents of Pupil Records

1. Following inspection and review, a parent, guardian or eligible student may challenge the content of any pupil record. The right to challenge becomes the sole right of the pupil when the pupil becomes eighteen (18) or is attending a post-secondary institution.
2. The parent may file with the Superintendent a written request to correct or remove any information recorded in the written records concerning his/her child which the parent alleges to be any of the following:
 - Inaccurate.
 - An unsubstantiated personal conclusion or inference.
 - A conclusion or inference outside of the observer's area of competence.
 - Not based on the personal observation of a named person with the time and place of observation noted.
 - Misleading.
 - In violation of the privacy or other rights of the pupil.
3. Within thirty (30) days of receipt of the request, the Superintendent or designee shall meet with the parent, guardian or eligible student and with the certificated employee (if still employed) who recorded the information in question. The Superintendent shall then sustain or deny the allegation(s). If the allegations are sustained, the Superintendent shall order the correction, or the removal and destruction of the information.
4. If the Superintendent denies any or all of the allegations and refuses to order the correction or removal of the information, the parent, guardian or adult student may within thirty (30) days appeal the decision to the Board. The appeal shall be in writing. Within thirty (30) days of the receipt of the appeal, the Board shall meet in closed session with the parent and the certificated employee (if still employed) who recorded the information in question. The Board shall then decide whether or not to sustain or deny the allegations. If it sustains them, the Superintendent shall immediately correct or remove and destroy the information from the pupil's records. If the information in dispute appears on microfilm, it shall be expunged. If appropriate, reference to that record shall be removed from the locator card and the record physically scraped from the microfilm surface.
5. If the final decision of the Board is unfavorable to the parent, or if the parent accepts an unfavorable decision by the Superintendent, the parent shall have the

right to submit a written statement of objections. This statement shall become a part of the pupil's record until such time as the information in question is corrected or removed.

6. Before any pupil grade is changed either by the Superintendent or at the decision of the Board, the teacher who gave that grade shall be given the opportunity to state orally, in writing, or both, why the grade was given. Insofar as practicable, the teacher shall be included in all discussions related to a grade change.
 7. Both the Superintendent and the Board have the option of appointing a hearing panel in accordance with Education Code section 49071 to assist in the decision making. The hearing panel may be used at the discretion of the Superintendent or the Board provided that the parent consents to releasing relevant pupil records to panel members.
 8. The decision of the Board shall be final. Records of these administrative proceedings shall be maintained in a confidential manner and shall be destroyed one year after the decision of the Board, unless the parents initiate legal proceedings.
- K. Whenever there is included in any pupil record information concerning any disciplinary action taken by District personnel in connection with the pupil, the parent may include in such pupil record a written statement or response concerning the disciplinary action.
- L. The Superintendent or designee is authorized to transfer the accurate, updated academic record of any transferring pupil in a timely manner in accordance with Education Code section 49068. Timely manner means “no later than ten (10) school days following the date the request is received from the public school or the private school where the pupil intends to enroll.”
- M. Gathering And Retaining Pupil And Family Information
- a. The purpose of this Section “M” is to comply with the requirements set forth in Education Code section 234.7.
 - b. The District shall avoid disclosure of information that might indicate a pupil’s or family’s citizenship or immigration status if the disclosure is not authorized by the Family Educational Rights and Privacy Act (FERPA).
 - c. The District shall not specifically inquire about a pupil or his/her parent/guardian’s citizenship or immigration status, nor request complete social security numbers. The District shall not create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin, except as required by state or federal law or as required to administer a state or federally supported educational program.
 - d. If the District acquires information related to a pupil’s immigration status, citizenship

status, or national origin, or if the parent/guardian chooses not to provide information, neither the information nor the parent/guardian's actions shall be used to deny the pupil from enrolling in or attending school.

- e. If citizenship or immigration status information is needed to satisfy eligibility for a special program or a federal benefit program, the District shall solicit that information separately from the enrollment process and, if necessary, may only request the last four digits of an adult household member's social security number. If the District collects the last four digits of an adult household member's social security number, the District will explain the limited purpose for which this information is collected. Failure to provide this information will not bar the pupil from enrolling in or attending school.
- f. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating national origin.

N. District Procedures To Respond To Immigration Authorities Access To District Property, A Pupil, Or Pupil Information

- a. The purpose of this Section "N" is to comply with the requirements set forth in Education Code section 234.7.
- b. District personnel shall take the following steps upon receiving a request by an immigration enforcement officer for either information related to a pupil's or family's immigration or citizenship status, or access to a pupil:
 - a. Immediately notify the Superintendent or designee about the request. The Superintendent or designee shall ask for the officer's credentials, ask why the agents are requesting access, and ask to see a warrant or a court order signed by a judge;
 - b. Provide the impacted pupils and families with reasonable notice and a description of the immigration officer's request;
 - c. Document any verbal or written request for information by immigration authorities; and
 - d. Unless prohibited, provide the pupil and his/her family with any documents issued by the immigration-enforcement officer.
- c. Absent a judicial warrant or other court order, federal immigration enforcement agents will not be permitted access to District property, pupils, or pupil records.
- d. District personnel shall require consent from the pupil's parent/guardian before a pupil can be interviewed or searched by an officer seeking to enforce civil immigration laws, unless the officer presents a valid, effective warrant signed by a judge, or presents a valid, effective court order or judicial subpoena.

- e. Absent exigent circumstances or a judicial warrant, District personnel are not required to give an immigration-enforcement officer permission or consent to enter a nonpublic area of the District, to voluntarily disclose directory information, or conduct a search of any kind.
- f. Except for investigations of child abuse, child neglect, or child dependency, or when a subpoena served on the District prohibits disclosure, or when disclosure is prohibited by state or federal law, the District shall provide the parent/guardian notification of any court orders, warrants, or subpoenas before responding to such requests.
- g. The Superintendent shall report to the Governing Board in a timely manner any requests for information or access to the school by an officer or employee of a law enforcement agency for the purpose of enforcing the immigration laws in a manner that ensures the confidentiality and privacy of any potentially identifying information.

O. Name and Gender Changes to Records of Former Pupils

- a. If the District receives government-issued documentation demonstrating that a former pupil's legal name or gender has been changed, the District shall update the former pupil's records to include the updated legal name or gender. Acceptable government issued documentation includes, but is not limited to, the following:
 - A state-issued driver's license;
 - Birth certificate;
 - Passport;
 - Social security card; or
 - Court order indicating a name change or a gender change, or both.
- b. If the District receives any of the above documents, the District shall reissue any documents conferred upon the former pupil with the former pupil's updated legal name or gender. Documents that may be reissued include, but are not limited to, transcripts or other similar documents conferred upon the former pupil.
- c. This Policy does not require the District to modify records that the former pupil has not requested for modification or reissuance.
- d. If a former pupil requests that the former pupil's name or gender be changed and the requested records are reissued, the District shall add a new document in the former pupil's file that includes all of the following:
 1. The date of the request.
 2. The date the requested records were reissued to the former pupil.
 3. A list of the records that were requested by, and reissued to, the former pupil.
 4. The type of documentation provided by the former pupil in order to demonstrate the legal name or gender change.

6. The name of the employee that completed the request.
7. The current and former name or gender of the former pupil.

The District shall indefinitely retain this document as a confidential record.

- e. Former pupils who are unable to provide government-issued documentation demonstrating legal name or gender change may request a name or gender change, or both, to the former pupil's records through the challenge to pupil records process described in Paragraph J of this Policy.

- Referral to a certificated employee designated by the Principal to advise pupils.
- Removal from the class, but without reassignment to another class or program, for the remainder of the class period without sending the pupil to the Principal or the Principal's designee. Removal from a particular class shall not occur more than once every five school days.

