Connect

If you aren't sure what to enter, ask your librarian for help.

type destiny.vistausd.org in the URL box, click connect and scroll down to find Vista Innovation and Design Academy

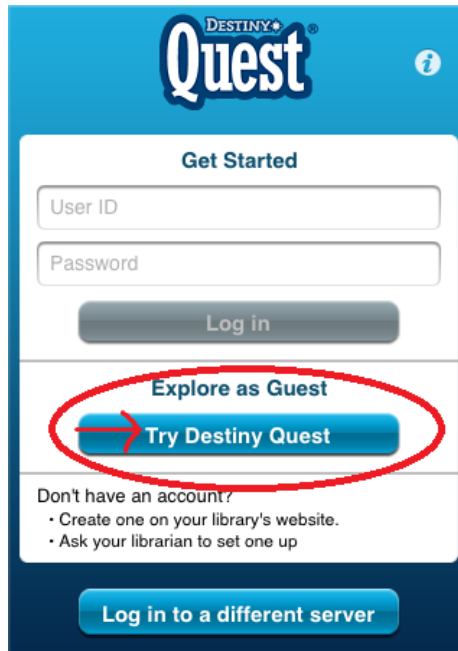

Log in

If student user, you must have created an account in Destiny on the internet version.

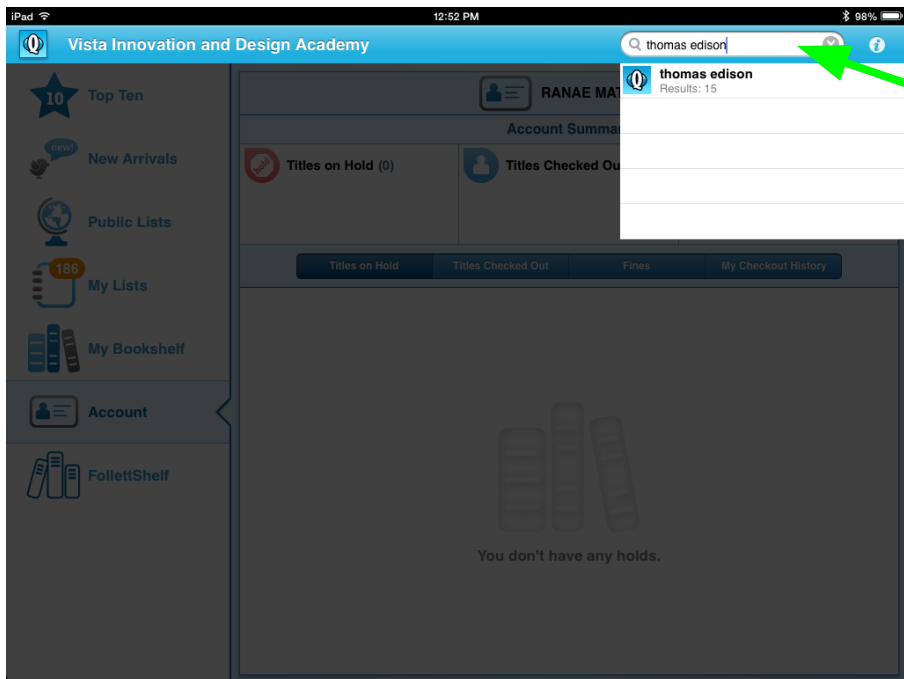

A screenshot of a web application interface showing a 'Login to Destiny Quest' dialog box. The dialog has two tabs: 'Log In' (selected) and 'Create New Account'. Under the 'Log In' tab, there are two input fields: 'Enter Your Last Name: *' and 'Enter Your Barcode: *'. Below these fields are 'Next' and 'Cancel' buttons. A small note at the bottom left of the dialog says '*Required information.' The background shows a library catalog interface with a 'STAFF READING' section and a 'Brainjack' link.

If a parent user, use Guest option.

A screenshot of the 'Get Started' section of the Destiny Quest website. The page has a blue header with the 'DESTINY Quest' logo and an information icon. Below the header, there are two input fields: 'User ID' and 'Password'. A 'Log in' button is positioned below these fields. Below the 'Log in' button, there are two buttons: 'Explore as Guest' and 'Try Destiny Quest'. The 'Try Destiny Quest' button is highlighted with a red circle and a red arrow pointing to it. At the bottom of the page, there is a button labeled 'Log in to a different server'.

Thomas Edison (1847)

Thomas Edison was born in 1847 in Milan, Ohio. Young Tom didn't do very well in school, so his mother decided to teach him at home. She gave him lots of books to read. Tom was a curious boy. He always wanted to know how things worked. He liked to see if he could make them work better. His mother let him set up a laboratory in the house where he could experiment with things.

As a young man, Tom set up a lab of his own, where he could try out his ideas. He invented lots of things in his laboratory. Guess what his favorite invention was? It was the phonograph. Before the phonograph, if you wanted to hear music, you had to play it yourself or go to a concert.

Edison's most famous invention was the light bulb. At the time, people used gas or oil lamps to light their homes.
