## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program  
Additional Targeted Support and Improvement

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The goals, actions, and services in this plan meet ESSA requirements for a schoolwide plan, and are aligned with the goals, actions, and services detailed in the district's Local Control Accountability Plan (LCAP).

### Comprehensive Needs Assessment

The school plan shall be based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to the challenging state academic standards, particularly the needs of those children who are failing, or are at risk of failing, to meet the challenging state academic standards and any other factors as determined by the LEA.

(20 U.S.C. Section 6314[b][6])

### Our School’s Process:

School planning is an ongoing process. Each year, our school’s leadership team with technical

assistance from district leadership and input from site councils (SSC) and English learner advisory committees (ELAC), review our school's progress toward achieving the established goals.

#### Analysis of Data:

The comprehensive needs assessment shall include an analysis of verifiable data, consistent with all state priorities and informed by all indicators. (EC Section 64001[g][2][A]; 34 CFR Section 200.26[a])

Our school's process begins with a thoughtful analysis of student achievement data including data from:

- The California School Dashboard
- District formative and summative assessments
- School level assessments
- The HESD Parent Survey
- The HESD LCAP Student Survey
- Input from the district's curriculum committee (a representative body comprised of a majority of teachers)
- Teacher surveys to gather input on professional development needs.

Each school year, after data from the California School Dashboard is published by the California Department of Education (CDE), our school's leadership team meets with district leaders to analyze achievement and school climate data and to set proposed targets, called Annual Measurable Outcomes/Expected Outcomes, for "All Students" and for each student subgroup on both academic and school climate indicators.

Data from the Annual HESD Parent Survey and Student Survey are reviewed by our school site leadership team and proposed Annual Measurable Outcomes/Expected Outcomes are set for metrics relating to parent and student satisfaction with the instructional program, the school's services, programs, extra-curricular activities, and school safety.

These proposed Annual Measurable Outcomes/Expected Outcomes are taken to our SSC and ELAC for input and, if requested, additional revisions. These Annual Measurable Outcomes/Expected Outcomes are part of this school plan and can be found immediately after each goal in the pages that follow.

The results of this analysis are summarized in a statement of "Identified Need" that follows each goal in the school plan.

#### School Site Councils and English Learner Advisory Committees

Our school holds four school site council meetings each school year. The first meeting is held in September. The purpose of the first meeting is to establish the school site council, elect members and officers for the year, and to train council members on their roles and responsibilities.

The second meeting is held in February after the publication of the California School Dashboard by the California Department of Education (CDE). At the second meeting, student achievement is reviewed, including the achievement of English learners. The school's professional development needs and activities are reviewed. The implementation of the school plan is monitored, the needs assessment is reviewed, and any changes in the plan's goals, action strategies, or expenditures are discussed and approved.

The third meeting is held in March. At the third meeting, student achievement is once again reviewed, but at this meeting, the focus is on school climate and parent involvement. Once again implementation of the school plan is monitored and any changes to the plan's goals, action strategies, or expenditures are discussed and approved.

The fourth meeting is held in May. At this meeting, the Annual Update/Evidence Based Evaluation of the school plan is reviewed and revised based on recommendations from the committees. Using the Annual Update/Evidence Based Evaluation, the individual Actions/Strategies in the plan that were well-implemented and effective, and that should continue in the next school year, are discussed. Areas of need along with any recommended changes to the Actions/Strategies are also discussed. Major differences between intended implementation and/or the budgeted expenditures are reviewed. The school site leadership and school site council propose changes to the goals, the annual outcomes, metrics, strategies/activities, and/or expenditures that will be made to next year's plan. Finally, the school plan for the next school year is approved by the SSC and the plan is recommended to the governing board for approval

#### Comprehensive Needs Assessment Documentation:

The documents listed below, most of which are embedded in the pages of this school plan, shall comprise our school's Comprehensive Needs Assessment, our process, and document the results of the needs assessment.

# Comprehensive Needs Assessment Components

## Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

## Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

## Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

## Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

## Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

## Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Evidence-based educational practices to raise student achievement

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

## Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Fiscal support (EPC)

## Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

#### School Site Council (SSC)

The school maintains a school site council. The SSC is comprised of parents, teachers, and school staff. Parents make up 50% of the SSC with parents of EL students representing at least the same percentage on the committee as the percentage of EL students enrolled at the school. The school holds four school site council meetings each year in October, December, February, and May.

During these meetings student achievement is reviewed, the school's/students' needs are assessed, and based on this analysis the school plan is developed. The school plan is approved by the school site council each year in May (for the upcoming school year), and again the following February. The Hanford Elementary School District Board of Trustees approves the school plans after the school site council has given their approval.

