2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Guajome Learning Center (GLC) is a public charter school of choice. It is a public independent study and home schooling program, which serves students in grades K-12. GLC provides a venue for students and families who prefer or need a smaller learning environment, home school or independent study, including students with credit-deficiencies and students who face personal barriers in obtaining their high school diplomas.

The program includes a standards based curriculum with enrichment support, using technology integrated instruction. GLC strives to provide students with an educational program that is altogether flexible, demanding, and real world applicable. The goal of GLC is to educate all students to endeavor to achieve the qualities of the GLC Expected Schoolwide Learning Outcomes (ESLO's): self-directed learners, critical thinkers, effective communicators, and responsible citizens.

Guajome Learning Center recognizes that students prosper in a variety of educational settings, and encourages upper high school students to participate in concurrent enrollment programs offered through the local community colleges.

The ultimate objective of GLC is that each student becomes a self-motivated, competent, and lifelong learner.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbook Adoption Process:

Teachers work with our Instructional Leadership Team (ILT) to determine textbook adoption need. The ILT leader fills out the 'Instructional Materials Adoption' and submits the paperwork to Administration. If approved by Administration, the ILT leader turns approved paperwork for Board of Directors for approval or denial during the designated Board meeting. Upon approval by the Board of Directors, the ILT leader fills out the 'Purchase Requisition' form for orders of approved textbooks.

School Facility Conditions and Planned Improvements

Guajome Learning Center is able to benefit from the same services and inspections as Guajome Park Academy (GPA) with its location in the lower Administration building. Office areas enable staff members to meet with their students on a one-on-one basis to enhance the individualized learning environment. GLC students are given a chromebook to work on throughout the school year making it a 1 to 1 campus. Additional learning spaces enhance the learning environment.

GLC is cleaned daily and deep cleaned on a weekly basis. This includes trash pick-up, vacuuming, surface leaning, mopping and light dusting. Surfaces are cleaned and disinfected on a weekly basis. Facility inspections are done monthly to ensure proper maintenance and good repair. All repairs are done by the Guajome Park Academy and some are done in conjunction with Vista Unified School District.

Covid-19 has prompted GLC to add additional COVID related measures to ensure the safety of our students and staff, including, but not limited to additional air filtration, increased cleanings, touchless soap dispensers, and sanitizing stations.

Year and month of the most recent FIT report

August 2022

System Inspected	Rate Good	Rate Fair	Rate Poor	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	X			Regular maintenance items include changing belts on HVAC system and drain pans. Service is done on a quarterly basis to prevent major breakdown. Gas and sewer system have been free from any major breakdowns due to the maintenance plan in place. Items are checked on a monthly basis and services when faulty.
Interior: Interior Surfaces	X			Monthly inspections limit the wear and tear of items. Every 3 months, a plan is in place to freshen up interior surfaces including painting and repair of walls. Other surfaces are cleaned daily by the custodial staff.
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	X			The 14 acres we are settled on include a wide variety of pests and vermin. We have a monthly exterminator who comes and does regular inspections and prevention. This service drastically minimizes any infestation throughout the property.
Electrical	X			Electrical systems are inspected on a monthly basis. The electrical panels, ballasts and outlets are inspected to ensure that they are working in a safe manner.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	X			Restrooms go through regular daily maintenance. All restrooms are thoroughly disinfected and cleaned daily once again through our custodial crew at night. All sinks and fountains are disinfected and cleaned on a daily basis.
Safety: Fire Safety, Hazardous Materials	X			All of our fire safety and hazardous materials are inspected on a weekly basis. The fire panel is checked for trouble codes on a daily basis and maintenance is performed on all of our fire safety systems according to the Fire Code. Fire extinguishers are checked monthly to ensure working conditions. Hazardous materials, if any, are labeled and stored according to standards in place.
Structural: Structural Damage, Roofs	X			Our roofs are maintained by the district. They do exhibit some bubbling, however, they perform well. Leaks are referred to the district and fixed on their schedule as well as any deficiencies in the bonding material.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	55	N/A	43	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents attend an orientation at the beginning of the student's enrollment to learn the expectations and guidelines of the program. Parents are encouraged to monitor student progress daily and attend weekly meetings with the student and teacher. In addition, each week, parents are emailed student progress updates, to ensure both parents and students are aware of the student's standing in each class.

