## SUMMARY INFORMATION FOR ALL FUNDS

#### **General Fund**

#### **Property Tax**

New assessed valuation growth is forecast to grow 1.0-2.0 percent. However, increase in appraised values are anticipated to grow 8% or \$2.16 billion. The growth rate and total new valuation growth will be determined by the cunty assessor by June 8, 2023. It is anticipated the Board of Education will increase taxes above the certified tax rate to generate a total of \$13.2 million. These funds are being generated to assist with the planned 3-year contractual agreement with employees of PCSD. This funding increase is critical to attract and retain employees.

#### **State Funding**

The Legislature provided a significant increase for public education. The Weighted Pupil Unit (WPU) was increased by 6%. The value increase more than offsets the decline in enrollment funding for FY24. In addition, the legislature passed some significant legislation that will have an effect on park City School District. The Legislature, for the first time, funded full day kindergarten for districts that offer it. PCSD has offered this in the past and will now receive funding to help offset costs the district incurs by offering full day kindergarten. This change in funding will help to offset PCSD enrollment loss experienced in FY23. The Legislature also passed HB 215 which provided an average 6.5 % increase for teachers (up to \$4,200) which was added to the existing Educator Salary Adjustment line item. The bill also provides a \$8,000 credit for parents putting their students in a private school. Once again, the legislature provided support and compensation for educators for additional professional time.

#### **Federal Funding**

Federal ESSER and ARP funding will continue to support some programs and staff as determined by the original grant application submission. Although the amount available will be the unspent remainder of the grants. A significant portion of the federal ARP and CARES funding has been spent accounting for a \$0.2 million decline in federal revenues from last year. It is anticipated federal revenues may overlap fiscal years for the Final FY23 and proposed FY24 budgets. Once the final amount spent is determined after the fiscal ear close process, the FY24 budget will be adjusted to reflect the actual amount remaining. PCSD has anticipated a funding reduction over time and have used these federal funds for one-time type expenditures to support students affected by the pandemic.

#### **Fund Balance**

The General Fund revenue over expense balnce is set as a balanced budget. The General Fund also supports the Foundation program, and in addition provides \$1.0 million towards the new lease

payments for two of the six master plan projects. As a recommended financial practice, the board budgets to maintain a "Rainy Day" balance in the General Fund equal to three months operating expense. Currently the "Rainy Day" balance, which is comprised of the Economic Stabilization and Unassigned fund balnce is \$19.6 million. The excess needed above this balance is \$5.4 million. Other excess funds will be used to support the transfers for the stated purposes.

#### **Expenditures**

The proposed 2023/2024 General Fund Expenditure Budget for the District is \$124.1 million or a 13.7% increase over the current year's budget. The majority of this increase is for employee wages and benefits to attract and retain the best employees for our students. The significant compensation package is critical with the past 24 months of inflation and the difficulty in hiring critical positions. This compensation agreement was signed as a 3-year agreement. Another significant part of our budget each year is the Recapture of the Basic Levy. This occurs when the Basic Levy generates more property tax revenue than the District is entitled to under the WPU portion of the Minimum School Program. At the same time federal ESSER funding begins to taper off. Deliberate one-time projects were identified for ESSER funding in FY22 and will begin to phase out through FY24.

#### **Student Activity Fund**

In fiscal year 2019, the school board focused on equal access to public education for all students. The imposition of school fees were identified as a factor in disequalizing access to school programs and experiences. The costs of academic programs shifted from parents and students to district funding and funding partnerships. This action has reduced the budgets and forecast for student fees traditional reported in this fund. Financial activity reported in the Student Activity Fund relates directly to revenue and expenditure budgets of extracurricular activities and other non-academic events and programs sponsored by the schools. The Legislature passed legislation and the Utah State Board of Education implemented rules that impacts both the collection and reporting of these funds.

#### **Tax increment Financing**

The State Auditor was asked to review financial reporting of taxing entities that participate in tax increment financing for economic development projects. The concerns raised at the time were that neither the taxing entity nor the receiving entity was disclosing the financial transactions in annual financial statements. This lack of reporting was considered impairment to financial transparency. The State Auditor has interpreted GASB pronouncements to require disclosure of tax increment financing arrangements in the financial statements for all parties involved. The resolution to financial transparency is to include fund accounting for the tax increment committed by the school district to two redevelopment projects located in Park City.

