

1st Grade Scholars Reading Program

This is a reading incentive program which encourages students to read a book and write about it. Students move up in ranks of the program based on how many reports they complete during the school year. Two reports are mandatory for each semester; one fiction and one non-fiction. However, students are greatly encouraged to do more, so they can successfully move up the ranks of the program.

There are two types of reports to choose from, fiction and non-fiction. The format for each semester changes as the children's academic skills progress. Please pay close attention to the form for each semester as there are differences. First semester forms will not be accepted in the second semester of the school year.

The rankings for this program are as follows:

Associate's Degree - 5 completed book reports

Bachelor's Degree - 10 completed book reports

Master's Degree - 15 completed reports

Doctorate's Degree - 20 completed reports

Warmly,

The First Grade Team

Mrs. Giller, Mrs. Wagner, Ms. Bourdon, and Mrs. Schneid
