Greetings Laker Families,

The Inter-Lakes School District is committed to student success and well being. In an effort to support students academically, close gaps and recover learning, the NH Department of Education is offering and promoting the use of Tutor.com. Tutor.com is an online tutoring platform that is available to students twenty-four hours a day, seven days a week. Inter-Lakes Middle High School is excited by the prospect of this new resource and is hopeful it will provide our students with another pathway to success.

The following features are included in the Tutor.com experience:

- ❖ Students have access to experienced and vetted tutors with a range of expertise
- ❖ Students can view a two week tutor availability calendar and schedule sessions in advance
- ❖ Tutors provide support with homework assignments, summative preparation, practice quizzes, and a review of past assessments
- ❖ Students submitting papers for review can expect a twelve hour turnaround time
- ❖ Tutors support graphing calculator use with Desmos
- ❖ Students have access to:
 - ELA(reading, writing and grammar) & mathematics videos for review support
 - Advance Placement (AP) course support videos
 - Tips and strategies for PSAT/SAT/ACT, Common App, FAFSA information, and the college application process
 - Executive skill support, such as how to take notes, manage time, and set goals

Tutor.com makes student privacy and safety high priorities. In an effort to protect students while simultaneously offering personalized support, Tutor.com takes the following steps:

- ❖ A student's first name is the sole identifier. Student location is not shared.
- ❖ Tutors and students communicate through the use of two-way chat boxes and/or voice. There is no video option for students or tutors.
