

LESD Wellness Policy Summary of Findings

SECTION 1: STRONG POLICIES AND ALIGNED PRACTICES

Please refer to our Food Services [website](#) for our LESD Wellness Assessments for our district's areas of success.

SECTION 2: CREATE PRACTICE IMPLEMENTATION PLAN

The district and school sites will determine wellness goals for the school year and will determine steps to meet these goals. We will use the SMART goals format to determine specific goals, identify barriers, track progress and measure success. At the end of the school year the sites will conduct a local wellness policy school site annual progress report to ensure that there is compliance with the district wellness policy and that the site's specific wellness goals were met.

SECTION 3: UPDATE POLICIES

The district Wellness Team meets several times a year and reviews the Wellness Policy and any federally required updates as well as district specific updates. This is conducted to ensure that we are meeting any updated policy requirements as well as addressing the needs of the district.

SECTION 4: OPPORTUNITIES FOR GROWTH

As the district Wellness Team meets several times a year to determine wellness goals and to develop an implementation plan, we will use this time to update our Wellness Policy to include all federally required items as well as additional wellness goals specific to our district.