#### English Learner Advisory Committee (ELAC)

The school's English Learner Advisory Committee has designated the SSC, established pursuant to Education Code Section 52852, to function as the advisory committee for English Learners (Education Code 52176) at the school. This means that the SSC acts as the advisory committee for ELs and is the voice of EL parents at the school site. The SSC performs all of the duties of the ELAC. Both the ELAC and the SSC have approved this designation.

### District English Learner Advisory Committee (DELAC)

The district maintains a District English Learner Advisory Committee (DELAC). The DELAC is comprised The DELAC meets four times per school-year in November, January, March, and May. The DELAC advises the board on conducting a district-wide needs assessment on a school by school basis; advises the board on the district's plan for educational programs and services for English learners that takes into consideration the Single Plan for Student Achievement; advises the governing board on the district's (and school site) annual needs assessment.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

### Chronic Absenteeism

Our school is ATSI Eligible for Chronic Absenteeism based on the student Groups: Students with Disabilities and White Students. We had not focused on these particular subgroups for Chronic Absenteeism. Although the rate of chronically absent students has been historically low, the COVID pandemic and the various strands of COVID-19 have had and continue to have a significant negative impact on student attendance. Department of Public Health required quarantines along with significant numbers of students testing positive and/or being symptomatic with COVID, which have caused significant rises in absenteeism during the 2021-2022 school year. The school's programs and services for students, leading up to the pandemic, have led to a significant and steady decline in chronic absenteeism. This indicates a need to continue, and where possible, expand the services and programs that support students and their families with social and emotional well-being and to keep them engaged in school to further reduce the number of students who are chronically absent, particularly our ATSI subgroups.

### Academic Performance

Our school is ATSI Eligible for Academic Performance based on the student Group: Students with Disabilities. As a result, we will actively monitor the achievement of students in this student group and provide supports to increase their achievement. Our school leadership team has developed plans to create specific goals and associated strategic actions that will help improve outcomes for all students while focusing on the needs of the aforementioned student group.

## Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

## Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## LEA/LCAP Goal

All students will make progress toward proficiency on the state adopted standards and English learners will make progress learning the English language.

## Goal 1

All students will make progress toward proficiency on the state adopted standards and English learners will make progress learning the English language.

## Identified Need

CAASPP scores from the 21-22 school year in ELA and math indicate that students did make slight gains from the previous year for the 20-21 school year. Even though there was an increase in test scores from 20-21 school year, the scores in ELA and math show a substantial decline from pre-Covid CAASPP scores (the 2019 California School Dashboard.)

African American students and students with disabilities showed the most serious declines in ELA from pre-Covid scores. In math, our African American, Students with Disabilities and English Learners, showed a positive increase from the previous year, but we were still shy of our goal.

There is a need to provide students with a strong cored educational program along with significant supplemental/after-hours intervention and instruction.

Our school is ATSI Eligible for Academic Performance based on the student Groups: Students with Disabilities.

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

#### Strategy/Activity

All students will have access to essential grade level standards and materials that support the implementation of grade level standards. Teachers will understand the essential standards and implement standards-based reading instruction, incorporating all essential components of balanced literacy, as defined by HESD pacing guides.

\*Universal Screenings, Diagnostic and ELD Assessment results will be used to monitor student progress. The formative assessment process will be used to inform instruction, to make decisions about reteaching, small group, and if students will need additional supports or extensions with learning essential standards and our ELs learning English. This will be a schoolwide, collective, collaborative and coordinated effort by all. Our Site Leadership Team, BAIT Team and Grade Level Teams will ensure that we have the essential books, supplies, materials and digital resources necessary, to address the needs of all students, including our English learners and other at-risk subgroups.

Library Media Technician promotes regular use of literacy to enrich the school experience and encourages regular participation in library activities to develop students’ literacy skills.

#### Physical Education

Students will receive instruction in physical education for a total period of time of not less than 200 minutes each 10 schooldays, exclusive of recesses and the lunch period. The Physical Education Model Content Standards will follow a sequential, developmentally appropriate curriculum designed and implemented to help students acquire the knowledge, skills, attitudes, and confidence needed to adopt and maintain a physically active, healthy lifestyle.

## Strategy/Activity 2

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

Some Students (Students Identified as Requiring Additional Support including our ATSI subgroup: Students with Disabilities)

### Strategy/Activity

Additional time and support for identified students will be provided to learn essential standards. These students will be offered Tutoring, Interventions and Extensions, as needed. All Interventions will include progress monitoring and have target learning outcomes. The interventions timely, targeted and flexible. Students' progress toward meeting the set learning targets will be monitored, using assessments that are aligned to the learning target set for the students.

