

# Summer Access Family Directions ...from a Personal Device

ClassLink

## ELEMENTARY STUDENTS

DreamBox

i-Ready

Learning A-Z

Hatch

IXL

**Tech:** These tools work best on Computers, Laptops and iPads.  
**Dates:** Unless otherwise noted, access available through July 21.

- Get the apps. Skip this step if using a computer or laptop. iPad users: download the apps above from the App Store.
- Log into Classlink. Use these student directions to log into ClassLink from a Personal Device: <https://bit.ly/2YDusrC>
- Click a program. Once logged into ClassLink, click the program you want. On computers and laptops, the program will launch in your browser. On an iPad, the specific iPad app will pop open outside of ClassLink. You will be logged in automatically.

### Troubleshooting Tips

- iPads: make sure the iPad has the latest iOS update. Look for updates in Settings > General > Software Updates.
- iPads: Make sure that all other Safari tabs are closed.
- Laptops/Computers: Chrome web browser is recommended.
- Employees of BCSD cannot provide hands-on assistance with any personal electronic devices.

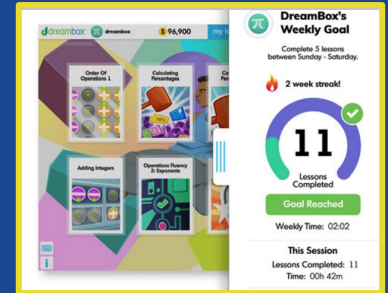

# Program Highlights

Looking for where to get started with each of these programs? See below for some ideas!

DreamBox  
Math  
(K-5)

With the Week Streak feature, students in grades 3-5 can track when they complete at least five lessons weekly. Tracking their own progress motivates students to stay engaged and build their math proficiency.

i-Ready  
Reading/Math  
(K-5)

Choose Math or Reading, then work on the next My Path lesson. i-Ready uses insights from its diagnostic (given during the school year) to create a personalized path of online lessons so that students receive instruction and practice in areas where they need the most support. For more resources, visit [i-readycentral.com/familycenter](http://i-readycentral.com/familycenter)

Learning A-Z  
Reading  
(PK - 5)

After using the Reading Placement Tool (found under the Reading tab), students can access the Reading Room. This dynamic library makes it easy to quickly find relevant, exciting content. Students can "favorite" books and view popular texts at their reading level.  
\*Available through July 1\*

Hatch  
7 Domains  
(Pre-K)

Students will be presented digital experiences in sets of three and can choose their first experience. Digital experiences will be served to the student based on their progress. As the student completes each digital experience, they will earn a star in their star tracker.

IXL  
Reading/Math  
(K-5)

After logging into IXL, students can click Skill Plans to find their Personal NWEA MAP Growth study plan based on their spring MAP scores. The student will be presented with a list of recommended skills to practice. Practice is accompanied by examples and tutorials.
