History of the Simi Valley Unified Personnel Commission

In 1965, the California State Legislature added Section 45221 to the Education Code. This law permitted classified employees to petition school boards to call elections and submit to election the question of whether or not Merit Systems (civil service) should become applicable to districts.

On November 20, 1967, on motion of Trustee Hallett, seconded by Trustee Binns and carried, the petition from local CSEA Chapter 310 to hold an election to determine whether or not the classified employees desired the Merit System (civil service) was accepted and the Superintendent was authorized to proceed with an election as provided in the Education Code.

On February 5, 1968, on motion of Trustee Binns, seconded by Trustee Tomlin and carried, results of the Merit System election were officially certified. The election carried by 204 "yes" votes to 100 "no" votes. The Simi Valley Unified School District officially came under the Merit System Law on February 5, 1968.

The original members of the Personnel Commission were Robert Bloch, Gordon Lindeen and Glen Schmidt. The Personnel Director and Secretary to the Personnel Commission was Ina Thompson.

The Merit System for the Simi Valley Unified School District is entered into force in a spirit of cooperation, is based upon the principle of equality, and is intended to pervade the performance of the Classified Personnel, the Personnel Commission, and the Board of Education throughout the life of the system. On the basis of this spirit and principle, any reasonable request of the Classified Personnel, Personnel Commission, or Board of Education shall be duly considered and acted upon by the other parties providing it is mutually acceptable.

The Personnel Commission ANNUAL REPORT

The Personnel Commission

Incorporating a system of rules and procedures, similar to civil service, the Personnel Commission is the mainstay of the merit system. The fundamental purpose of the merit system and the Personnel Commission is to insure that Classified employees are selected, promoted and retained without favoritism or prejudice, but rather on the basis of merit and fitness. The California Education Code empowers and sets forth the responsibilities of Personnel Commissions.

Under State law, the Personnel Commission is charged with the responsibility to establish rules to administer the classified (non-teaching) service which promotes the selection and retention of employees based on merit. Its guiding principle is to serve as an impartial body free from bias or the influence of any special interest group and which is ultimately responsible to see that all matters affecting the work lives of employees in the classified service are handled in a just manner. The Commission meets regularly, publishing its agendas and minutes.

The Personnel Commission is an independent body composed of three persons appointed for three-year, staggered terms, with the term of one member expiring each year. The Commission is composed of a member appointed by the District's Board of Education, and a member recommended by the classified employees of the district (CSEA Local Chapter #310) and approved by the Board of Education. Those two appointees, in turn, appoint the third member.

At its first meeting following December 1st of each year, the Commission elects one of its members as Chairperson, and another member as Vice Chairperson, to serve a term of one year or until their successors are duly elected.