ATSI Eligible Student Groups: Students with Disabilities

Implement standards aligned ELA and mathematics instruction incorporating state adopted text and HESD pacing calendars, with a focus on our ATSI eligible student groups:

#### EVIDENCE

\*Strong Evidence

Note: The HESD Mathematics Pacing Calendar provides teachers with specific information and support to carry out each of the following recommendations\* that show strong evidence from at least 1 well-designed and well-implemented experimental study:

1. Review and integrate previously learned content throughout intervention to ensure that students maintain understanding of concepts and procedures.
2. When introducing new concepts and procedures, use accessible numbers to support learning.
3. Sequence instruction so that the mathematics students are learning builds incrementally.
4. Provide visual and verbal supports.
5. Provide immediate, supportive feedback to students to address any misunderstandings.

Note: The HESD English Language Arts Pacing Calendar provides teachers with specific information and support to carry out each of the following recommendations\* that show strong evidence from at least 1 well-designed and well-implemented experimental study, with a focus on our ATSI eligible student groups:

1. Teach students academic language skills, including the use of inferential and narrative language, and vocabulary knowledge. (Minimal)
2. Develop awareness of the segments of sounds in speech and how they link to letters. (Strong)
3. Teach students to decode words, analyze word parts, and write and recognize words. (Strong)
4. Ensure that each student reads connected text every day to support reading accuracy, fluency, and comprehension. (Moderate)

1. Provide explicit vocabulary instruction (Strong)
2. Provide direct and explicit comprehension strategy instruction. (Strong)
3. Provide opportunities for extended discussion of text meaning and interpretation. (Moderate)
4. Increase student motivation and engagement in literacy learning. (Moderate)
5. Make available intensive and individualized interventions for struggling readers that can be provided by trained specialists. (Strong)

Integrated ELD

(Core Program ELD/EL Support)

The foundation of the district's support for English learners are its integrated and designated English language development instruction programs. These are the district's core ELD programs. ELD instruction and EL support in academic content areas will be provided to all EL students using the state adopted core and ancillary materials ensuring that English learners are receiving language instruction that supports access to the state-adopted content standards in ELA, mathematics, science, and history social science.

Have classroom practices, curriculum and instruction that is responsive to different EL student characteristics and experiences.

\*Teachers provide integrated ELD in all academic content areas.

\* Intentional supports and scaffolds.

\*Preview or pre-teach to build background knowledge for topic

\*Provides connections to what students already know.

\*Hands on activities and discussions, with language supports as needed.

EL Students are supported across the school day in all content areas. English learners in Hanford Elementary are referred to as ELITE because being an English learner, knowing two languages and working toward becoming bilingual and biliterate, is considered an asset rather than a handicap.

Integrated ELD:

- Includes intentional supports and scaffolds that happen by design
- Is planned in advance as part of the lesson to eliminate barriers to learning
- Often includes a preview or pre-teach to build background knowledge for the topic
- May include small group
- Provides connections to what students already know
- Often includes hands on activity and discussion (with language supports as needed)
- May include the use of charts and graphic organizers

Provide all EL students with ELD instruction and EL support using the State adopted materials. This is the district's core program of integrated ELD.

ELD instruction and EL support in academic content areas will be provided to all EL students using the state adopted core and ancillary materials ensuring that English learners are receiving language instruction that supports access to the state-adopted content standards in ELA and mathematics.

A Director of Curriculum (English Learners), working at the district level and funded with LCFF, provides leadership and monitoring of the district's integrated and designated ELD programs. The Director of curriculum works with school site principals and learning directors ensuring that implementation of ELD is in place and that teaching staff receive professional development in ELD instruction. The Director of Curriculum develops, implements, supervises, and monitors all activities funded with Title III.

A learning director at each school site, funded with LCFF, provides leadership and monitoring of ELD instruction at the school site level. Learning directors ensure that both integrated and designated ELD are in place and are effective. Learning directors provide leadership and support to teaching staff in identifying EL students requiring interventions. Learning directors monitor the implementation of interventions at their sites. Learning directors, working with the Director of Curriculum, assess the ELD professional development needs of their individual school sites, and, working together, implement PD that is targeted to individual school sites' needs.

Designated ELD  
(Core Program)

EL students are provided with consistent, effective, research-based designated English language development instruction that is carefully planned and explicitly taught; that includes opportunities to develop fluency through authentic oral and written practice; that includes activities with language beyond students' current level of proficiency; and that is specifically targeted to students' English proficiency levels. Students will receive ELD instruction at their English language development level during the ELD instructional block. Each school will implement a 30-minute block of time each day for English language development instruction. The district leadership team will monitor and provide technical assistance and professional development for the implementation of ELD at school sites. Students' ELD level will be appropriately and promptly identified. District level leadership team will provide school sites with professional development/technical assistance in developing deployment schedules so that all students are provided with ELD instruction at their ELD level. The district leadership team will continue to monitor the implementation of deployment for supplemental ELD instruction.

Students will receive ELD instruction at their English language development level during the ELD instructional block. This is the districts core designated ELD program.

**Dedicated ELD Time Block:**

Each school will implement a 30 minute block of time each day for English language development instruction. The district leadership team will monitor and provide technical assistance and professional development for the implementation of ELD at school sites.

