

Real-Time Tutoring for Virtual Students

Empower your students to succeed in core subject areas

The increased flexibility that comes with virtual instruction shouldn't prevent grade 3–12 students from getting extra help when they need it. That's why Imagine Learning Instructional Services offers Concept Coaches, who are ready to help students whether or not school is in session.

Imagine Learning's expert Concept Coaches are available to students on-demand seven days a week and can be reached directly through online chat tools and interactive whiteboards. When students interact with a Concept Coach, they get real-time, one-on-one tutoring in grade 3–12 core subject areas, helping to ensure they understand the material in their courses and can move on to more complex concepts.

Concept coaches offer students:

- Individualized help in grade 3–12 English language arts, math, science, social studies, 6–12 French and Spanish courses regardless of whether or not school is in session
- Real-time, on-demand support and demonstration of concepts