B. Suspension By A Teacher

1. A teacher may suspend any pupil from the teacher's class, for any of the acts enumerated in Education Code section 48900 (which are restated in provision C of this Policy), for the day of the suspension and the day following. The teacher shall immediately report the suspension to the Principal in writing and send the pupil to the Principal or the Principal's designee for appropriate action. The teacher shall provide the Principal with a written statement of reasons for the suspension. If the suspension requires the continued presence of the pupil at the school site, the pupil shall be under appropriate supervision. As soon as possible, the teacher shall ask the parent or guardian of the pupil to attend a parent-teacher conference regarding the suspension. The Principal or designee shall attend the conference if the teacher or the parent or guardian so requests. The pupil shall not be returned to the class from which he or she was suspended, during the period of the suspension, without the concurrence of the teacher of the class and the Principal. The teacher may require the pupil to complete any assignments and tests missed during the suspension.
2. A pupil suspended from a class shall not be placed in another regular class during the period of suspension. However, if the pupil is assigned to more than one class per day, this provision shall apply only to other regular classes scheduled at the same time as the class from which the pupil was suspended.
3. A teacher may also refer a pupil, for any of the acts enumerated in provision C of this Policy, to the Principal or designee for consideration of a suspension from the school.

C. Grounds For Suspension Or Expulsion

This provision restates the grounds in Education Code sections 48900, 48900.2, 48900.3, and 48900.7. This provision shall not be interpreted to be inconsistent with that statute.

A pupil shall not be suspended from school or recommended for expulsion unless the Superintendent or the Principal determines that the pupil has:

1. Caused, attempted to cause, or threatened to cause physical injury to another person or willfully used force or violence upon the person of another except in self defense.
2. Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object unless, in the case of possession of any such object of this type,

the pupil had obtained written permission to possess the item from a certificated school employee, which is concurred in by the Principal or the designee of the Principal.

3. Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, any controlled substance (listed in Health And Safety Code sections 11053, *et seq.*), an alcoholic beverage, or an intoxicant of any kind.
4. Unlawfully offered, arranged, or negotiated to sell any controlled substance (listed in Health And Safety Code section 11053, *et seq.*), an alcoholic beverage, or an intoxicant of any kind, and then either sold, delivered, or otherwise furnished to any person another liquid, substance, or material and represented the liquid, substance, or material as a controlled substance, alcoholic beverage, or intoxicant.

However, this provision does not prohibit use or possession by a pupil of his or her own prescription products.
9. Committed an obscene act or engaged in habitual profanity or vulgarity.
10. Unlawfully possessed, or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia (defined in Health and Safety Code section 11014.5).
11. Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties. Except as provided in provision (B), above, a pupil enrolled in kindergarten or any grades 1 to 3, inclusive, shall not be suspended for any of the acts enumerated in this subdivision, and this subdivision shall not constitute grounds for a pupil enrolled in kindergarten or any of grades 1 to 8, inclusive, to be recommended for expulsion.
 - a. Except as provided in Paragraph (B), commencing July 1, 2020, a pupil enrolled in kindergarten or any of grades 1 to 5, inclusive, shall not be suspended for any of the acts enumerated in subdivision 11, and those acts shall not constitute grounds for a pupil enrolled in kindergarten or any of grades 1 to 8, inclusive, to be recommended for expulsion.

- b. Except as provided in Paragraph (B), commencing July 1, 2020, a pupil enrolled in any of grades 6 to 8, inclusive, shall not be suspended for any of the acts specified in subdivision 11. This paragraph shall be inoperative on July 1, 2025.
- 12. Knowingly received stolen school property or private property.
- 13. Possessed an imitation firearm. An "imitation firearm" means a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

- 17. Intentionally engaged in harassment, threats, or intimidation directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment except that this provision does not apply to pupils enrolled in Kindergarten and grades 1 to 3, inclusive.
- 18. Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding for the purpose of either preventing that pupil from being a witness or retaliating against that pupil for being a witness, or both.

The term "terrorist threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own personal safety or

for his or her own immediate family's safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.

20. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug SOMA.
21. Engaged in, or attempted to engage in, hazing. For purposes of this subparagraph, "hazing" means a method of initiation or preinitiation in to a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For the purposes of this subparagraph, "hazing" does not include athletic events or school- sanctioned events.
22. A pupil who aids or abets as defined in Penal Code section 31, the infliction or attempted infliction of physical injury to another person may suffer suspension, but not expulsion except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to paragraph 1 above.
23. Engaged in an act of "bullying." "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of electronic act, and including one or more acts committed by a pupil or group of pupils constituting prohibited sexual harassment, prohibited hate violence, and prohibited harassment, threats or intimidation, directed toward one or more pupils that has or can be reasonably predicted to have the effect of one or more of the following:
 - a. Placing a reasonable pupil or pupils in fear of harm to that pupil's or pupils' person or property.
 - b. Causing a reasonable pupil to experience a substantially detrimental effect on his or her physical or mental health.
 - c. Causing a reasonable pupil to experience substantial interference with his or her academic performance.
 - d. Causing a reasonable pupil to experience substantial interference with his or her ability to participate in or benefit from the services, activities or privileges provided by a school.

"Electronic act" for purposes of this Board Policy means the creation or transmission originated on or off campus, by means of an electronic device, including but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to the following:

- (i) A message, text, sound, video, or image.
- (ii) A post on a social network Internet Web Site, including, but not limited to, any of the following:
 - (I) Posting or creating a burn page. “Burn page” means an Internet Web site created for the purpose of having one or more of the effects listed in Section C, Paragraph 23.
 - (II) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in Section C, Paragraph 23. “Credible impersonation” means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
 - (III) Creating a false profile for the purpose of having one or more of the effects listed in Section C, Paragraph 23. “False profile” means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.
- (iii) An act of cyber sexual bullying.
 - (I) For purposes of this clause, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in Section C, Paragraph 23, subparagraphs (A) to (D). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
 - (II) For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

“Reasonable pupil” for purposes of this Board Policy means a pupil, including, but not limited to, an exceptional needs pupil, who exercises average care, skill,

and judgment in conduct for a person of his or her age, or for a person of his or her age with this or her exceptional needs.

D. Limitations On Suspension Or Expulsion

A pupil may not be suspended or expelled for any act unless that act is related to school activity or school attendance. A pupil may be suspended or expelled for any act in provision C related to school activity or attendance which occurs at any time, including, but not limited to, any of the following:

1. While on school grounds.
2. While going to or coming from school.
3. During the lunch period whether on or off the campus.
4. During, or while going or coming from, a school sponsored activity.

Alternatives to suspensions or expulsions should be imposed against any pupil who is truant, tardy, or otherwise absent from school activities.

E. Limitations On Suspension And Mandatory Suspensions

1. A suspension shall be imposed only when other means of correction fail to bring about proper conduct. However, a pupil, including an individual with exceptional needs, may be suspended for any of the reasons enumerated in provision C upon a first offense, if the Principal or Superintendent determines that the pupil violated provision C 1, 2, 3, 4, or 5, or that the pupil's presence causes a danger to persons or property or threatens to disrupt the instructional process. Suspension, including supervised suspension, shall be imposed in accordance with Education Code section 48900.5 amended in 2012 in most cases only when other means of correction fail to bring about proper conduct. The Superintendent or Principal may document such other means of correction used and place that documentation in the pupil's record. Other means of correction include, but are not limited to, a conference with the pupil's parent or legal guardian, referral to a counselor, and any of the alternatives listed in Education Code section 48900.5(b). Suspension including supervised suspension, shall be imposed in accordance with Education Code section 48900.5 amended in 2012 in most cases only when other means of correction fail to bring about proper conduct. The Superintendent or Principal may document such other means of correction used and place that documentation in the pupil's record. Other means of correction include, but are not limited to, a conference with the pupil's parent or legal guardian, referral to a counselor, and any of the alternatives listed in Education Code section 48900.5(b).
2. Pursuant to Education Code section 48915(c), the Principal or Superintendent shall immediately suspend and shall recommend expulsion of a pupil who has

committed any of the following acts at school or at a school activity off school grounds.

