

SCHOOL PLEDGE

Right now, today, this very moment, I am capable of giving myself, the gift of absolute self-assurance, self-belief, and powerful non-stop confidence in myself.

“ TO THROUGH AND BEYOND COLLEGE ”

MESSAGE FROM PRINCIPAL DUNGEY

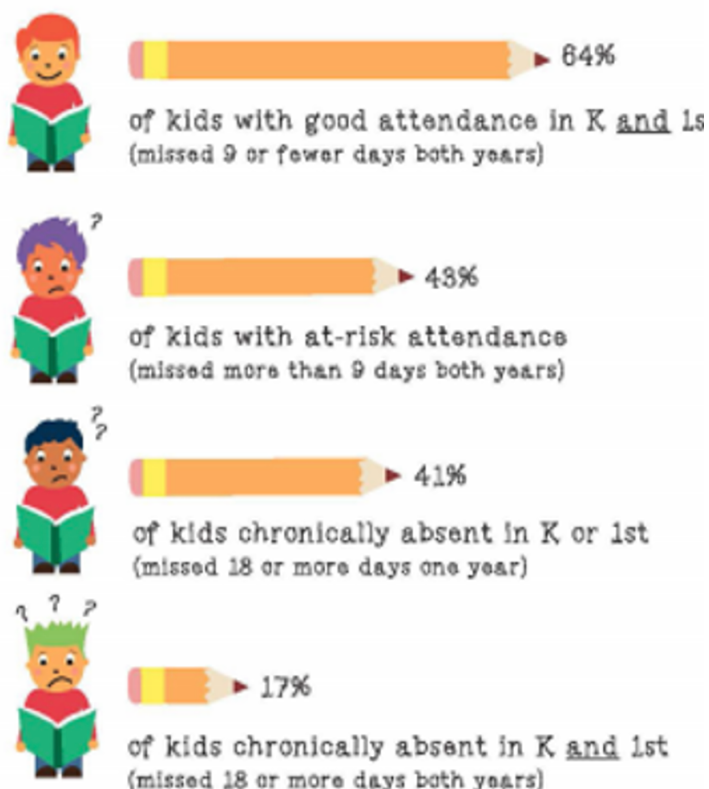

Attendance STILL Matters Everyday!

Why It Matters

If children don't show up for school regularly, they miss out on fundamental reading and math skills and the chance to build a habit of good attendance that will carry them into college and careers.

Preliminary data from a California study found that children who were chronically absent in kindergarten and 1st grade were far less likely to read proficiently at the end of 3rd grade.

Who Can Read on Grade Level After 3rd Grade?

DAY	ANNOUNCEMENTS
Monday	Calendar Change June 7 – Full Day of School
Tuesday 5/30	NO SCHOOL
Wednesday 5/31	NWEA Testing Reading 1 st -8 th 5 th Grade Field Trip to the Library 1:00-2:30
Thursday 6/1	Soccer & Track Practice Field trip to Library 7 th 1:00-2:30 PBG Field Trip 11:00-1:00 NWEA Testing Reading 1 st -8 th
Friday 6/2	NWEA Testing K ^t -8 th Math
UPCOMING	
6/6	DIA Field Trip 4-5
6/7	CHANGE IN SCHEDULE FULL DAY!! DIA Field Trip 4-6
6/8	DIA Field Trip 7-8
6/9	5 th Grade Lock in 5-10

6/15	8 th grade Promotion Greater Quinn AME 9:30-1 Parent Federal Grants Meeting Field Day
6/16	8 th grade Promotion Greater Quinn AME 9:30-1 Talent Show 1-3 LAST DAY OF SCHOOL

When Do Absences Become a Problem?

Note: These numbers assume

Read By Grade 3 Law

The Michigan Legislature passed a law that requires schools to identify learners who are struggling with reading and writing and to provide additional help. The law states that third graders may repeat third grade if they are more than one grade level behind beginning with the 2019-2020 school year and not being proficient on the M-Step. How do I help my child prepare for the NWEA MAP Test?

As the school year begins to wind down the testing season will begin in the Primary Academy. Students will take the NWEA MAP Assessment, The MAP The MAP test is a pair of tests, one in reading and one in mathematics, which your child takes two-three times during the school year. It is a no time limit test, but most students take from 45-60 minutes. It is an adaptive test and thusly narrows in on your child's learning level by presenting questions based on how your child answers. So, as your child answers questions correctly, the questions become more difficult, if your child answers incorrectly, the questions become easier.

