

Classroom Celebrations and Snacks Order Information

Classroom Celebrations and Snack Orders

To comply with Federal Regulations and the District's Wellness Policy, all classroom snacks provided to students must meet nutritional standards.

When planning a classroom celebration such as a birthday party, holiday or end of year party, or when there is a need for snacks during testing, consider the convenience of ordering directly from Child Nutrition.

Delivery instructions and request can be made at the time of order. Items will be delivered to classrooms, or to a school's office for site distribution. Orders must be placed no later than **10 school days** before the planned event to allow time to fill orders.

HOW TO ORDER:

Parents complete the order form. Indicate the quantity needed for each item. Include payment of cash or check with the completed order form.

If you have any question, contact Child Nutrition at the District Office, 378-6300 ext. #1421 or kcarrillo@mrpk.org.
