

## MOORPARK UNIFIED SCHOOL DISTRICT

5297 Maureen Lane, Moorpark, California

(805) 378-6300

January 2023

Dear Parent/Guardian,

The Moorpark Unified School District has implemented an integrated pest management program that monitors the safe and appropriate application of pesticides on school campuses. As part of this program and in compliance with the Healthy Schools Act of 2000, the District is providing a list of pesticides scheduled to be applied during the 2022-23 school year.

It is important to realize that the District always uses extreme care in the application of pesticides. **Whenever possible, pesticides are applied when students are not present.** Application procedures are carefully followed and monitored by staff. These products have been safely and effectively used throughout the District in recent years.

The following is a complete list of pesticide products that may be used on our campuses this year. Parents may request 72-hour prior notification before a pesticide is applied on a school site by completing the attached Pesticide Notification Registry form and returning it to Hector Alvarado, Moorpark Unified School District, 5297 Maureen Lane, Moorpark, California 93021 or you can turn in to your child's school office.

Pesticide Name	Active Ingredient	Target Pest
AMDRO	Zinc Phosphide	Gophers
Cy-Kick	Cyfluthrin	General pests
Demand CS	Lambda Cyhalothrin	Crawling insects, spiders
Dupont Advion	Indoxacarb	Roaches
EcoPCO ACU	2-Phenethyl Propionate	General pests, flying insects and termites
ExciteR	Pyrethrins/Piperonyl Butoxide	Spiders, general pests
Fusilde II	Fluazifop	Weeds
Gentrol IGR	Hydroprene	Cockroaches
Glystar Plus	Isopropylamine Salt of Glyphosate	Weed Control
Maxforce Granular Bait	Hydramethylnon	Ants, roaches, crickets
M-Pede	Potassium salts of fatty acids	Bees and wasps
Neem Oil	Seeds of Azadirachta indica	Aphids, fungus, mites, molds, rusts
Niban Granular Bait	Orthoboric acid	Ants, crickets, earwigs, crawling insects
Oryzalin	Oryzalin	Weed seeds
Pendulum	Pendimethalin	Weed seeds
PIGNX	Capsaicin	Birds
Power Plant	d-Limonene	Drywood termites
Premise 75	Imidacloprid	Subterranean termites
PT PI	Pyrethrins	Gnats, mosquitoes, general pests
Speedzone	2, 4-D	Weeds
Suspend SC	Deltamethrin	General insects
Talstar	Bifenthrin	Ants, roaches, black widow spiders
Temprid SC	Imidacloprid/Cyfluthrin	Spiders, black widow spiders, ants
Termidor	Fipronil	Ants & termites
Terminator	d-Limonene	Ants, roaches, fleas, silverfish, etc.
Terro Liquid Ant Bait	Sodium Tetraborate Decahydrate (borax)	Ants
Tim-Bor Professional	Disodium octoborate tetrahydrate	Wood destroying pests & fungus
Transport	Acetamiprid/Bifenthrin	All General Pests
Turflon Ester	Triclopyr	Weeds
Volck Supreme Spray	Petroleum Oil	Horticultural insects, aphids, mites
Wasp Freeze	Allethrin	Bees, wasps and out of reach spiders
WAXIE #710 Disinfect	Quaternary ammonium compounds	Bacteria, fungus and Virus
Weed Impede	Oryzalin	Weed seeds

If you have any questions concerning the application of pesticides, please contact the California Department of Pesticide Regulation Internet site at [www.cdpr.ca.gov](http://www.cdpr.ca.gov) or call me at 378-6300.

Sincerely,

Hector Alvarado, Maintenance & Operations Supervisor