At the K-5 level, parents must attend parent-teacher conferences monthly and provide work samples. This allows time for the teacher to provide parent support with instructional strategies. Field trips are also planned for the K-5 students and parents. These allow for hands on activities for students as well as an avenue for parents to collaborate and support each other with homeschooling.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.00	3.50	2.45
Expulsions	0.00	0.10	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

GLC has a small school atmosphere, with staff, students and parents interacting to make student learning experiences positive, both academically and socially. GLC's commitment to serve the needs of all stakeholders remains steadfast, and is evident in the programs and policies implemented in regards to safety, cleanliness, and orderliness. Guajome fosters an atmosphere of trust and high expectations for all students. The commitment to continuous improvement in all areas is a priority.

The School Safety Plan was developed in collaboration with local law enforcement and fire department representatives and school staff to fulfill Senate Bill 187 requirements. It is updated and revised annually. The plan includes data regarding safe school procedures and compliance with laws such as: child abuse reporting, disaster response, suspension and expulsion policies, notification of dangerous pupils to teachers, sexual harassment, and procedures to ensure a safe and orderly environment conducive to learning. Students and staff regularly participate in fire drills, disaster drills, and lockdown drills.

The campus is locked and gated to ensure student safety. Visitors are required to check in at the front gate and then again at the front office before entering the campus. There is sufficient campus supervision before and after school as well as throughout the day. Parking stickers and student off-campus passes are required and checked. Security staff ensures student safety throughout the facility and parking areas by patrolling on a routine basis. Security, staff, and/or administrative supervision is also provided at all student after-hour activities. All GLC stakeholders and community members are committed to student safety.

2022-23 COVID-19 Protocol

Protecting the health, safety, and well-being of our school community remains our top priority and it is our hope that through proactive safety measures, clear communication and a collaborative effort between home and school that we will continue to minimize the risk of exposure to COVID-19 on our campus.

In accordance with the latest CDC recommendations for COVID-19, Guajome has updated our COVID-19 Attendance Protocol as follows:

It is NO longer necessary for parents/guardians/students to provide any test results (negative or positive) to the school, however, we do ask that they continue to report their student's absence/illness to the Attendance Hotline each and every day their student is absent, so that their student's attendance can be updated accordingly.

STUDENT TESTS POSITIVE

If a student tests positive for COVID-19, the student must stay home for at least 5 days and isolate from others at home and follow the Return to School protocol below. It is also recommended that they wear a mask when they must be around others at home and in public through day 10.

If the positive student was identified as being present at school during their contagious period (two days prior to testing positive or symptom onset) we send out a general close-contact notification letter to the students/staff in the student's class(es).

RETURN TO SCHOOL

Students who test positive and are symptomatic, must remain at home for at least five (5) days. On Day 5, if they test negative with an Antigen (OTC Rapid test kit) from home, and have been fever-free for 24 hours prior to return (unmedicated), and their symptoms are improving, they may return on Day 6.

Students who test positive but have no symptoms, and do not develop symptoms, must also stay home for five (5) days. On Day 5, if they test negative with an Antigen (OTC Rapid test kit) from home, they may return on Day 6.

If after 5 days, a student is still testing positive, we ask that the parents please keep their student home until they are testing negative with an Antigen (OTC Rapid test kit) from home.

If exposed to COVID-19 (close-contact), whether the exposure occurred at school or at home, and the student has no symptoms, the student may remain in school, however, it is recommended that they wear a mask for 10 days and self-test on day 5.

MEDICAL EMERGENCY RESPONSE PLAN

ON CAMPUS – WITH MINOR INJURY

Staff will notify the health office (2107) or front office (1000).

Health tech or other designated staff member (all covers) administers first aid procedures as indicated by the nature of the accident.

Parents are notified by health tech or designee if necessary.

2022-23 School Safety Plan

Staff witnessing the accident and/or providing first aid care should complete an accident report if necessary.

ON CAMPUS - WITH MAJOR INJURY OR UNCONSCIOUS STUDENT/STAFF (persistently unresponsive)

Defined as any medical emergency deemed by school staff to need obvious immediate physician care, EMS, or transport to a healthcare facility, including:

ALL insect stings, food allergy reactions, or other allergic reactions in students KNOWN to have anaphylactic reactions is an EMERGENCY – REQUEST F/A KIT-AED AND CALL 911.