The school district also receives mitigation payments from the redevelopment projects amounting to just under \$600,000 a year in an effort to reduce the fiscal impact to the District while it supports economic development in the community. At this point, the mitigation payments are

considered a revenue source to both the general fund and capital fund. They do not appear in the Tax Increment Financing Fund, but should be recognized in the spirit of transparency.

### **Capital Projects Fund**

The proposed 2023/2024 Capital Budget of \$53.5 million represents investments in ongoing projects, guided by a multi-year facilities master plan, which prioritizes safety, security, and accessibility, and considers workload capacity and resources. The expenditure schedule for the six projects includes:

| • | Park City High School           | \$54,400,000 |
|---|---------------------------------|--------------|
| • | Ecker Hill Middle School        | \$31,700,000 |
| • | McPolin Elementary School       | \$12,300,000 |
| • | Jeremy Ranch Elementary School  | \$12,500,000 |
| • | Parley's Park Elementary School | \$12,000,000 |
| • | Trailside Elementary School     | \$ 6,100,000 |

The plan of financing included several strategies and resources available to the District:

| • | General Obligation bond | \$79,200,000 |
|---|-------------------------|--------------|
| • | Revenue Lease bond      | \$42,000,000 |
| • | Capital Reserves        | \$ 7,800,000 |

The multi-year schedule of projects was originally scheduled to be completed by August 2024. With some delays the district experienced including the harsh winter of 2022-2023, the completed schedule is being updated. The original timeline is as follows:

|                                 | FY22        | FY23         | FY24         | FY25        |
|---------------------------------|-------------|--------------|--------------|-------------|
| Park City High School           | \$1,710,884 | \$27,932,787 | \$23,020,121 | \$1,736,208 |
| Ecker Hill Middle School        | 919,931     | 21,062,829   | 8,294,639    | 1,484,803   |
| McPolin Elementary School       | 927,296     | 8,614,231    | 2,758,473    | -           |
| Jeremy Ranch Elementary School  | 965,762     | 8,764,952    | 2,769,286    | -           |
| Parley's Park Elementary School | 166,411     | 5,972,046    | 3,526,957    | 2,334,586   |
| Trailside Elementary School     | 98,688      | 4,157,243    | 1,844,069    | -           |

In addition, \$5.0 million for regular capital improvements and maintenance, including a \$1.0 million set aside funding for information technology investments to increase the number of computer devices available through all grades. The significant increase in the capital budget marks the beginning of implementing the master facilities plan for six schools in the District.

#### **Debt Service Fund**

The District issued general obligation bonds to fund three master facility plan projects: Park City High School, Jeremy Ranch Elementary School and McPolin Elementary School. The bond amount is \$79.2 million with \$5 million annual principal and interest payments.

#### **Food Service Fund**

The Park City School District Child Nutrition Services Department is operated as a business. The majority of funding comes from the Federal Child Nutrition Programs and a match of State funds through the Utah State Liquor Tax. The balance of funding comes through breakfast and lunch sales. These revenue sources are designed to cover operating expenses of food services. Overall operations in FY22 were heavily subsidized by the USDA waiver program. All meals were provided free to students under the waivers. The waiver programs were discontinued beginning FY23. Significant funding shifts will take place from full federal subsidies to a normal level of subsidies. The FY23 and FY24 Food Service budget will reflect the shift in revenue from federal sources to school meal fees and collections.

