

1st Grade
Foundations: Trick Words

The following list consists of "high frequency" words used in 1st grade and in our Foundations program. This list is in alphabetical order to help your child easily find any of the words. However, they are not taught in this same order. Please help your child KNOW all of these words by the end of 1st grade. There will be opportunity to learn them with the Foundations homework and class work, but having you reinforce them at home will only allow your child to succeed in reading and writing.
