Spring Greetings Flory families!

We are excited to announce the roll out of the We Tip program! We Tip is a 24 hour bilingual tip line which allows anyone to anonymously report crime. Tips can be reported through the hotline at 1-855- WE TIP US or online at WeTip.org The We Tip program has helped other local law enforcement agencies prevent crime before it happens.

We are still in flu season! Preventive care is one of the most effective practices in preventing the spreading of germs. That includes frequent and thorough hand washing and limiting touching your face. Covering your mouth when coughing and sneezing is also highly recommended. If your child is running a fever or has diarrhea, please keep them at home. Students need to be fever and diarrhea free for 24 hours before returning to school.

Spring Break is just around the corner! Make sure to come by our lost and found and reclaim any lost items including sweaters, hoodies, and water bottles. The lost and found will be cleaned up over Spring Break.

Kinder registration is taking place now. All students new to school will have to be enrolled and registered through our enrollment center. Please help us in planning for the 2020-2021 school year by spreading the word. As a friendly reminder, Flory is a school of choice and students are selected on a lottery basis.

Warm Regards,

Principal Silva

Nutrition And Physical Fitness

One of our goals for every student is to develop individual health and fitness. In 5th grade, students are given a state test that consists of sit ups, stretches, running a mile, and pull-ups. This year's testing will take place throughout the month of March, April & May conducted by our PE teachers. You can help your students prepare, too. Please discuss with your child the importance of eating healthy foods especially a healthy breakfast and of regular physical fitness through participation in the school's P.E. program. Evening family walks and bike rides are also a great way to enjoy being healthy. Good health habits formed at an early age will continue into our children's adult years.