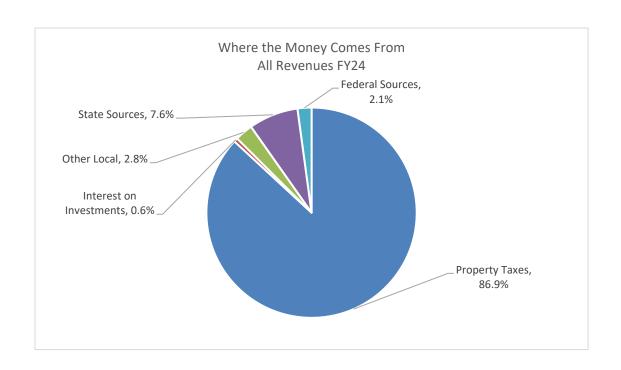

The target level of the fund balance should represent two months of operating expenses. At this time, the reserves are significantly depleted as the District responded to the meal needs of school aged children during the school dismissal period. Prudent menu planning and staffing adopted during the COVID period will direct operational efforts to maintain a sustainable program while offering high quality meals.

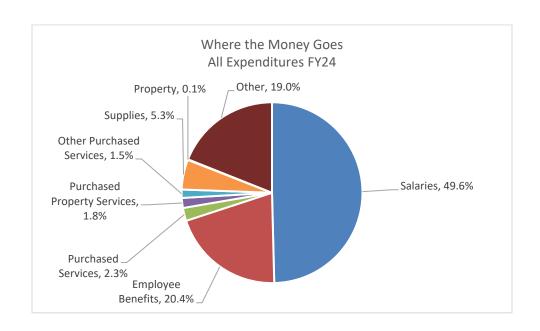

#### **Park City Education Foundation**

Park City Education Foundation (PCEF) is reported as a budget item for board approval because of accounting regulations that require financial disclosure of entities whose primary purpose is to support the school district. In this preliminary budget, the preliminary estimates for PCEF are included. The PCEF board will adopt final budgets at a later date.

**PCHS Dance Company**

**District Office seen from Treasure Mt Junior High** 

#### **GENERAL FUND**

The General Fund accounts for the day-to-day operations of the district. All instruction and instructional support services are included therein. The General Fund is the district's primary operating fund. It accounts for all financial resources of the district (except those required to be accounted for in another fund) and for all activities of the District associated with the education of students in Kindergarten through grade 12, including instruction and supporting services. As a public school district, prioritizing the use of the limited resources to ensure that the District's primary goal of providing a quality education for all students with the high expectations of the community is achieved is the biggest challenge in administering this fund.

#### **General Fund**

#### **Property Tax**

New assessed valuation growth is forecast to grow 1.0-2.0 percent. However, increase in appraised values are anticipated to grow 8% or \$2.16 billion. The growth rate and total new valuation growth will be determined by the cunty assessor by June 8, 2023. It is anticipated the Board of Education will increase taxes above the certified tax rate to generate a total of \$13.2 million. These funds are being generated to assist with the planned 3-year contractual agreement with employees of PCSD. This funding increase is critical to attract and retain employees.

#### **State Funding**

The Legislature provided a significant increase for public education. The Weighted Pupil Unit (WPU) was increased by 6%. The WPU increase more than offsets the decline in enrollment funding for FY24. In addition, the legislature passed some significant legislation that will have an effect on park City School District. The Legislature, for the first time, funded full day kindergarten for districts who offer the program. PCSD has offered this in the past and will now receive funding to help offset costs the district incurs by offering full day kindergarten. This change in funding will help to offset PCSD enrollment loss experienced in FY23. The Legislature also passed HB 215 which provided an average 6.5% increase for teachers (up to \$4,200) which was added to the existing Educator Salary Adjustment line item. The bill also provides a \$8,000 credit for parents putting their students in a non-public school and meeting certain criteria. Once again, the legislature provided support and compensation for educators for additional professional time.

#### **Federal Funding**

Federal ESSER and ARP funding will continue to support some programs and staff as determined by the original grant application submission. Although the amount available will be the unspent remainder of the grants. A significant portion of the federal ARP and CARES funding has been spent accounting for a \$0.2 million decline in federal revenues from last year. It is anticipated federal revenues may overlap fiscal years for the Final FY23 and proposed FY24 budgets. Once the final amount spent is determined after the fiscal ear close process, the FY24 budget will be adjusted to reflect the actual amount remaining. PCSD has anticipated a funding reduction over time and have used these federal funds for one-time type expenditures to support students affected by the pandemic.

