Personal Statement:

As a firefighter for over 20 years, I have devoted my life to public service. My years on the Board of Education for the Moorpark Unified School District have been an extremely rewarding continuation of that public service.

When it comes to education, John F. Kennedy said, "Our progress as a nation can be no swifter than our progress in education. The human mind is our fundamental resource." As the product of public schools, and the son and grandson of public school teachers, I understand why providing high quality public education is essential for the future success of our country. I am honored to have the opportunity to serve the citizens of Moorpark during my term on the Board of Education for the Moorpark Unified School District.