**Identify Students' ELD Level:**

Students' ELD level will be appropriately and promptly identified. All school sites will locally score the ELPAC annually.

**EL Deployment School Site:**

School site leadership teams will use the results of assessments including local scoring of the ELPAC, and district formative assessments to plan deployments to ensure that ELs are instructed at their ELD level.

**EL Deployment LEA:**

District level leadership team will provide school sites with professional development/technical assistance in developing deployment schedules so that all students are provided with ELD instruction at their ELD level.

**Monitor ELD Deployment:**

The district leadership team will continue to monitor the implementation of deployment for supplemental ELD instruction.

**Trimester Monitoring of ELs**  
Once each trimester, all teachers will document the progress of each of their EL students. This documentation will be aligned to the 2012 ELD standards and will be based on ELPAC scores, results of district benchmark and formative assessments, student work samples, and teacher observations.

**Upload EL Documentation:**  
Once each trimester teachers will upload documentation of each EL student's progress to a master database.

**School Site Progress Monitoring**  
School site leadership will access the master database to monitor the progress of EL students.

**Identify Students At Risk of LTEL:**  
The district will identify students at-risk of becoming LTEL and will monitor the progress of these students through their elementary and junior high school years.

**Data Analysis**  
Data, including local scoring of ELPAC, information from the master EL database, and district benchmark and formative assessments will be used to develop a timely analysis of students' progress and used to identify students at risk of becoming LTEL.

**Intervention for At Risk LTEL:**  
Once identified, students at risk of becoming LTEL will be provided with both language and academic interventions based on their language and academic needs.

**Monitor Progress LTEL:**  
The progress of students identified as being at risk of becoming LTEL will be monitored at both the school site and LEA level.

### Strategy/Activity

#### Supplemental, After-Hours ELD Instruction

English learners who are identified as making insufficient progress in learning English are provided with supplemental, after-hours ELD instruction. These students will be provided with after-hours intervention and enrichment with an English Language Development focus. Teachers will be recruited to from school sites to provide after-school ELD to EL students. (Teacher will provide instruction to EL students at their own school site.) The Director of Curriculum will monitor students' attendance and progress and will provide technical assistance to the school sites in implementing supplemental ELD.

#### After-School ELD:

Deliver supplemental, after-hours ELD instruction to students identified as making insufficient progress in learning English that is aligned to students' proficiency levels, the ELD standards, and is research/evidence-based. Recommendations found in: California Department of Education. (2010). Improving Education for English Learners: Research Based Approaches. Sacramento: California Department of Education.

EL students will be provided with after-hours intervention and enrichment with an English Language Development focus.

#### Recruit Teachers:

Teachers will be recruited to from school sites to provide after-school ELD to EL students. (Teacher will provide instruction to EL students at their own school site.)

#### Monitor After School ELD:

The Director of Curriculum will monitor students' attendance and progress and will provide technical assistance to the school sites in implementing supplemental ELD.

# Annual Review

## SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Expected Outcomes vs. Actual Outcomes in CAASPP Data. The scores below are the Actual Outcomes from the 2022 CAASPP testing. In comparing these scores to the Expected Outcomes established in the 2021-2022 school year for the 2022 CAASPP results, a “Met” determines the Actual Outcome results from the 2022 CAASPP met or exceeded the expected outcome projection, while a “Not Met” determines the Actual Outcome did not meet the expected outcome projection.

ELA: All Students- 39.45 %- Met  
ELA: African Americans- 26.67% - Not Met  
ELA: Hispanics- 39.67%- Met  
ELA: White- 44.44%- Met  
ELA: English Learners- 18.03%- Met  
ELA: Socioeconomically Disadvantaged- 39.61%- Met  
ELA: Students with Disabilities- 0%- Not Met

Math: All Students- 27.47%- Met  
Math: African Americans-13.33%.-Not Met. We did improve from 0% previous school year (2020-2021), but we did not meet our expected outcome of 25%. We were shy of our goal by 11.67%.  
Math: Hispanics- 28.80%- Met  
Math: White- 25.93%- Met  
Math: English Learners- 9.84%-Not Met. We did improve from 2.38% previous school year (2020-2021), but we did not meet our expected outcome of 10%. We were shy of our goal by just 0.16%  
Math: Socioeconomically Disadvantaged- 26.57%- Met  
Math: Students with Disabilities- 5.56%-Not Met. We did improve from 0% previous school year (2020-2021), but we did not meet our expected outcome of 10%.

