A note about Math and Science courses:

- Next level appropriate Math courses will be added to each student's course requests. This course recommendation will be determined by using assessment data, current performance in your math course, and teacher's individual knowledge of each student.
- If a family wishes to request a math course different from the one recommended, they must sign a form indicating this request and return the form to the counseling office. Forms may be obtained from the student's math teacher.
- Many Science courses have Math learning recommendations. It is important to choose a Science course appropriate for your level of Math knowledge. Please check the course guide for learning recs prior to making your choices!
- When choosing your alternate courses, please choose one alternate Science! It is not always possible for students to receive their first choice of Science based on demand, seniority, and Math levels.

In Student Access, Choose Schedule on left

The screenshot displays the 'Student Access' interface. On the left is a vertical sidebar with navigation links: Home, Calendar, Gradebook, Attendance, **Schedule** (highlighted with a red box), Test Scores, Educational Milestones, and Graduation. The main content area is titled 'Schedule'. It features a banner for 'Course Requests now open' with a button labeled 'Request Courses for 23-24 in LIBERTY SR HIGH SCHOOL' (the year '23-24' is highlighted in blue). Below this is a dropdown menu showing '(LIBERTY SR HIGH SCHOOL)'. A table lists the academic terms: '2020 - 2021', 'Term 1 (09/01/20 - 11/03/20)', 'Term 2 (11/04/20 - 01/22/21)', 'Term 3 (01/23/21 - 04/02/21)' (highlighted in yellow), and 'Term 4 (04/03/21 - 06/17/21)'. A mouse cursor is positioned over the 'Term 3' cell. At the bottom of the table, a message states 'No Schedule was found.'

2020 - 2021	Term 1 (09/01/20 - 11/03/20)	Term 2 (11/04/20 - 01/22/21)	Term 3 (01/23/21 - 04/02/21)	Term 4 (04/03/21 - 06/17/21)

Other Important Notes:

- Guided Study is not available to select as a course. Talk with Counselor about GS option.
- If you do not complete your requests before March 14th, a schedule will be created for you.
- Be sure to read the course guide before choosing your classes - some require auditions or applications and others have learning recommendations that should be met prior to enrollment. It is your responsibility to make sure you are requesting appropriate courses!
- Teaching Academy is a class! It is not a "TA" option!
- Choose at least 4 alternate courses, including an alternate Science. Choose your alternates with care in case we cannot create your schedule with all of your first choices.
