

## **VEHICLES ON SCHOOL PROPERTY: 3243**

---

The Federal Way Public Schools assumes no liability for vehicles parking or traveling on District property, nor shall it be held responsible for the loss of goods or property from vehicles parked on District property.

The District, Security Officers, or other employees or agents shall not be held liable for any damages, claims, or losses occurring to or from vehicles or equipment when rendering motorist assistance or performing any duties.

The District provides only limited maintenance to District parking lots during periods of inclement weather. Persons using the District parking lots do so at their own risk. The District will not be responsible for any liability or damage claims arising from weather or other natural disaster-related causes or conditions.

Each school shall implement parking fees and regulate parking on school property. The school shall annually notify students and parents of these fees, rules and regulations. Any fees associated with parking are for maintenance and repairs, not to assure security of persons, vehicles or vehicle contents.

The authority of law enforcement agencies to regulate motor vehicle ordinances shall extend to school district property.

Vehicles illegally parked may be towed away at the owner's expense.

In terms of student conduct rules, "possession" of alcoholic beverages, illegal chemical substances or opiates, firearms or a dangerous weapon, or other contraband shall also extend to a student's vehicle.

A student who does not conform to the above rules shall be subject to corrective action.

Parking is a privilege not a right. The District has the right to revoke permission to park at any time and without advanced notice.