### Implementation

The actions and services under Goal 1 were well implemented overall, with students making progress toward proficiency on the state-adopted standards and with students who are English learners making progress learning English. Standards-based ELA and mathematics instruction as defined in by the Common Core Standards incorporating state-adopted text and HESD pacing calendar is in place in all classrooms. School site leadership, with support from the district office curriculum and instruction department, monitors schools, classrooms, and student progress. Students requiring intervention are identified and provided with supplemental instruction/intervention including after-hours instruction. Integrated ELD (Core Program ELD/EL Support) instruction and EL support in academic content areas were implemented across the school at all grade levels. English learners received language instruction supporting access to the state-adopted content standards in ELA, mathematics, science, and history/social science. Designated ELD (Core Program) Students received 30 minutes of ELD instruction at their English language development level during the ELD instructional block. Students received ELD instruction at their English language development level during the ELD instructional block. Teachers documented the progress of EL students using the district's EL rubric forms.

## Effectiveness

The actions under Goal 1 continue to be effective in students making progress toward proficiency on the state-adopted standards and English learners continue to make progress learning the English language.

Although data from the 2020-2021 CAASPP indicate students experienced significant learning loss due to the impacts of the COVID pandemic and the associated school closures, extended periods of distance learning, student absences, and staffing shortages, the 2021-2022 CAASPP scores showed a closing of the learning loss gap and in some cases, surpassed the pre-pandemic CAASPP scores. Based on anecdotal evidence, an increase in CAASPP scores over the previous year, and data from local assessments in 22-23, showing students making gains in achievement, the scores do not indicate a need to make significant changes to the instructional program; rather, they indicate a need to continue to build upon and strengthen the school's existing instructional programs.

Note: For individual analysis of each action under this goal, please see the attached addendum to this school plan: 2021 SPSA: Evidence-Based Title I Funded Program Evaluation

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Although the strategies/activities in the plan were implemented, new funding, both federal and state, was used to support some of the activities in this school plan. Struggling students received interventions through the Extended Learning Opportunities Plan (ELOP) and/or through the ESSER Learning Loss. The continuing pandemic and resulting student absences and staffing shortages disrupted some of the school's programs and operations. Teacher over-contract for interventions was limited resulting in not all funds being spent. Adequate supplies and materials were available using less than the budgeted amount.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The school will continue to provide standards-aligned instruction to all students, interventions and supports for struggling students, and designated and integrated ELD for English learners. The school will continue to provide students with an extensive suite of digital/online supplemental instructional materials.

After-school support and activities including enrichment, tutoring, and ELD instruction will continue to be funded through the district-wide Expanded Learning Opportunities Program and will no longer be included in the school plan. All students will have the opportunity to participate in these programs.

Student CAASPP scores increased from 20-21 to 21-22, including most subgroups. The strategies and activities under Goal 1 will continue into 23-24.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## LEA/LCAP Goal

The district will support teachers and staff with professional development, training, and collaboration time.

## Goal 2

The school will support teachers and staff with professional development, training, and collaboration time.

## Identified Need

The ongoing COVID-19 pandemic is placing a strain on the district's/school's professional development programs. Students have experienced significant learning loss compared to 2019 due to missed school. Students are also experiencing increased social emotional needs due to the effects of the pandemic.

There is a significant need to provide teachers with professional development to build upon the analysis of student achievement data by studying the work of individual students, especially their written work, and diagnosing specific areas of strength and areas of need. There is a need to develop instructional planning based on this analysis.

There is a need to provide students who are English learners with language support in all academic areas (called Integrated ELD) and to provide these students with specific English language development instruction (instruction in learning the English language (called Designated ELD). In order to provide effective Integrated ELD and Designated ELD, there is a need to provide classroom teachers with leadership, training, and support in these areas.

Due to the COVID pandemic, there is a need to provide teachers with support, including professional development, in supporting students' increased social emotional needs.

### Strategy/Activity

Teachers and administrators will participate in district PD and site-based PD. Teachers will receive PD that is specific to the needs of the school site. Site leadership team will determine PD needs based on student data trends, teacher observations, and input from teachers. PD will include whole group PD, in class coaching, support from leadership during collaboration, lesson development and planning, backwards-mapping, and analysis of formative and summative student achievement data.

Collaboration time is provided every Wednesday for teachers. Teachers will utilize this time to use the formative assessment cycle to inform instruction, small groups, and students needing Tier 2 interventions. During this time, teachers will look at data pertaining to EL's, SED, and SPED.

Teachers will have access to district instructional coaches who specialize in reading, writing, math and science.

In order to ensure we are meeting the needs for all English Learners through designated and integrated ELD, PD and support will be provided to teachers.

## **SPSA Year Reviewed: 2022-23**

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

### **ANALYSIS**

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

#### **IMPLEMENTATION**

The COVID-19 pandemic and resulting student absences and staffing shortages disrupted many of the school's programs and operations. Despite these disruptions and challenges, the actions under Goal #2 were well implemented.

