Group shared their takeaway thoughts regarding the Kindergarten Grade Level meeting which was held on March 27, 2023

Cross Sector Work

This week’s new area of focus was on Cross Sector Work. As described by National P-3 Center:

Goal: Mechanisms, resources, and structures exist that reflect, support, and sustain shared vision, collaborative relationships, and mutual accountabilities between ECE/0-5 and K-12.

P-3 Strategies:

- Governance/Leadership Team
- Strategic Plans
- Funding

Participants heard a presentation on Cross Sector work and reacted to some key strategies and ideas that were presented for inclusion in our district work.

Reviewing Big Ideas and Outcomes

The task force members divided into two groups to go over the emerging recommendations thus far. Groups were asked to give a critical eye to the drafted items and look through the recommendations for assigned buckets:

Group 1 – Engaged Families, Teacher Effectiveness, Administrator Effectiveness, Continuity and Pathways

Group 2 – Data-Driven Improvement, Learning Environment, Instructional Tools

The whole group was brought together and shared out each groups recommendations.

Next Meeting

April 20 at 4:00 p.m. – 5:30 p.m. at Mountain View Conference Center, Board Room.
