Personal Statement:

I consider it an honor and a privilege to serve on the Moorpark School Board. I believe education is key to a free and democratic society and crucial to the future of our nation. We have an obligation to prepare our students to be successful, competitive, and self-reliant adults in our ever changing world. It is our responsibility to provide all students in our district with a superior education by promoting diverse and innovative career pathways ranging from AP classes, to GATE programs, to trade skill classes and everything in between. With the collaboration of our staff, faculty, parents, and students, all things are possible.
