SUMMER AT TVS

A Warm Welcome from the Director of Auxiliary Programs

It is with great pleasure that we welcome you to **XPLORE: Summer at TVS!**

Our team of dedicated instructors, interns, and counselors are eager to share their wisdom, talents, expertise, and joy with your child this Summer (May 29 through August 4, 2023). Between January and May, we will be busy engaging in training, orientations, and general program development - all with the goal of creating the best possible experience for your child while on our campus.

Setting **XPLORE: Summer at TVS** apart is our firm belief that your family should have as much choice as possible when determining your summer activities. In line with this, we have endeavored to offer as many camp options for every grade level in every week of the Summer as we are able.

Additionally, we believe that all children and adolescents should leave **XPLORE: Summer at TVS** programs with new skills, knowledge, and perspectives than they possess when they enter. *We are in the business of developing people!* To support this, we have created camps that will expand and enrich each child's academic, creative, and athletic horizons - all while keeping it FUN and ENJOYABLE!

Please join us as we embark on a great adventure in Summer 2023. We look forward to serving your family!

With appreciation,
Derek Reinhold

Similarly, we strive to create an environment in which all campers are **psychologically** safe. To do this we have:

- ❖ trained all XPLORE staff, instructors, interns, and counselors in best practices for creating an inclusive environment.
- ❖ trained all XPLORE staff, instructors, interns, and counselors in appropriate ways to handle social situations that may arise.

– Summer 2023 “Fine Print” –

- We will use the Auxiliary Programs Registration Site for program registration, billing, and en mass family communications.
- It is required for each family to have a profile in our system and current / valid credit card information loaded onto the site, so that any new charges and refunds may automatically be processed.
- During the registration process, families will be required to agree with the 2023 XPLORE waivers and releases. A copy of these waivers and releases may be found [here](#).
- One of these waivers is the current XPLORE: Summer at TVS cancellation policy. A copy of this policy may be found [here](#).
- All campers must be 4 years of age or older by the start of the Summer season (May 29, 2023).
 - An exception will be made for **admitted** incoming TVS PreKindergarten students. *Per Admissions policy, TVS PreKindergarten students must turn 4 years old by June 30, 2023. Thus, it is permissible for a 3-year-old to attend appropriate camps in the month of June, as long as they have been **admitted** to TVS PreKindergarten for the 2023-2024 school year.*
 - Our camps are designed for rising PreKindergarten through rising Twelfth Grade children.
- Regardless of age, it is **absolutely essential** that ALL campers are able to **use the restroom independently** for the duration of their participation in XPLORE: Summer at TVS programming.
 - This independence must include basic functions, proper toilet-flushing, and hand-washing skills.
 - Whereas we will certainly respect the dignity of all campers and their families, any camper that is found not to be independent in the restroom will be unregistered from remaining camps for the Summer.
- Additionally, it is **essential** that ALL campers **know their first and last name**. Whereas we wouldn't expect campers to keep track of name tags, we use camper names frequently throughout each day, e.g. roster matching at carpool, identification of Lunch Bunch and After Care groups, and any medical needs.
- Some of our camps will use technology to enrich the camper experience. All instructors, interns, counselors, and campers are bound by the current XPLORE Technology Responsible Use Policy, which may be found [here](#).