Teachers attended three district-led, full-day professional development sessions providing teachers with training in research-based instructional strategies for ELA, Math, and ELD. Teachers are provided with a "minimum day" each Wednesday to collaborate around student assessment data and to plan instruction and intervention.

Due to the COVID pandemic, the severe shortage of substitute teachers, and the urgent need to support classrooms where teaching staff tested positive and were quarantined or symptomatic with COVID, the district's team of instructional coaches provided emergency temporary (substitute) classroom instruction for most of the school year. The use of instructional coaches to provide this emergency classroom support prevented classrooms and schools from being forced to close in 2021-2022. The instructional coaches were temporarily funded with ESSER III because they were not performing their normal (Title I allowable) duties. They will resume their duties as instructional coaches and will return to being funded with Title I once the pandemic subsides.

A professional development team consisting of a curriculum specialist in English language arts, a curriculum specialist in mathematics, and five instructional coaches provide high-quality, research-based professional development to teachers and administrators. Instructional coaches specialize in reading, writing, mathematics/science, the integration of technology into the instructional program, and the development of digital literacy skills to improve academic achievement. These coaches provide whole-group professional development, in-class coaching, coaching during weekly collaboration, lesson development and planning, backward mapping, and analysis of formative and summative student achievement data. The professional development team provides training and professional development specifically designed to improve the academic achievement of various subgroups including English Learners.

New teachers were served with a CTC-accredited new teacher induction program with a director and two full-time, full-release induction coaches. New teachers received induction support for two years and clear their credentials through the induction program.

#### **EFFECTIVENESS**

Teacher surveys indicate that the professional development and collaboration time were effective, and despite challenges from the pandemic, they were supported by this training, professional development, and collaboration.

Note: For individual analysis of each action under this goal, please see the attached addendum to this school plan: SPSA: Evidence-Based Title I Funded Program Evaluation

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The district's and school's professional development program mostly implemented, however, outside professional development opportunities have been limited due to the COVID-19 pandemic. Instructional coaches were back to providing professional development to the teaching staff and induction coaches were back to providing mentorship to teachers in the induction program.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

There is a continuing need to provide professional development around mitigating students' learning loss, while at the same time, providing grade-level standards aligned instruction. There is a need to continue to use the districts instructional coaches while also providing professional development opportunities from outside the district, such as from Tulare or Kings County offices of Education.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## LEA/LCAP Goal

Students will learn in a safe, well maintained school where they are supported, engaged, and connected to their school.

## Goal 3

Students will learn in a safe, well maintained school where they are supported, engaged, and connected to their school.

## Identified Need

### Suspension

Although the school's suspension rate has decreased consistently over the last decade, in the past couple of years, with the COVID pandemic, there has been an uptick in the number of students who are suspended. Suspension rates the past year were at or near pre-COVID rates even though there was an uptick in behavioral and social concerns extending from the prolonged pandemic and prior distance learning. There is a need to continue to reduce the number of students who are suspended by supporting all students with incentives and rewards for good behavior, by identifying students with behavior challenges, and by providing students with challenges with increasing levels of support. Our teachers, student specialist and principal have still been diligent in reminding students of our school behavior/discipline plan. Our numbers are up (10 days) a little more than last year (3.5 days). Our kindergarten students are our biggest concern, as students are struggling to acclimate to school structures, routines and expectations. We're working on getting back to fully utilizing our practices and incentives for our School Wide Discipline Plan (PBIS) model. We will continue to strengthen our goal to decrease student discipline. We will continue with our PRIDE Fridays, BuzzFest, Live-School Points, Stinger Store, Attendance Rewards, Student of the Month awards and other incentives, to help students make better choices academically and behaviorally. \*Our rate last year was 0.68% and we're now at 1.70%. Our 21-22 overall Measurable Outcomes for all students: Actual Outcome was 0.7 and Expected was 1.9% So, we exceeded our expectations. However, now at 1.70%, we're cutting it close this year, but hope we stay under 1.9% to finish out the year. Expulsion rate will be 1% or below.

### Chronic Absenteeism:

Although the rate of chronically absent students has been historically low, the COVID pandemic and the various strands of COVID-19 have had and continue to have a significant negative impact on student attendance. Department of Public Health required quarantines along with significant numbers of students testing positive and/or being symptomatic with COVID, which have caused significant rises in absenteeism. There is a need to continue providing students and their families with social and emotional support to keep them engaged in school and to further reduce the number of students who are chronically absent.