- Possession, selling, or otherwise furnishing a firearm verified by a District employee.
 - Brandishing a knife at another person.
 - Unlawfully selling a controlled substance listed in Health and Safety Code section 11053 *et seq.*
 - Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Section 48900(n) of the Education Code and paragraph 14 above.
 - Possession of an explosive.
3. Except as provided in Education Code section 48911(g) or provision F, and in Education Code section 48912 or provision G, the total number of days for which a pupil may be suspended from school shall not exceed 20 school days in any school year, unless for purposes of adjustment, a pupil enrolls in or is transferred to an opportunity school or class, or a continuation education school or class, in which case the total number of school days for which the pupil may be suspended shall not exceed 30 days in any school year.
 4. The pupil's teacher(s) may require the pupil to complete any assignments and tests missed during the suspension.

F. Suspension By Principal Or Superintendent

1. The Principal, the Principal's designee, or the Superintendent may suspend a pupil from school for any of the reasons enumerated in provision C for no more than five consecutive school days.
2. Suspension by the Principal, the Principal's designee, or the Superintendent shall be preceded by an informal conference conducted by the Principal or the Principal's designee or the Superintendent between the pupil and, whenever practicable, the teacher or supervisor or school employee who referred the pupil to the Principal or the Principal's designee or the Superintendent. At the conference, the pupil shall be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension, and the evidence against him or her, and shall be given the opportunity to present his or her version and evidence in his or her defense.
3. The Principal or the Principal's designee or the Superintendent may suspend a pupil without affording the pupil an opportunity for a conference only if the Principal or the Principal's designee or the Superintendent determines that an emergency situation exists. "Emergency situation" means a situation determined by the Principal, the Principal's designee, or the Superintendent to constitute a clear and present danger to the lives, safety, or health of pupils or school

personnel. If a pupil is suspended without a conference prior to suspension, both the parent and the pupil shall be notified of the pupil's right to a conference, and the pupil's right to return to school for the purpose of a conference. The conference shall be held within two schooldays, unless the pupil waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. The conference shall then be held as soon as the pupil is physically able to return to school for the conference.

4. At the time of suspension, a school employee shall make a reasonable effort to contact the pupil's parent or guardian in person or by telephone. Whenever a pupil is suspended from school, the parent or guardian shall be notified in writing of the suspension.
5. The Principal shall report the suspension of the pupil, including the cause therefore, to the Superintendent. All suspensions during a school year shall be reported to the Board two times during the school year.
6. The parent or guardian of any pupil shall respond without delay to any request from school officials to attend a conference regarding his or her child's behavior.

No penalties may be imposed on a pupil for failure of the pupil's parents or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at such conference.

7. In a case where expulsion from school or suspension for the balance of the semester from continuation school is being processed by the Board, the Superintendent or other person designated by the Superintendent in writing may extend the suspension until such time as the Board has rendered a decision in the action. However, an extension may be granted only if the Superintendent or the Superintendent's designee has determined that, following a meeting in which the pupil and the pupil's parent or guardian are invited to participate, that the presence of the pupil at the school would cause a danger to persons or property or a threat of disrupting the instructional process. If the pupil or the pupil's parent or guardian has requested a meeting to challenge the original suspension, the purpose of the meeting shall be to decide upon the extension of the suspension order and may be held in conjunction with the initial meeting on the merits of the suspension. If the pupil is a foster child, as defined in Education Code section 48853.5(a), the attorney for the pupil and an appropriate representative of the county child welfare organization shall be invited to participate in the meeting by the Superintendent or the Superintendent's designee.
8. If suspension is ordered by the Principal, a Principal's designee or the Superintendent, the pupil or the pupil's parent or guardian shall have the right to request a meeting with the Superintendent or the Superintendent's designee to discuss the causes, the duration, the school policy involved, and other matters

pertinent to the suspension. The meeting shall be held within a reasonable time after receipt of the request.

9. A pupil suspended from school for any of the reasons in Education Code sections 48900 and 48900.2, which include the reasons in provisions C 1 through 15 and 20, may be assigned by the Principal to a supervised suspension classroom for the entire period of suspension pursuant to Education Code section 48911.1 if the pupil poses no imminent danger or threat to the campus, pupils, or staff, or if an action to expel has not been initiated.

G. Suspension By The Board

The Board may suspend a pupil from school for any of the acts in provision C within the limitations provided in provision E.

The Board shall, unless a request has been made to the contrary, hold closed sessions if the Board is considering the suspension of, disciplinary action against, or any other action against, except expulsion, any pupil, if a public hearing upon that question would lead to the giving out of information concerning a school pupil which would be in violation of current law.

Before calling a closed session to consider these matters, the Board shall, in writing, by registered or certified mail or by personal service, notify the pupil and the pupil's parent or guardian, or the pupil if the pupil is an adult, of the intent of the Board to call and hold a closed session. Unless the pupil or the pupil's parent or guardian shall, in writing, within 48 hours after receipt of the written notice of the Board's intention, request that the hearing be held as a public meeting, the hearing to consider these matters shall be conducted by the Board in closed session. In the event that a written request is served upon the secretary of the Board, the meeting shall be public, except that any discussion at that meeting which may be in conflict with the right to privacy of any pupil other than the pupil requesting the public meeting, shall be in closed session.

H. Procedures For Expulsion By The Board

Only the Board may expel a pupil. The following procedures shall apply to any expulsion:

1. The pupil shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within 30 school days after the date the Principal or the Superintendent determines that the pupil has committed any of the acts enumerated in provision C, unless the pupil requests, in writing, that the hearing be postponed. The pupil shall be entitled to at least one postponement for a period of not more than 30 calendar days of an expulsion hearing. Thereafter, any additional postponement may be granted at the discretion of the Board.

In the event that compliance by the Board with the time requirements for the conducting of an expulsion hearing is impracticable, the Superintendent or the

Superintendent's designee may, for good cause, extend the time period for the holding of the expulsion hearing for an additional five schooldays. Reasons for the extension of the time for the hearing shall be included as a part of the record at the time the expulsion hearing is conducted. Upon the commencement of the hearing, all matters shall be pursued and conducted with reasonable diligence and shall be concluded without any unnecessary delay.

2. Written notice of the hearing shall be forwarded to the pupil at least 10 calendar days before the date of the hearing. The notice shall include: the date and place of the hearing; a statement of the specific facts and charges upon which the proposed expulsion is based; a copy of the disciplinary rules of the District which relate to the alleged violation; a statement of the parent, guardian or pupil's obligation to inform the District and any school district in which subsequently enrolled if the pupil was expelled from his or her previous school district for any of the offenses listed in provisions (a) or (c) of Section 48915 or assault or battery as defined in Section 242 of the Penal Code on a school employee; and the opportunity for the pupil or the pupil's parent or guardian to appear in person or to employ and be represented by counsel or a non-attorney adviser, to inspect and obtain copies of all documents to be used at the hearing, to confront and question all witnesses who testify at the hearing, to question all other evidence presented, and to present oral and documentary evidence on the pupil's behalf, including witnesses. All documents will be available to the pupil and/or parents two days before the hearing. If the pupil is a foster child, as defined in Education Code section 48853.5(a), the attorney for the pupil and an appropriate representative of the county child welfare organization shall be provided a notice of the expulsion hearing in accordance with Education Code section 48918.1.
3. The Board shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public, unless the pupil requests, in writing, at least five days before the date of the hearing, that the hearing be conducted at a public meeting. Regardless of whether the expulsion hearing is conducted in a closed or public session, the Board may meet in closed session for the purpose of deliberating and determining if the pupil should be expelled.

