# WELCOME

The Prep's athletic program is committed to furthering the mission of Fordham Prep to form leaders in faith, scholarship and service. It does so by seeking to provide a competitive and diverse team centered culture which challenges athletes to strive for excellence and success through discipline, hard work and humility. We are proud of our athletes who live the values of teamwork, excellence, humility and servant leadership on and off the field. With the support of their dedicated coaches and loving families we know they will achieve great things this season and beyond. Thank you to all who support our program, especially our alumni in the Top Corner Club. I look forward to joining our alumni, parents, students and faculty on the lacrosse sidelines this year to cheer our Rams on to victory!

*Brian Carney*

Brian Carney, Interim President

An interscholastic athletic program as a co-curricular activity is a fundamental part of the total education and growth experience at a Jesuit high school. As an extension of the classrooms, athletics at Fordham Prep plays an integral role in forming leaders in faith, scholarship and service through a college preparatory education. The Prep's strong tradition of success in athletics and positioning on a college campus with access to top division one facilities, presents the unique opportunity for students to perform at a high level while growing as young men.

# FORDHAM PREP OVERVIEW

## MISSION

---

Fordham Prep's mission is to form leaders committed to faith, scholarship, and service through a college preparatory education in the Catholic Jesuit tradition.

## ABOUT FORDHAM PREPARATORY SCHOOL

---

Fordham Preparatory School is an all-male, Jesuit Catholic high school, located in The Bronx, NY. Our commitment to education is shaped by the spirituality and pedagogical tradition of the Society of Jesus, founded in 1540 by St. Ignatius Loyola. Fordham Prep stresses the development of excellence in the whole person: intellectual, religious, social, emotional, and physical. Today, our educational apostolate is strengthened by our affiliation with the local, national and international networks of Jesuit secondary schools.

At the heart of Jesuit education is the rigorous study of the humanities and the sciences, reflecting the conviction that the study of great ideas is inextricably linked to the formation of character. Our academic curriculum and program of studies encompasses more than the acquisition of knowledge; it fosters academic discipline and encourages reflection in the pursuit of excellence.

Fordham Prep's curriculum is designed to help students discover and hone individual talents and abilities; it encompasses more than the acquisition of knowledge but demands the training of the intellect; it exposes students not only to their strengths, but also to those courses and areas that will challenge them; and provides students with time for extra help and consultation with the faculty: every teacher, every day. Our "individualized honors program" allows each student to craft a personal curriculum. In addition to our collection of courses, our college preparatory high school can also help your son find the right path to a higher education at some of the top colleges in the nation. Outside of the classroom, we also feature a great selection of clubs, events, and interscholastic athletics.

# ATHLETICS OVERVIEW

## MISSION

---

The Athletic Program is committed to furthering the mission of Fordham Prep to form leaders in faith, scholarship and service. It does so by seeking to provide a competitive and diverse team centered culture which challenges athletes to strive for excellence and success through discipline, hard work and humility.

## CORE ATHLETE VALUES

---

### Teamwork

Teamwork helps motivate each athlete to do their part to reach a common goal and requires athletes to be unselfish for the sake of the common good.

### Excellence

Excellence requires self discipline and dedication to maximize an athlete's god-given talents. Striving for excellence creates a team culture where athletes hold each other accountable and where success is valued.

### Humility

Great athletes stay humble. When they make a mistake, they acknowledge and accept it rather than trying to make excuses. Alternately, when a humble athlete's team is successful, they do not take all of the credit. Exceptional athletes credit their teammates and coaching staff when they are successful.

### Servant Leadership

Servant leaders place other people's needs, aspirations and interests above their own. A servant leader's chief motivation is to serve first rather than lead. Servant leaders are committed to the growth of all team members and the building community.