Due to the pandemic, our attendance really suffered; last year, we had 205 chronically absent students at 46.80%. Thankfully, we have improved and are now at 25.53% Although we're grateful for the improvement, that percentage is still high. Our 5th and 6th grades have over 50 absences between 0-10, but Kinder is over 65 and at almost 30 for absences in the 11-25 range. We still have room for improvement. We're doing well with and plan to resume some of our attendance practices and incentives that were in place prior to the pandemic, such as: attendance days rewards, PRIDE

Friday and attendance competitions with other schools. We will have our Bilingual Clerk and Student Specialist monitor attendance through phone calls, letters home and/or home visits. Those that have poor attendance will be notified via telephone, letter(s) and have a meeting with the Student Specialist. If it gets too severe, then the SARB process would be implemented. Additionally, there is a need to continue providing students with social and emotional supports to keep them engaged and in school. Our 21-22 overall Measurable Outcomes for all students: Actual Outcome was 43.2, which was high. However, we're currently at 25.53%, which is much better. We're putting our overall expected outcome for all students at 30% for the 2023-2024 school year.

### Strategy/Activity

Provide a school environment that will have a positive impact on the emotional, social and physical well-being of every child that will accelerate their learning. Through the use of PBIS we will develop a culture of positive behavior supports that will create an environment for great first teaching, high levels of learning and improved behavior within the general and special education classroom settings for all students.

Promote student attendance and good citizenship to support daily access to core instruction and services (N.E.S.T. expectations, PBIS passport day, grade level assemblies, Awards Assemblies, Student of the Month, Monthly N.E.S.T. activities, attendance incentives, attendance and citizenship rewards, Live School Points and Stinger school store).

Teachers will provide for all student's clear classroom expectations, teach those expectations, and have a classroom reward system using our digital point system (Live School). Students can redeem points weekly in the school store. Monitor daily attendance with a daily perfect attendance chart. Create classroom environments that encourage students to be at school daily.

Student Specialist and Support staff will monitor student attendance and discipline to provide students with targeted supports. Use behavior data to provide students with targeted interventions. Progress will be monitored through CICO data.

Student Specialist, PBIS Committee (teachers), and B.A.I.T Team will collaborate to analyze disciplinary data and plan activities that address student needs to promote positive behaviors (lunch time activities, classroom lessons to support N.E.S.T. expectations.)

Students will have the opportunity to participate in structured physical activities during recess and lunch that promote character-building to enhance our school culture beyond the classrooms.

Strategy/Activity

Implement a social/emotional course of study that supports students and staff in order to acquire and apply the knowledge, attitudes, and skills to manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships with peers and adults, and make responsible decisions. Improved social/emotional skills and decision-making will lead to an increase in academic achievement. The social-emotional learning (SEL) system will be designed to help leadership, staff, and students strengthen their social-emotional skills and create a positive and supportive school climate. This will also include increasing the neighborhood-to-school connection to build school pride and encourage a positive school community.

# Annual Review

## SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

### IMPLEMENTATION

The COVID-19 pandemic and resulting student absences and staffing shortages disrupted many of the school’s programs and operations this past year. Despite these disruptions and challenges, the actions under Goal #3 were well implemented. All students received support and participated in activities to promote citizenship and good behavior. High-needs students received additional support. Learning directors monitored the social-emotional and health needs of students and coordinated the support that students received from counselors, social workers, nursing staff, and student specialists.

### EFFECTIVENESS

Because of the COVID pandemic, there has been an increase in chronically absent students and an increase in behavioral and social concerns that have increased the suspension rate. The Department of Public Health required quarantines along with significant numbers of students testing positive and/or being symptomatic with COVID, which have caused significant rises in absenteeism.

Anecdotal observations along with internal data for the current school year show that students have experienced a decline in social-emotional well-being due to the COVID pandemic. Although support from school staff has mitigated this decline, there is a great need to continue providing support and interventions.

The COVID pandemic has had a profound effect on student attendance. This past year there were significant numbers of students testing positive, quarantined, or symptomatic with COVID who missed many days of school. The nature of the pandemic and pandemic-related safety concerns required that the district suspend or alter programs and activities that promoted school attendance.

The data measuring school climate, especially suspensions and absenteeism, are significantly impacted by the COVID pandemic and do not accurately reflect the impact that the school's programs and services have had on school climate. The school's programs and services for students under Goal #3, leading up to the pandemic, have led to a significant and steady decline in suspensions and chronic absenteeism. This indicates a need to continue, and where possible, expand the services and programs that support students' social-emotional well-being and physical health.

Note: For individual analysis of each action under this goal, please see the attached addendum to this school plan: 2021 SPSA: Evidence-Based Title I Funded Program Evaluation

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The continuing pandemic and resulting student absences and staffing shortages disrupted some of the school's programs and operations which resulted in not all funds being spent. There are no material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

All students will continue to receive support and will participate in activities to promote citizenship and good behavior. High-needs students will receive additional support. Learning directors will continue to monitor the social-emotional and health needs of students and coordinate the support that students' will receive from counselors, social workers, nursing staff, and student specialists.

There will be a great need to continue to re-establish a culture where students and their families view attending school every day as very important after the last few years of dealing with the pandemic.

Activities to support and promote school attendance will resume and expand.