If the Board or the hearing officer or administrative panel appointed under provision 4 below to conduct the hearing admits any other person to a closed deliberation session, the parent or guardian of the pupil, the pupil, and the counsel or non-attorney adviser of the pupil shall also be allowed to attend the closed deliberations.

4. In lieu of conducting an expulsion hearing itself, the Board may contract with the county hearing officer, or with the Office of Administrative Hearings for a hearing officer to conduct the hearing. The Board may also appoint an impartial administrative panel of three or more certificated persons, none of whom shall be members of the Board or employed on the staff of the school in which the pupil is

enrolled. The hearing shall be conducted in accordance with all of the procedures established under this provision.

5. Within three school days following the hearing, the hearing officer or administrative panel shall determine whether to recommend the expulsion of the pupil to the Board. If the hearing officer or administrative panel decides not to recommend expulsion, the expulsion proceedings shall be terminated and the pupil immediately shall be reinstated and permitted to return to the classroom instructional program from which the expulsion referral was made, unless the parent, guardian, or responsible adult of the pupil requests another school placement in writing. Before the placement decision is made by the parent, guardian, or responsible adult, the Superintendent or the Superintendent's designee shall consult with school district personnel, including the pupil's teachers, and the parent, guardian, or responsible adult regarding any other school placement options for the pupil in addition to the option to return to his or her classroom instructional program from which the expulsion referral was made. If the hearing officer or administrative panel finds that the pupil committed any of the acts specified in subdivision (c) of Section 48915, but does not recommend expulsion, the pupil shall be immediately reinstated and may be referred to his or her prior school or another comprehensive school, or, pursuant to the procedures set forth in Section 48432.5, a continuation school of the school district. The decision not to recommend expulsion shall be final.
6. If the hearing officer or administrative panel recommends expulsion, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence adduced at the hearing. If the Board accepts the recommendation calling for expulsion, acceptance shall be based either upon a review of the findings of fact and recommendations submitted by the hearing officer or panel or upon the results of any supplementary hearing conducted pursuant to this section that the Board may order.
7. The decision of the Board to expel a pupil shall be based upon substantial evidence relevant to the charges adduced at the expulsion hearing or hearings. Except as provided in this provision, no evidence to expel shall be based solely upon hearsay evidence. The Board or the hearing officer or administrative panel may, upon a finding that good cause exists, determine that the disclosure of the identity of a witness and the testimony of that witness at the hearing would subject the witness to an unreasonable risk of harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Board or the hearing officer or administrative panel. Copies of these sworn declarations which are edited in such a manner as to delete the name and identity of the witness, shall be made available to the pupil.

8. A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.
9. Technical rules of evidence shall not apply to the hearing, but relevant evidence may be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the Board to expel shall be supported by substantial evidence showing that the pupil committed any of the acts enumerated in provision C.
10. Whether an expulsion hearing is conducted by the Board or before a hearing officer or administrative panel, final action to expel a pupil shall be taken only by the Board in a public session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation shall be sent to the pupil or the pupil's parent or guardian and shall be accompanied by notice of the right to appeal the expulsion to the County Board. The written notice also shall inform the pupil's parent or guardian of the obligation under law to inform any new school district of the pupil's expulsion.

A decision of the Board whether to expel a pupil shall be made within 10 school days following the conclusion of the hearing, unless the pupil requests in writing that the decision be postponed. If the hearing is held by a hearing officer or an administrative panel, or if the Board does not meet on a weekly basis, the Board shall make its decision about a pupil's expulsion within 40 schooldays after the date of the pupil's removal from his or her school of attendance for the incident for which the recommendation for expulsion is made by the Principal or the Superintendent, unless the pupil requests in writing that the decision be postponed.

11. The Board shall maintain a record of each expulsion, including the cause for the expulsion. Records of expulsions shall be non-privileged, disclosable public records.
12. The expulsion order and the causes for the expulsion shall be recorded in the pupil's mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon receipt of a request from the admitting school for the pupil's school records.
13. Effective July 1, 1996, if there is an appropriation of state funds, the Board before the hearing is commenced or an administrative panel after the hearing is commenced may issue personal subpoenas for the personal appearance of percipient witnesses pursuant to Education Code section 48918(i)(1) through (4).
14. SUBPOENAS

The Board before the hearing is commenced or an administrative panel after the hearing is commenced may issue subpoenas for the personal appearance of percipient witnesses pursuant to Education Code section 48918(i)(1) through (4). The Superintendent is hereby delegated the authority to issue subpoenas in these matters on behalf of the Board consistent with current law and this Board Policy since the Board only regularly meets once per month. Subpoenas shall be issued by the Superintendent for the personal attendance of percipient witnesses only if all of the following conditions are met: (1) The request for the subpoena is completed and submitted to the Superintendent at least six (6) calendar days prior to the date of the hearing; (2) The request is signed and dated by the requesting party; (3) The percipient witness can be subpoenaed and is available to testify; (4) The requesting party has provided a complete summary of the suspected or proposed testimony of the witness in sufficient detail so that a reasonable determination can be made as to whether the individual is a percipient witness; (5) The request sufficiently identifies the address(es) and telephone number(s) of the witness to facilitate service of the subpoena; (6) The request identifies efforts to contact the witness and to inform the witness about the possible need for a subpoena; (7) The request must be accompanied by payment for witness fees (\$35.00 per day) and mileage reimbursement unless there is an affidavit under penalty of perjury for inability to pay.

The Superintendent may issue subpoenas and not reveal the identity of the witness consistent with protecting a witness pursuant to Education Code section 48918(f). If the Superintendent determines not to issue a subpoena, the Superintendent shall give the reason(s) therefore in writing prior to the expulsion hearing. The party whose request was denied, if he/she wishes to appeal the denial, must make the request again at the start of the expulsion hearing and provide the reason(s) why the subpoena should have issued. At the hearing the Board or any Administrative Panel shall make a determination on the request and make a final decision consistent with this policy.

15. Special Rules for Sexual Assault and Sexual Battery Cases

1. In a hearing in which a pupil is alleged to have committed or attempted to commit a sexual assault as specified in subdivision (n) of Section 48900 or to have committed a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall be given five days' notice prior to being called to testify, and shall be entitled to have up to two adult support persons, including, but not limited to, a parent, guardian, or legal counsel, present during his or her testimony. Before a complaining witness testifying, support persons shall be admonished that the hearing is confidential. This subdivision shall not preclude the person presiding over an expulsion hearing from removing a support person whom the presiding person finds is disrupting the hearing. If one or both of the support persons is also a witness, the provisions of Section 868.5 of the Penal Code shall be followed for the hearing.

