

Our Story

Our unique eight-over-two schedule (eight classes over two days) allows us to create small learning communities for all students, a wide variety of elective opportunities, and an 80-minute block of English Language Arts and math each day. In addition, we are an AVID (Advancement Via Individual Determination) Demonstration School. AVID focuses on making post-secondary education accessible for all students.

We offer a rich after-school program full of sports and extra-curriculars; whether a student is interested in technology, performance, crafting, or physical activity, we have something for everyone.

Our Students

983 students

33 first languages other than English
