Appendix G: Use of Resources

The following fiscal practices apply to the use of funds generated through the Consolidated Application:

The state fiscal year is the period from July 1 to June 30. Funds not spent during this period become "carryover funds", to be budgeted for use the following fiscal year. Districts may allow carryover to remain at the school that generated the funds or may aggregate unspent funds from all schools and redistribute them according to the formula appropriate for each program. State law does not limit the amount of carryover funds.

The federal fiscal year is the period from October 1 through September 30. However, we are allowed to expend federal funds beginning the previous July 1. Thus, the period of allowable expenditure extends for 15 months. Title I law limits the amount of funds that may be carried over from the previous fiscal year to 15 percent, except for agencies that receive less than \$50,000. A waiver of this restriction may be requested from the State Board of Education once every three years.

Eighty-five percent of the funds from certain programs must be used for direct educational services at schools. This limitation applies to:

- Economic Impact Aid, State Compensatory Education Program
- Economic Impact Aid, Limited-English-Proficient Program
- Title I, Part A, Improving Basic Programs

Up to 15 percent may be spent for administrative costs incurred at the school and district office in support of these programs.

Expenditures are allowable if they:

- Provide an effective means of achieving the purposes of the program funding source
- Are reasonable uses of limited resources.
- Are necessary to achieve the goals of the plan.
- Provide supplementary services for eligible students.
- Do not fund services required by state law.
- Do not pay for what, in the absence of these categorical funds, would be provided by the general fund.

This definition meets the federal requirement that expenditures of funds "supplement, and not supplant" state and local expenditures.

The district must reserve funds from the Title I, Part A, Basic Grant Program for:

- Costs of parent involvement (1 percent minimum) and professional development (5 percent to 10 percent)
- Program Improvement schools, whatever is needed for costs of public school choice, transportation, and supplemental educational services, up to 20 percent of the district allocation

The district may reserve funds from Title I, Part A, for:

- Serving community day school students
- Capital expenses for Title I programs operated at private schools
- Salary differentials
- Preschool
- Summer school
- Before school, after school, and school year extension programs
- Neglected students
- Homeless students
- Assistance to schools

The district may also reserve funds for:

- Indirect costs of administering state and federal programs
- Repayment of disallowed expenditures

Funds received through the Consolidated Application must be used to reach school goals for improving the academic performance of all students to the level of state standards. In so doing, care must be exercised to ensure that each funding source is used for the purposes for which the funds are allocated, and for eligible students.