2. If the hearing is to be conducted at a public meeting, and there is a charge of committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or to commit a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
3. In hearings that include an allegation of committing or attempting to commit a sexual assault as specified in subdivision (n) of Section 48900 or to commit a sexual battery as defined in subdivision (n) of Section 48900, evidence of specific instances, of a complaining witness' prior sexual conduct is to be presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence to be heard. Before the person conducting the hearing makes the determination on whether extraordinary circumstances exist requiring that specific instances of a complaining witness' prior sexual conduct be heard, the complaining witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

I. Denial Of Enrollment By The Board To An Individual Who Has Been Expelled From Another School District

RANCHO SANTA FE SCHOOL DISTRICT

Board Policy No. 5013: SUSPENSION AND EXPULSION OF PUPILS WITH EXCEPTIONAL NEEDS

A. Introduction

1. The Board recognizes that it may be necessary to suspend, expel or otherwise remove from school for disciplinary reasons a student identified as an individual with disabilities pursuant to the Individuals with Disabilities Education Act (IDEA).
2. It is the intent of the Board that its policies and regulations be consistent with current law. Any part of this Policy that is inconsistent with current law shall be void.
3. As used in this Policy:
 - a. "Suspension" has the same meaning as defined by Board Policy 5012.
 - b. "Interim Alternative Educational Setting" means a temporary educational placement that enables the student to continue to progress in the general curriculum, although in another setting, and to continue to receive services and modifications described in the student's current individualized education program (IEP) so as to enable the student to meet the goals in such IEP.

B. Short Term Suspensions

The Principal, the Principal's designee, or the Superintendent may suspend a student with a disability from school for any reason(s) enumerated in Board Policy 5012 for no more than five consecutive school days.

C. Change in Placement

A change in placement occurs when a student with a disability is either suspended, expelled or otherwise removed from the student's current educational placement for disciplinary reasons as follows:

1. For more than 10 consecutive school days; or
2. For a series of suspensions or removals that constitute a pattern because they accumulate to more than 10 school days in a school year or because of such factors as the length of each suspension or removal, the total amount of time the student is removed and the proximity of the suspensions or removals to one another.

D. Manifestation Determination/Procedural Safeguards

1. If disciplinary action involving a change in placement is contemplated, school personnel must, not later than the date on which the decision to take the disciplinary action is made, notify the student's parent/guardian of the decision and of all procedural safeguards.
2. Within 10 school days of any decision to change the placement of a student with a disability for disciplinary reasons, the IEP team, the parent/guardian and other qualified District personnel must review all relevant information in the student's file, including the student's IEP, teacher observations, and any relevant information provided by the parent/guardian (the DEP team may also request a new or more current evaluations) to determine:
 - a. If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or
 - b. If the conduct in question was the direct result of the District's failure to implement the student's IEP.

If it is determined that either of these conditions are met, the conduct in question must be determined to be a manifestation of the student's disability.

3. If it is determined that the conduct in question was a manifestation of the student's disability, the IEP team must:
 - a. Conduct a functional behavioral assessment (unless one was previously conducted) and develop and implement a behavioral intervention plan or, if a behavior intervention plan has already been developed, review the plan and modify it as necessary to address the behavior; and
 - b. Except as provided by Section E of this Policy, return the student to the placement from which the student was removed unless the parent/guardian and the District agree to a change of placement.
4. If the IEP team concludes that the misconduct was not a manifestation of the student's disability, the student may be suspended and/or expelled under the District's procedures for other students contained in Board Policy 5012. The parent/guardian shall be informed of all procedural and due process rights.

E. Interim Alternative Placement Up to 45 School Days Due to Dangerous Behavior

1. The District may place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard as to whether the behavior is a manifestation of the student's disability, when the

student commits one of the following acts while at school, going to or from school, during the lunch period whether on or off campus, while at a school related function, or going to or from a school related function:

- a. Carries a weapon;
- b. Knowingly possesses or uses illegal drugs;
- c. Sells or solicits the sale of a controlled substance as defined by 21 USC 812(c) Schedules I-V;
- d. Inflicts serious bodily injury upon another person.

The IEP team shall determine the student's interim alternative educational setting.

2. In addition, if school personnel believe that a student with a disability is dangerous to him or herself or others, the District may request a hearing officer in an expedited due process hearing to remove a student to an interim alternative educational setting for up to 45 days. The hearing officer will determine if the interim alternative placement proposed by the District is appropriate. If necessary, the District can request subsequent extensions for up to 45 days at a time.

F. Expulsion

1. Expulsion is considered a change of placement for a student with a disability. The District may expel a student with a disability pursuant to the procedures described in Board Policy 5012 if:
 - a. The student has engaged in conduct which would warrant expulsion if the student were not disabled; and
 - b. The IEP team determines that the student's conduct is not a manifestation of the student's disability;
2. The statutory times and those in Board Policy 5012 prescribed for expulsion proceedings shall commence after the completion of the manifestation determination, the IEP team meeting and all due process hearings and appeals available under federal law.

G. Services During Suspensions and Expulsions

Students with disabilities that are suspended, expelled or otherwise removed from the current educational placement for more than 10 school days in a school year shall continue to receive services during the term of the disciplinary removal to the extent necessary to provide the student a free and appropriate public education. The alternative educational program will provide services necessary to enable the student to

appropriately progress in the general curriculum and appropriately advance toward achieving the goals in the student's IEP.

H. Due Process Appeals

1. If the parent/guardian disagrees with a decision that the student's behavior in question was not a manifestation of the student's disability or with any decision regarding placement, he/she has a right to appeal the decision.
2. If the student's parent/guardian initiates a due process hearing to challenge the interim alternative educational setting or the manifestation determination, the student shall remain in the interim alternative setting pending the decision of the hearing officer or the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise.

I. Reporting of Crimes to Law Enforcement Authorities

The District will report crimes committed by students with disabilities to appropriate law enforcement authorities to the same extent as it is required to do for crimes committed by non-disabled students.

J. Procedures for Students Not Yet Eligible for Special Education Services

1. A student who has not been identified as an individual with disabilities pursuant to the IDEA, and who is subject to suspension and/or expulsion as set forth in Board Policy 5012, may assert the procedural safeguards granted herein only if the District had knowledge that the student was disabled before the behavior occurred.
2. The District shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:
 - a. The parent/guardian has expressed in writing that their child is in need of special education services; or
 - b. The parent/guardian has requested a special education evaluation; or
 - c. The student's teacher or other school staff have expressed concern about a pattern of behavior demonstrated by the student to the director of special education or other District supervisory personnel in accordance with the District's established child find or special education referral system.
3. The District is not deemed to have knowledge that a student has a disability if either the District conducted an evaluation and determined that the student was not disabled, the parent/guardian has not allowed an evaluation, or the parent/guardian has refused services offered by the District.

4. If an evaluation is requested during the time period in which the student is subject to disciplinary measures, an expedited evaluation must be provided. The District will determine the student's educational placement, which can include suspension or expulsion, until the evaluation is completed.

- K. If the pupil with exceptional needs is a foster child, as defined in Education Code section 48853.5(a), and the District has proposed a change in placement due to an act for which a pupil may be expelled, the attorney for the individual with exceptional needs and an appropriate representative of the county child welfare organization shall be invited to participate in the individualized education program team meeting that makes a manifestation determination pursuant to applicable federal law. The invitation shall be in accordance with Education Code section 48915.5(d), and may be made using the most cost-effective method possible, which may include, but is not limited to, electronic mail or a telephone call.

Rewards in excess of \$1,000.00 must be authorized in advance by the Board. Any person who has willfully damaged or removed District property shall be liable for the amount of any reward paid pursuant to this section and if such person is a minor, the parent or guardian shall also be liable for the amount. The reward shall be paid to the first person who provides sufficient information that leads to the identification and apprehension of the person or persons responsible for the damage or loss. If more than one informant is needed to identify the person(s) responsible, the reward shall be divided equally among the informants. The Superintendent will determine who is entitled to the reward and pay it after such identification and apprehension. The identity of the informant shall be considered confidential, and it will not be made public by the District unless required by law.
- E. On completion of the investigation, identification of the person causing damage to or loss of school property, and determination of the cost of repair or replacement, the Superintendent and the District's legal counsel will take appropriate steps and legal action to recover such damages. The Superintendent's designee shall make a written demand on the individual, or the parent/guardian, in the amount of the damage for any act of vandalism or loss committed by that individual. Otherwise the Superintendent will obtain a subrogation agreement from the carrier and proceed to recover the damages as above provided.
- F. The parent or guardian of a minor shall be liable for all damages caused by: (1) A minor's willful misconduct that results in injury or death to any pupil or any person employed by

or performing voluntary services for the District; and (2) A minor who willfully cuts, defaces or otherwise injures, in any way, the real or personal property of the District, or the personal property of any school employee. The liability of the parent or guardian shall not exceed \$10,000.00 adjusted annually by inflation as authorized by Education Code section 48904, or the maximum allowed by law, whichever is greater. The parent or guardian of a minor shall be liable to the District for the amount of any reward not exceeding \$10,000.00 adjusted annually by inflation as authorized by Education Code section 48904, or the amount allowed by law, whichever is greater.

