Strategic Plan Process

1. **Safety and Acceptance:** We envision a school environment that is safe and conducive to learning that fosters positive relationships, empowers community, values diversity, equity and inclusion.
2. **Teaching and Learning:** We envision a school district where everyone grows and succeeds in a differentiated learning community that impacts the whole child.
3. **Student Autonomy:** We envision a school district where students discover their love for learning, passions and voice through active engagement and ownership of their continuous pursuit of knowledge and learning.
4. **Finance and Facilities:** We envision a school district where fiscal responsibility is a priority aligned with the community.

2021-2022 Full Return to In-Person Learning

The American Rescue Plan Elementary and Secondary School Emergency Relief (ARP ESSER) Fund under the American Rescue Plan (ARP) of 2021 provided a total of \$122 billion to state and school districts to help safely reopen and sustain the safe operation of school as well as address the impact of the Corona-Virus (COVID-19) pandemic on our nation's students. Each local school district will receive a portion of the state's ARP ESSER Funds. The local school district is required to reserve at least 20% of these funds to address learning loss through the implementation of evidence-based interventions and ensuring the focus of interventions include students' social, emotional, and academic needs. The remaining funds may be used for a wide range of activities. School districts are required to develop a Safe Return to In-Person Learning Plan with the remaining funds.

The Jefferson Township Local School District will reopen with a Full Return to In-Person learning, 5-days a week for the 2021-2022 school year. Click [here](#) to access the 2021-2022 school calendar. The district has developed a plan to safely stay in school and utilize ARP ESSER Funds in alignment with the Strategic Planning Process to meet students' academic, social and emotional needs and meeting the needs of the district and community.

Staff and students will be required to follow CDC guidelines including wearing masks throughout the buildings and maintain social distancing. Students will also return to participation in extra-curricular activities beginning with Fall sports.