There will be a need to continue and build upon services and programs for students to support social emotional wellbeing and to promote good school attendance and behavior.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## LEA/LCAP Goal

Communication between schools and home will be regular and meaningful.

## Goal 4

Communication between schools and home will be regular and meaningful.

## Identified Need

In order for parents/guardians to actively participate in their children's education, there is a need for home-to-school communication and parent/guardian involvement. Parents need information and training to help their children achieve in school.

The HESD Parent Survey indicates the majority of parents agree or strongly agree with the statements:

- "The Parent/Teacher Conference was helpful to me in understanding my child's progress towards meeting ELA and math standards."
- "When I have questions about my child's classwork, I can ask for clarification and assistance from my child's school"

There is a need to continue providing parents with information on their child's progress and provide assistance when they have questions about their student's work. Students whose parents are informed about their children's progress in school achieve at higher levels.

Parents have a right to be involved in the decision-making process at the school and district levels. (California Education Code 52062-52063). There is a continuing need to involve parents in the decision-making process through the School Site Council (SSC), District English Learner Advisory Committee (DELAC), and Parent Advisory Committee (PAC).

### Strategy/Activity

Implement a variety of parent education and outreach activities. We will continue to provide regular communication through Parent-Square, yellow cards, progress reports, classroom newsletters, after-school tutoring calendars, notes home, e-mails, phone calls and in-person contact. that continues to foster high parent communication and involvement.

Plan, organize and implement a series of parent workshops that focus on assisting students with literacy, Math, Science, Kinder readiness skills, and homework. We will provide learning manipulatives/materials and engaging activities to increase parent/ staff communication, to support student engagement and success. Now that we're back in person, we're excited about having our parent nights (literacy, math/science night and trimester awards assemblies).

## Annual Review

### SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

#### IMPLEMENTATION

The COVID-19 pandemic and resulting student absences and staffing shortages have disrupted some of the school's programs and operations during the school year. Despite these disruptions and challenges, the actions under Goal #4 were well implemented. The school held a variety of parent activities to educate and support parents. The school employs a suite of resources to facilitate and support communication with parents.

The school's electronic system for communicating with families was upgraded in 21-22. School leaders along with individual teachers made extensive use of online communication tools to communicate with families.

School Site Council meetings, District Parent Advisory Committee, and District English Learner Advisory Committees resumed back to pre-COVID meetings in person.

#### Effectiveness:

The school's parent-conference attendance rate was 98.4% with parent/teacher conferences returning to in-person this year. The strategies and activities were effective in achieving the goal, that communication between schools and home will be regular and meaningful. Data from the HESD Parent Survey indicate that parents are overwhelmingly satisfied with the level of support, outreach, and communication they receive from the school.

Note: For individual analysis of each action under this goal, please see the attached addendum to this school plan: SPSA: Evidence-Based Title I Funded Program Evaluation

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

With the continuing pandemic easing, most strategies/activities under Goal #4 were well implemented, however there was some of the planned school programs and operations were disrupted, which resulted in not all funds being spent. There are no material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The school will continue to provide support, outreach, and education for parents. The school will continue to give parents a voice in the programs and activities that are developed and implemented. In-person parent involvement/education activities will continue to be expanded upon. The school will continue to implement the upgraded communication system (Parent Square). The SSC, PAC and DELAC will continue meeting in-person.

# Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Jen Pitkin (Principal)	Principal
Judy Johnson (2024)	Other School Staff
Lucy Brieno (2024)	Classroom Teacher
Dianne Dias (2024)	Classroom Teacher
Julee Pires (2024)	Classroom Teacher
Norma Casas (EL) (2023)	Parent or Community Member
Zaira Arevalo (EL) (2023)	Parent or Community Member
Lorena Avila (EL) (2024)	Parent or Community Member
Sara Maravilla (EO 2023)	Parent or Community Member
Phillip Cook (EL 2024)	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

# ELAC Membership

Name of Members	Principal	Classroom Teacher	Other School Staff	Parent or Community Member	Secondary Students
Jen Pitkin	X				
Judy Johnson			X		
Lucy Brieno		X			
Dianne Dias		X			
Julee Pires		X			
Zaira Arevalo				X	
Lorena Avila				X	
Norma Casas				X	
Sara Maravilla				X	
Phillip Cook				X	
<b>Numbers of members of each category:</b>					

There is no specific requirement for the size of ELAC. The members must represent at least the same percentage of English learners at the site. ELAC can delegate its roles and responsibilities to School Site Council only after the ELAC committee has been voted on and trained in the roles and responsibilities. If a favorable vote is taken, then the SSC must then be trained in their new roles and responsibilities representing ELAC. SSC must then agree to accept the duties of the ELAC. The SSC must have parents of EL students on the council. This process must be documented.

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

**Signature**

**Committee or Advisory Group Name**

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/15/2023.