- G. Any pupil, or the parent/guardian of any minor pupil, shall be held liable for all property belonging to the District or a District employee that has been damaged, destroyed, stolen or lent and not returned upon demand. After affording the pupil his/her due process rights, the District may withhold the grades, diploma, and transcripts of the pupil responsible for the vandalism or theft until the pupil or the pupil's parent/guardian has paid for the damages.
1. A pupil shall be entitled to a hearing to determine whether the grades, diploma, and/or transcripts may be withheld. Such a hearing should be held within thirty (30) school days of the date the demand is made for return of property belonging to the District or District employee or for payment of damaged, destroyed or stolen property of the District or District employee. The pupil shall be entitled to at least one postponement for a period of not more than thirty (30) calendar days. Thereafter, any additional postponement may be granted at the discretion of the Board.
 2. Written notice of the hearing shall be forwarded to the pupil at least 10 calendar days prior to the date of the hearing. The notice shall include: the date and place of the hearing; a statement of the specific facts and charges upon which the withholding of grades, diploma, and/or transcripts is based; a copy of the disciplinary rules of the District which relate to the alleged violation; and the opportunity for the pupil or the pupil's parent or guardian to appear in person or employ and be represented by counsel, to inspect and obtain copies of all documents to be used at the hearing, to confront and question all witnesses who testify at the hearing, to question all other evidence presented, and to present oral and documentary evidence on the pupil's behalf, including witnesses.
 3. The Board shall conduct a hearing to consider the withholding of grades, diploma and/or transcripts of a pupil in a session closed to the public, unless the pupil requests, in writing, at least five days prior to the date of the hearing, that the hearing be conducted at a public meeting. Regardless of whether the hearing is conducted in a closed or public session, the Board may meet in closed session for the purpose of deliberating and determining if the grades, diploma and/or transcripts should be withheld.

If the Board or administrative panel appointed under provision (4) to conduct the hearing admits any other person to a closed deliberation session, the parent or

guardian of the pupil, the pupil, and the counsel of the pupil shall also be allowed to attend the closed deliberations.

4. In lieu of conducting the hearing itself, the Board may appoint an impartial administrative panel of three or more certificated persons, none of whom shall be members of the Board or employed on the staff of the school in which the pupil is enrolled. The hearing shall be conducted in accordance with all of the procedures established under this provision.
5. If the Board appoints an impartial administrative panel, within three school days following the hearing, the administrative panel shall determine whether to recommend to the Board the withholding of grades, diploma and/or transcripts of the pupil.
6. If the administrative panel recommends the withholding of grades, diploma and/or transcripts, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence adduced at the hearing. If the Board accepts the recommendation calling for the withholding, acceptance shall be based either upon a review of the findings of fact and upon the results of any supplementary hearing conducted pursuant to this section that the Board may order.
7. The decision of the Board to withhold the grades, diploma, and/or transcripts shall be based upon substantial evidence relevant to the charges adduced at the hearing or hearings. Except as provided in this section, no evidence to withhold the grades, diploma and/or transcripts shall be based solely upon hearsay evidence. The Board or administrative panel may, upon a finding that good cause exists, determine that the disclosure of the identity of a witness and the testimony of that witness at the hearing would subject the witness to an unreasonable risk of harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Board or the administrative panel. Copies of these sworn declarations which are edited in such a manner as to delete the name and identity of the witness, shall be made available to the pupil.
8. A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.
9. Technical rules of evidence shall not apply to the hearing, but relevant evidence may be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the Board to withhold the grades, diploma and/or transcripts shall be supported by substantial evidence showing that the pupil willfully cut, defaced or otherwise injured the real or personal property of the District or the personal

property of a District employee or willfully failed to return on demand the property of the District or a District employee that was loaned to the pupil.

10. A decision of the Board whether to withhold the grades, diploma and/or transcripts shall be made within ten school days following the conclusion of the hearing, unless the pupil requests in writing that the decision be postponed. If the hearing is held by an administrative panel, or if the Board does not meet on a weekly basis, the Board shall make its decision within 40 school days after the demand for payment was made on the pupil, unless the pupil requests in writing that the decision be postponed.

**Board Policy No. 5025: RIGHTS TO REFRAIN FROM THE HARMFUL OR
DESTRUCTIVE USE OF ANIMALS**

- A. The California Legislature generally has provided that a pupil with a moral objection to dissecting or otherwise harming or destroying animals lawfully may choose to refrain from participation in an education project involving the harmful or destructive use of animals. Classes and activities, conducted as a part of a program in agricultural education that provides instruction on the care, management and evaluation of domestic animals are exempt. This Board Policy applies to all levels of instruction.

- B. Each teacher teaching a course that utilizes live or dead animals or animal parts shall inform the pupils of their rights under current law to refrain from participation in an education project involving the harmful or destructive use of animals. A pupil's objection shall be substantiated by a note from the parent or legal guardian.

- C. If a pupil chooses to refrain from participation in an education project involving the harmful or destructive use of animals, and if the teacher believes that an adequate alternative education project is possible, then the teacher may work with the pupil to develop and agree upon an alternate education project for the purpose of providing the pupil an alternate avenue for obtaining the knowledge, information, or experience required by the course of study in question. The alternative education project shall require a comparable time and effort in investment by the pupil, and shall not be more arduous than the original education project as a means of penalizing the pupil. Pupils choosing an alternative education project shall pass all examinations of the respective course of study in order to receive credit for that course of study. However, if tests require the harmful or destructive use of animals, a pupil may seek alternative tests.

- D. A teacher's decision in determining if a pupil may pursue an alternative education project or be excused from the project shall not be arbitrary or capricious. A pupil shall not be discriminated against based upon a decision to exercise rights under this Board Policy and current law.

RANCHO SANTA FE SCHOOL DISTRICT

Board Policy No. 5027: ENROLLMENT OF CHILDREN WHOSE PARENTS OR LEGAL GUARDIANS RESIDE WITHIN THE DISTRICT

- A. The general legal rule as set forth by the California Legislature is that only parents or legal guardians, who actually reside in the District, may enroll their children in the District or continue to enroll their children in the District. There are some limited legal exceptions to this which require the District to allow enrollment. For example, a pupil who lives in the home of a caregiving adult, in compliance with California Family Code section 6550, that is located within the boundaries of the District, shall be enrolled in the District. Commencing January 1, 2016, Education Code section 48204(a)(7) requires the District to enroll a pupil “whose parent or legal guardian resides outside of the boundaries” of the District “but is employed and lives with the pupil at that place of his or her employment within the boundaries” of the District “for a minimum of three days during the school week.”
- B. The District will not allow enrollment of children, or continued enrollment of children, unless it is legally required to do so. There are only two narrow exceptions to this District rule which are explained in Board Policy No. 4111 (Enrollment Of Children Whose Parents Or Legal Guardians Are Permanent Full-Time Certificated Employees Of The District) and Board Policy No. 6028 (Continued Enrollment Of Children Whose Parents Or Legal Guardians Are Temporarily Not Residing In The District).
- C. In accordance with Education Code section 48204.1, the District shall accept from the parent or legal guardian (or adult caregiver) of a pupil “reasonable evidence” that the pupil meets the residency requirements of the law and this Board Policy. Education Code section 48204.1 provides that “reasonable evidence” of residency shall be established by documentation showing the name and address of the parent or legal guardian (or adult caregiver), including, but not limited to, any of the following documentation:
1. Property tax receipts.
 2. Rental property contract, lease, or payment receipts.
 3. Utility service contract, statement, or payment receipts.
 4. Pay stubs.
 5. Voter registration.
 6. Correspondence from a government agency.
 7. Declaration of residency executed by the parent or legal guardian (or adult caregiver) of the pupil.

