Instructional priorities

Reading, writing, and discussion in all content areas to provide cohesive instruction and opportunities for productive struggle.

Provide effective feedback to students that affirms what they have done well and guides them toward academic improvement and achievement of learning goals.

Study and leverage student-level data on a regular and consistent basis to identify learning opportunities and create plans to address them.

Use rubrics as tools to provide a shared language with clear guidelines and expectations to provide a measure, adjust, and evaluate learning.

Happy Monday Families!

Thank you for sending your students to school daily in order to complete NWEA math and reading. The students did a GREAT job and many of them met their goal in one or both assessments. As we enter the last month of school, it is still imperative that students are in class each day until June 16th. Please use the links below to complete the parent survey and sign your Scholar up for summer school for additional support over the summer break. If you need a paper copy, please call the main office, thanks.

If you have any questions or concerns, please reach out to me at aringo@npfeschools.org or send a message to (313) 751-8533.

Shout out to the second and third grade students who had the best attendance this week

Also, shout out to the all of the students who have been following directions, completing assignments, and showing leadership skills!

HUGE shout out to the first graders who had the most growth on the NWEA assessments!

School-Wide Cooperative Challenge: "Stop and Think Strategy"

Important Information!!!

Read By Grade 3 Law

The Michigan Legislature passed a law that requires schools to identify learners who are struggling with reading and writing and to provide additional help. The law states that third graders may repeat third grade if they are more than one grade level behind beginning with the 2019-2020 school year and not being proficient on the M-Step.