ALL rapid onset (within a few minutes) breathing problems or swelling of the tongue and face is considered an EMERGENCY - REQUEST F/A KIT, AED AND CALL 911.

ALL incidents where a student/staff has lost consciousness and remains unresponsive after attempts to rouse is an EMERGENCY – REQUEST F/A KIT, AED AND CALL 911.

ALL incidents where a student has a seizure and either does NOT have a KNOWN history of seizures OR where a student with a known seizure history has a seizure that lasts longer than (5) minutes, is an EMERGENCY – REQUEST F/A KIT, AED AND CALL 911.

ALL life-threatening bleeding, severe head injuries, compound fractures or serious dislocations is an EMERGENCY – REQUEST F/A KIT, AED and CALL 911.

Automated External Defibrillators (AEDs) are located (1) in the HEALTH OFFICE on the wall, beside the restrooms, (2) in the GYM to the right of the bleachers, on the wall, or (3) in the upper GPPA storage closet (Restroom - clearly marked.)

Epinephrine Autoinjectors (EpiPens) are located (1) in the HEALTH OFFICE, (2) in the GYM, (3) in each building (upper and lower) in the teacher's lounge, (4) in the Upper GPPA storage closet (Restroom – clearly marked) and (5) in Lower GPPA - Room 5112

If a staff member should come upon a student or other staff member with a major injury or who is unconscious (persistently unresponsive) we will follow these guidelines:

Notify the health office and/or front office that there is an unconscious student or staff member, and request that an AED and First-Aid kit are quickly brought to the location.

First staff member attending to the student administers first-aid to the best of their ability and training, while another staff member at the scene calls 911 immediately. If unsure, health tech or designee will make a determination when on scene.

Health tech or designee will inform the health office and/or front office that 911 is being dispatched via two-way radio.

Front office #2 calls administration to alert them that 911 has been dispatched.

Front Office #1 calls parents or guardians immediately.

Upper admin office assistant prints student emergency card and carries it to the scene for EMS. (For injury or illness to staff, emergency card will be printed and delivered by Human Resources.)

Security secures pathway for ambulance and fire truck at closest point to scene.

If an EpiPen is administered, the staff member who assisted with the EpiPen must inform health tech and/or EMS regarding administration of an EpiPen,

NOTE: The first-aid kit's epinephrine auto-injector (EpiPen) may be administered to any individual having breathing problems or severe swelling of mouth, lips, or tongue after an insect sting or after consuming a known allergen.

Staff witnessing the accident and/or providing first aid care will complete an accident report.

MEDICAL EMERGENCIES DURING FIELD TRIPS

At least one school staff person must be trained in first-aid and age-appropriate CPR, including adult CPR. The field trip staff member should also ensure that appropriate first-aid equipment and supplies are available during the trip. It is advisable that at least one staff person or adult chaperone (parent, guardian, or other volunteer) has a cellular phone in case the emergency is en-route to or from the school or field trip destination. Permission slips with emergency care release or parent/guardian phone numbers must be with the field trip coordinator or their designee.

In the event of an emergency while on a field trip:

If a student is KNOWN to have a medical issue or concern, staff members will refer to and follow the student's Authorization of Medical Administration or Action Plan located (along with any medications) in the First-Aid Backpack.

If the student is NOT KNOWN to have a medical issue, or the injury or medical concern is major or life-threatening, designated school staff personnel will call 911 immediately and will administer first-aid procedures as indicated by the nature of the accident to the best of their ability or training until EMS arrives and takes over.

Parents will be notified simultaneously or as soon as possible, after immediate care has begun, by another staff member.

Basic First-Aid administered may include administering EpiPen, inhaler or other basic life support (CPR, AED, rescue breathing, etc.) to the best of their ability or training until EMS arrive and take over.

Staff members or designee will contact administration to inform them of the situation.

SAFETY GUIDELINES

The safety of our stakeholders continues to be our top priority for the 2020-21 school year. We will use the resources provided by the Public Health Order and the CDC to implement safety measures at our site. The following items are some of the things we will be doing throughout the campus reopening.

2022-23 School Safety Plan

SAFETY PROTOCOLS:

All non-vaccinated Guajome staff members are required to be tested weekly for COVID-19.