Education Code section 48204.1(b) provides that the District may not require all of the above items of documentation. The Superintendent within his/her sole discretion shall determine which documentation will be required in each case.

- D. If an employee of the District reasonably believes that the parent or legal guardian (or adult caregiver) of a pupil has provided false or unreliable evidence of residency, the employee will so notify the Superintendent. The Superintendent in accordance with Education Code section 48204.1(c) and in compliance with Education Code section 48204.2 may make reasonable efforts to determine that the pupil actually meets the legal residency requirements.
- E. Education Code section 48204.2, effective commencing January 1, 2016, provides that if a school district elects to undertake an investigation pursuant to Education Code section 48204.1(c) referenced immediately above in provision D, the governing board of the school district “shall adopt a policy” regarding the investigation of a pupil to determine whether the pupil meets the legal residency requirements. Education Code section 48204.2(b) lists requirements of such a policy which are included in the following provisions of this Board Policy.

This provision E is the District’s Board Policy as authorized and required by Education Code section 48204.2, and which is to be implemented by the Superintendent in compliance with Education Code section 48204.2.

1. The Superintendent may initiate any investigation whenever he/she receives credible information from an employee, citizen, the parent, adult caregiver or the pupil that the parent, legal guardian, or the adult caregiver does not actually reside in the District. Credible information includes admission(s) by the parent, legal guardian or adult caregiver, or the pupil, falsified documents, mail returned from the address provided, conflicting information from the parent, legal guardian or adult caregiver, or the pupil, a written complaint from an employee or a citizen with a specific factual allegation(s) pointing to non residency, and documents which appear to be counterfeit.
2. The Superintendent may authorize an investigation which may include the following methods:
 - a. Verifying supporting documents with issuing individuals, organizations or agencies.
 - b. Interviewing the pupil, parent, legal guardian or adult caregiver, landlord, neighbors and any other individual who may have direct and relevant information.
 - c. Reviewing public information available on the internet, including, but not limited to writings, photographs, and videos on public social media, blogs and websites.

- d. Conducting visits to the identified residence as long as the inhabitants are advised about the purpose of the visit and any investigation of the interior of a residence is voluntarily granted by the inhabitant(s).
 - e. Open, visible and public use of technology. California Education Code section 48204.2(b) and this Board Policy prohibit any and all surreptitious photographing or video-recording of pupils being investigated.
3. The Superintendent, after consultation with the General Counsel of the District, may utilize the professional services of a private investigator after making reasonable efforts to determine whether the pupil legally resides in the District.
4. California Education Code section 48204.2(b) and this Board Policy require that employees and contractors, including any private investigator, for the District who engage in any investigations under this Board Policy must identify themselves truthfully to all individuals contacted or interviewed during the course of any investigation under this Board Policy.
5. The determination that a pupil does not actually reside in the District shall be made by the Superintendent in writing and shall list the reason(s) and basis for such determination. The written determination shall be communicated to the parent, legal guardian or adult caregiver by regular mail or by e-mail.
6. If the parent, legal guardian or adult caregiver disagrees with the written determination by the Superintendent that the pupil actually does not reside in the District, the parent, legal guardian or adult caregiver may file a written appeal with the Governing Board. Such written appeal must actually be received by the Office of the Superintendent of the District no later than ten (10) calendar days after the date of the Superintendent's written determination. Any such written appeal must include all the reasons and basis for the appeal. If an appeal is made, the burden shall be on the appealing party to show why the Superintendent's determination should be overruled. The Governing Board will consider the appeal at its next regular meeting in open session or at a special Board meeting within the discretion of the District.

RANCHO SANTA FE SCHOOL DISTRICT

Board Policy Number 5028: STUDENT USE OF DISTRICT'S ELECTRONIC RESOURCES

A. Purpose & Coverage

1. This policy defines the proper use by the students of the District of the District's electronic resources including, but not limited to, its computers, computer systems, and Internet access services.
2. This policy applies to all students of the District.
3. The Management Systems Information Manager for the District shall be the Superintendent

B. Overview of Policy Regarding Student Use

1. The District provides its students electronic resources such as computers for use as educational tools. The District recognizes that these resources present tempting opportunities for users to gain access to matters which are confidential, require restricted access, or which result in an improper use of the District's resources. It is the responsibility of each student to ensure that the District's electronic resources are used for legitimate educational purposes and in a manner that does not compromise confidential, proprietary or sensitive information. Students may not use or permit others to use the District's computer systems or other electronic resources for unlawful purposes. Such conduct should be reported and will not be tolerated. Misuse of the District's computer systems or other electronic resources will result in discipline, up to and including expulsion from school.
2. The District's computer systems and other electronic resources are District assets. There are numerous ways in which the improper use of these assets could jeopardize the proper operation of the District's computer systems and expose the District and its employees to liability in the event of a lawsuit. For example, use of the District's computer system for purposes unrelated to the District's educational curriculum compromises the remaining available memory of such systems and can slow the system's ability to process data effectively or in a timely manner. Viruses can damage the systems and stored information critical for the performance of District responsibilities. Use of the Internet and/or the electronic mail access provided to District employees to download or send obscene or discriminatory material could expose the District and its employees to liability for claims of sexual harassment or discrimination. For these reasons and others, students will not be provided access to electronic mail and student use of computers shall be under the direct supervision of a certificated employee at all times. In addition, technology protection measures have been installed which blocks or filters access to visual depictions that are obscene, child pornography or

other matter harmful to minors, and to chat rooms. These measures must be in force during any use of any District computer by minors.

3. In order to ensure that the District's computer systems are not misused, the District may randomly inspect and/or monitor computer files, District storage devices such as flash drives and discs, Internet use, and all other information stored or recorded by students on the computer systems to assure that these public resources are not being misused. Students should not expect that information kept on District computer system devices or equipment is private, even if the information is personal. Computer data may be monitored regardless of its origin or content. By utilizing the District's computer system devices and other electronic resources, a student consents to the monitoring summarized in this policy. Students are hereby placed on notice that the District is not responsible for any injury to students caused by others who may access such information.
4. The District reserves the right to take any action in order to comply fully with the provisions in 20 U.S.C.A. section 6777 (Internet Safety), including but not limited to, the use of technology protection measures to block student access to websites that contain obscene, pornographic or other material harmful to minors; and the use of technology measures to prevent hacking or any unlawful activities.

6. The term "obscene" has the meaning applicable to that term under 18 U.S.C. section 1460.
7. The term "sexual act" and "sexual contact" have the meanings given those terms in section 2246 of Title 18.

1. The use of the District's computer systems and other electronic resources is a privilege which may be revoked at any time. Students of the District cannot expect personal information recorded or stored on the District's computer resources to remain private. - q. Placing District information of a confidential, sensitive or proprietary nature on the Internet.
- r. Illegally duplicating software or its related documentation.

