

2023-24

Preschool Enrollment

Will your child be three or four years old by August 31, 2023? Consider enrollment in a preschool program!

Enroll Now!

Our Programs

Federal Way Public Schools offers high-quality and affordable preschool programs for children ages three and four. There are both tuition-based programs and free programs for income-eligible children that provide young children the chance to grow socially, emotionally, and developmentally in a nurturing environment.

ECEAP

Free preschool is available for income-eligible families, Early Childhood Education and Assistance Program (ECEAP) preschool provides part-day and full-day preschool education and support for children and families.

Developmental Preschool

Becoming a peer model in our half-day developmental preschool program is a great alternative for families who do not qualify for ECEAP. There is a monthly tuition cost, and priority is given to scholars who will be four years old by August 31.