It is strongly recommended, however not required, that all Guajome Schools students wear face coverings while inside and in close-contact proximity to others on campus.

It is required that all staff wear face coverings while inside and in close proximity to other staff members, however, not when in the classroom with students.

To the extent possible, we will maximize space between seating and desks.

Signs will be posted throughout campus with visual reminders to support our students.

Staff will also train students on these protocols and educate them about their role in helping to prevent the spread of the virus.

SANITATION AND HYGIENE:

The top two recommendations from every health agency to prevent the spread are frequent hand washing and minimizing touching your face.

Multiple hand washing stations will be set up in front of every classroom.

Appropriate hand washing techniques will be trained to our students through visuals or practice.

Students must wash their hands upon arrival, before and after recess, after restroom use, after snack use, and any other time that is necessary.

Hand sanitizer will be available through both automatic and traditional dispensers across campus.

Physical distancing measures and increased staff supervision will be used at restroom locations.

The cleaning crew will ensure all supplies are filled and available.

CLEANING AND DISINFECTION:

Staff will provide separate supplies to each student in order to eliminate sharing.

Desks, tables, chairs, keyboards, and any other similar equipment will be disinfected after each use, as practicable.

The cleaning crew will disinfect high touch points and hard surfaces daily. This is inclusive of door handles, sink handles, handrails and restrooms.

Restrooms will be disinfected multiple times throughout the day.

Staff will be trained on cleaning and disinfection and have these materials at their disposal.

AIR CIRCULATION/VENTILATION:

HVAC units will be set at the optimal ventilation levels.

Air purifiers will be placed in each elementary classroom.

Windows and doors will remain open.

2021-22 Types of Services Funded

In striving to meet the needs of a diverse student body, Guajome Learning Center provides a wide variety of programs. LCFF funds and mandated block grant funds are utilized to increase student achievement and provide a supportive environment. Services provided include but are not limited to: all academic programs for a K-12 Independent Study Program, alternative programs, technology, professional growth, BTSA/Induction, English Learner Program, Special Education Program, and curriculum development and alignment.

English Learner Program: GLC meets all applicable legal requirements for English Learners as it pertains to annual notification to parents, student identification, placement, program options, English Learners and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirement.

All teachers of English learners are certified in Cross-cultural and Academic Development (CLAD) or comparable authorization. GLC teachers are trained to use Specially Designed Academic Instruction in English (SDAIE) techniques to meet the needs of English Language Learners. The instructional design model used by GLC places a heavy emphasis on differentiating instruction to meet the needs of English Learners based on their academic and language readiness. Through a well-defined professional development program, teachers are trained on a variety of instructional strategies to be used specifically with English Language Learners.

Special Education Program: Guajome Learning Center complies with all applicable State and Federal Laws in serving students with disabilities, including but not limited to, Section 504 of the Rehabilitation Act (Section 504), the Americans with Disabilities Act (ADA) and the Individuals with Disabilities in Education Improvement Act (IDEIA).

GLC is categorized as a “public school” within the Vista Unified School District in conformity with Education Code Section 47641(b). GLC complies with membership and contractual agreement with the El Dorado Special Education Local Plan Area (SELPA). The charter school complies with all state and federal laws that are related to the provisions of Special Education instruction and related services, all SELPA policies and procedures, and utilizes appropriate SELPA forms.

Students having a disability are evaluated per IDEIA guidelines and are evaluated for appropriate placement and services through the Individual Education Plan (IEP) process. GLC provides Special Education services based on the IEP. Services cover, but are not limited to, Resource Specialist services, speech therapy, occupational and physical therapy, psychological services and counseling, transportation, and behavioral interventions.

Professional Development

Guajome Learning Center (GLC) continues to pursue growth in its delivery of teacher induction and ongoing professional development as an assurance that teachers are trained in expected school wide learning outcomes and academic standards.

GLC is partnered with the San Diego County Office of Education BTSA/Teacher Induction Program. All staff has access to ongoing professional development. GLC staff receives time, materials, and fiscal resources for planning and professional development. Additionally, weekly professional development and collaboration meetings allow for further growth.

GLC is proactive in the area of staff development. It is imperative that all teachers are knowledgeable about the state standards and current trends in education and that they are reinforced with current practices.

This table displays the number of school days dedicated to staff development and continuous improvement.