1. Let your child know that the test is important and they need to try their very best! Let them know that their may be challenging questions but they need to persevere and push through it. Keep a positive and growth mind set will set them up for success!
2. Make sure that your child gets plenty of sleep the night before the test. However, being well rested daily is essential to academic success.
3. Encourage your child to do his/her best. The MAP may seem easier or harder 3. than other tests your child has taken; it is important that your child do his/her
4. best on all questions even if some of them seem too easy or too hard. Remember, 5. there is no time limit on the MAP tests.
5. Make sure your child attends school every day so he/she can learn what is needed to do well in school – and to do well on tests. Provide a quiet place at home for your child to do homework assignments that reinforce what he/she is learning at school.

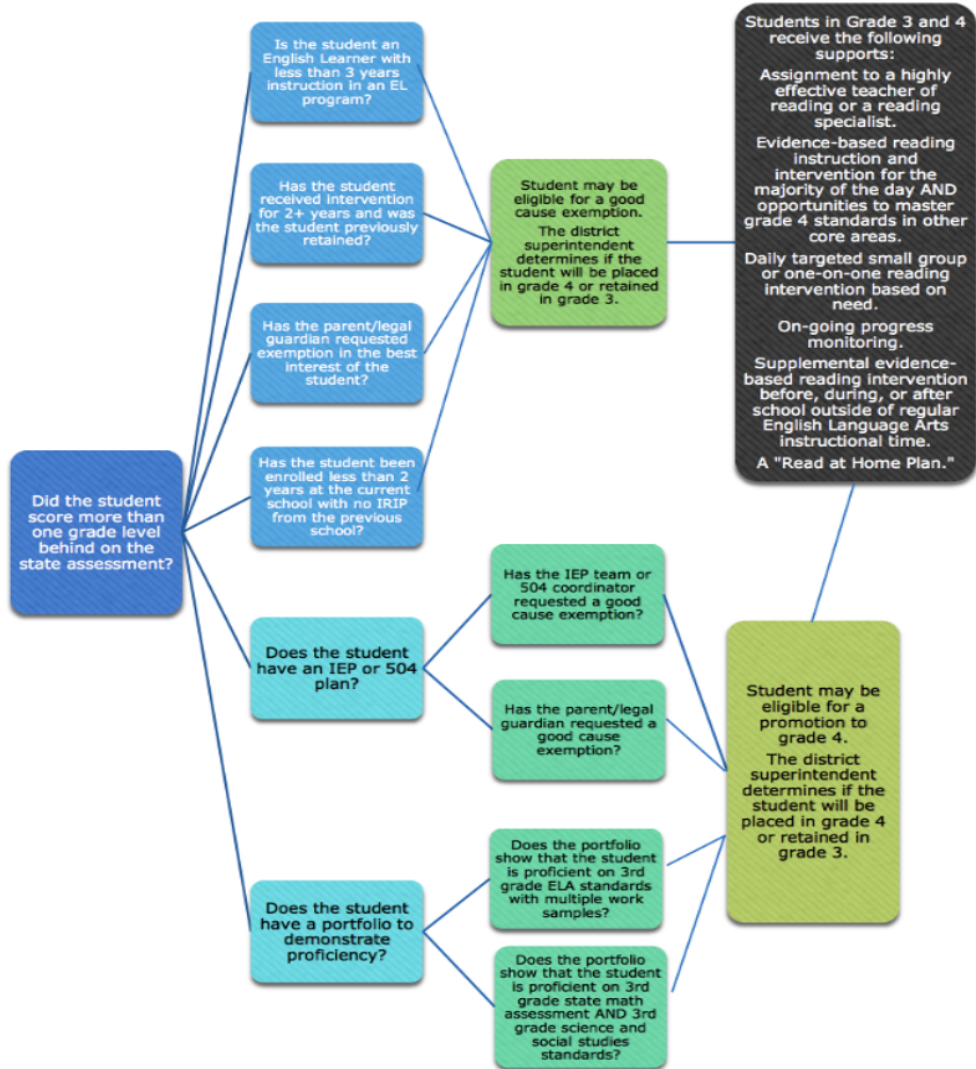

Families,

We have had a successful year and in order to continue to grow and improve it is essential that we get your meaningful consultation and I need your feedback! Please take a few minutes to complete our parent survey. Thank you for your continued support as we wrap up this school year! Click the link below.