- s. Accessing information other than that information which the student personally placed on an electronic resource, or which is publicly available, or which the student has been given authorization to access.
- t. Any activity prohibited by the No Child Left Behind Act of 2001 or state law.

F. Electronic Mail Rules

Access to the District's outsourced electronic mail service is a privilege designed to assist students in the acquisition of knowledge and in efficiently communicating with others. The electronic mail system is meant to be used for educational purposes. Electronic mail files are subject to monitoring by the Network Administrator. Use of the District's electronic resources to create or utilize chain letters, chat rooms or other Multiple User Dimensions ("MUDs") is forbidden, with the exception of those bulletin boards or electronic mail groups that may be used for specific educational-related communication. The District reserves the right to remove files from, or limit or deny access to, its electronic resources at any time.

All electronic mail correspondence is the property of the District.

Student electronic mail communications are not considered private despite use of passwords or any designation concerning privacy either by the sender or the recipient.

Electronic mail may not be used by students for personal gain, profit, commercial ventures, or gambling.

If not encrypted, electronic messages sent to recipients outside of the District's computer networks are not secure. Confidential, personal or proprietary information should not be sent in electronic messages.

The District has the right to monitor its electronic mail system, including each individual's mailbox, at its discretion in the ordinary course of business. In certain situations, the District may also be compelled to access and disclose messages sent over its electronic mail system to third parties. The District shall not be liable for any damages arising from any such disclosure.

The existence of passwords, user IDs and "message delete" functions do not restrict or eliminate the District's ability or right to access electronic communications.

Students shall not share an electronic mail passwords or user IDs, provide electronic mail access to an unauthorized user, or access another user's electronic mail box without authorization.

Students shall not post, display or make easily available any computer access information, including, but not limited to, passwords and user IDs.

Users must not use inappropriate language; language consisting of profanity, vulgarities or obscenities, language which libels others, or language which contains inappropriate references to others.

Users should assume that all communications and information is public when transmitted via the network and/or Internet and may be viewed by others.

Users may not violate or permit the violation of the privacy or other rights of individuals whose information is required by or routinely stored by the District in computer systems or other electronic resources.

Users should exercise restraint in consuming shared electronic resources.

G. Internet Rules

1. The District's network, including its connection(s) to the Internet, is to be used for education-related purposes. Any unauthorized use of the Internet is strictly prohibited. Unauthorized use includes, but is not limited to: connecting, posting, or downloading pornographic material; engaging in computer "hacking" and other related activities; attempting to disable or compromise the security of information contained in District computers; or otherwise misusing the District's computers for illegal purposes or for any prohibited purpose as set forth in this policy as grounds for discipline.
2. Internet messages should be treated as non-confidential. Anything sent through the Internet passes through a number of different computer systems, all with different levels of security. The confidentiality of messages may be compromised at any point along the way.
3. Because postings placed on the Internet may display the District's name and/or address, users must make certain before posting information on the Internet that the information reflects and is consistent with the standards and policies of the District. Before posting material online that is affiliated with the District or a District organization, including the creation of a social networking account or web page, prior written authorization of the Superintendent is required.

4. Subscriptions to news groups and mailing lists may be permitted when the subscription is for an education-related purpose. Any other subscriptions are prohibited.
5. Information posted or viewed on the Internet may constitute published material. Therefore, reproduction of information posted or otherwise available over the Internet may be done only by express permission from the author or copyright holder.
6. Unless the prior approval of Information Systems Manager has been obtained, users may not establish Internet or other external network connections that could allow unauthorized persons to gain access to the District's systems and information. These connections include the establishment of World Wide Web home pages and File Transfer Protocol.
7. All files downloaded from the Internet must be checked for possible computer viruses. If a user is uncertain whether their virus-checking software is current, they must check with the Information Systems Manager before downloading.
8. Downloading, sending or transferring offensive, demeaning or disruptive materials over the Internet is prohibited. This includes, but is not limited to, materials which are inconsistent with the District's policies concerning equal educational opportunity, sexual harassment, or any laws concerning harassment or discrimination.
9. Under no circumstances shall information of a confidential, sensitive or proprietary nature be placed on the Internet.

H. Reporting of Abnormalities or Misuse

1. All users are required to report any abnormality or security breach as soon they observe it or come into possession of information that it has occurred. Abnormalities or breaches of security shall be reported to the Information Systems Manager or Principal immediately. Users are also required to report any misuse of the District's computer systems. If any student observes a misuse, such as an electronic communication containing obscene or harassing language, the student should immediately report the misuse to the Information Systems Manager or Principal. Students should not show, transmit, or otherwise duplicate the misuse or offending material to, or discuss these matters with, anyone other than the Information Systems Manager or Principal.

I. Lack of Privacy & Monitoring

1. The Information Systems Manager shall have discretion to randomly monitor any information recorded or stored by students on the District's computer systems

upon approval by the Superintendent or designee. The Information Systems Manager may randomly retrieve and review all communications and electronically stored data on the District's electronic resources, whether that data be personal information, educational information, or information related to District business, in order to insure the District's property is not being misused. All information stored or recorded on the District's computers or other electronic resources shall be considered District property.

2. All students should be aware that information is available about their computer activities. Student computer activities are not private. For example, each time a student accesses a web site on the Internet, the computer and networking equipment involved create a trail, download and display the files from the Internet, and usually store a copy of those files on the hard drive. The computer or server that maintains the connection to the Internet also keeps track of which computer and which user has visited each specific web site. The District owns the computer terminals, services, networks and equipment and has the right to monitor student activities on the Internet at random.
3. If a student reports suspected misuse of the computer systems or other electronic resources to the Information Systems Manager or Principal. Upon receiving such a report, and/or if the Superintendent reasonably believes, in his/her sole discretion, that a student is misusing the District's computer systems or other electronic resource, the Superintendent may direct a designated District employee to review the suspected student's Internet use, or other electronically recorded use of the District's computer systems or electronic resources. In his/her discretion, the Superintendent may also report suspected misconduct to law enforcement officials and allow those officials access to the student's Internet use, or other electronically recorded use of the District's computer systems or electronic resources.
4. The District is not responsible for any injury to a student or any other person caused by third parties who may access personal information which the student has stored or recorded on the District's electronic resources.

J. Copyright Issues

1. The District purchases and licenses the use of various computer software for business purposes and does not own the copyright to this software or its related documentation. Unless authorized by the software developer, the District does not have the right to reproduce such software for use on more than one computer.
2. Students may only use software on the District's networks or on multiple machines in accordance with the applicable software agreement. The District prohibits the illegal duplication of software or its related documentation by students or by anyone else.

K. Vandalism

1. Vandalism is defined as any malicious attempt to alter, harm or destroy equipment, data or other property of the District or another user, or the networks connected to the District's networks via the Internet. This includes, but is not limited to, the uploading or creation of computer viruses, improper alteration of data, or the improper use of restricted information. Any vandalism of District computer systems or other electronic resources will result in disciplinary action, up to and including expulsion and, if appropriate, referral to law enforcement officials.

L. Consequences for Violating This Policy

1. The consequence for violating this policy include, but are not limited to, one or more of the following:
 - a. Disciplinary action up to and including expulsion;
 - b. Referral to legal authorities for prosecution under California Penal Code section 502 (unauthorized access to computers, computer systems and computer data), or other violations of state or federal laws.
 - c. Referral to legal authorities for prosecution under any applicable state or federal law.

M. District Not Liable for Damage to Student Work-Product

From time-to-time the District's computer systems will fail or will require repair or maintenance. The District is not liable for loss of or damage to student work-product caused by system failures, server crashes, or the District's performance of monitoring, maintenance or repair functions related to its computer systems or other electronic resources.