#### **Fund Balance**

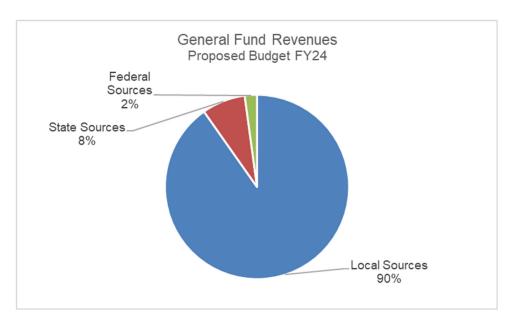

The General Fund revenue over expense balnce is set as a balanced budget. The General Fund also supports the Foundation program, and in addition provides \$1.0 million towards the new lease payments for two of the six master plan projects. As a recommended financial practice, the board budgets to maintain a "Rainy Day" balance in the General Fund equal to three months operating expense. Currently the "Rainy Day" balance, which is comprised of the Economic Stabilization and

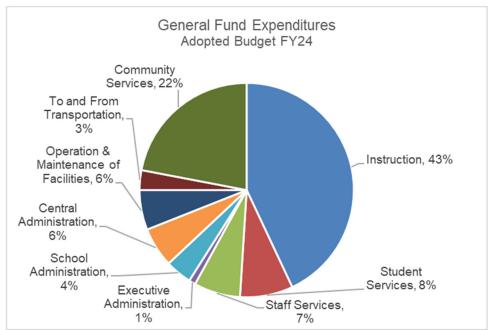

Unassigned fund balnce is \$19.6 million. The excess needed above this balance is \$5.4 million. Other excess funds will be used to support the transfers for the stated purposes.

#### **Expenditures**

The proposed 2023/2024 General Fund Expenditure Budget for the District is \$124.1 million or a 14% increase over the current year's budget. The majority of this increase is for employee wages and benefits to attract and retain the best employees for our students. The significant compensation package is critical with the past 24 months of inflation and the difficulty in hiring critical positions. This compensation agreement was signed as a 3-year agreement. Another significant part of our budget each year is the Recapture of the Basic Levy. This occurs when the Basic Levy generates more property tax revenue than the District is entitled to under the WPU portion of the Minimum School Program. At the same time federal ESSER funding begins to taper off. Deliberate one-time projects were identified for ESSER funding starting in FY22 and will begin to phase out through FY24.

The breakdown of the General Fund Budget, both revenues and expenditures appears on the next few pages.

The General Fund Revenues, Expenditures, and Changes in Fund Balances

As of June 1, 2023

#### STUDENT ACTIVITY FUND

The Student Activity Fund is used to account for the student body activity funds held by the District. Student Activity Fund accounts for all monies that flow through the individual school checking accounts including club accounts, athletic programs, class fees, vending receipts, student activity fees, etc. Although these funds are collected, spent, and managed by the schools, the district has fiscal oversight responsibility for these student monies. This fund facilitates accountability, auditing, budgeting, and reporting requirements at the school level.

#### TAX INCREMENT FINANCING FUND

In addition to property taxes the District levies for its own purposes, the District levies property taxes for Park City Redevelopment Agency (the Agency), a legally separate governmental entity, which is reported as a component unit of Park City Municipal Corporation, in accordance with the Community Development and Renewal Agencies Act (Utah Code 17C-1). These taxes are forwarded directly by Summit County to the Agency as the taxes are collected by Summit County.

Property tax revenue (or incremental taxes) from increased assessed values within project areas are earmarked to finance urban renewal, economic development, and community development projects managed by the Agency. Project completion dates range from 2021 to 2031.

Notes:

Park City School District receives approximately \$624,000 in mitigation payments from the RDAs. These revenues are reported in the General and Capital funds.

#### Assumptions:

Revenue: Local revenue driven by property tax has increases annually 2%.

#### **CAPITAL PROJECTS FUND**

The Capital Projects Fund is used to account for the acquisition and construction of major capital facilities (new construction, renovations and facility additions) and other general fixed assets other than those financed by debt service or General Fund.

#### **Capital Projects Fund**

The proposed 2023/2024 Capital Budget of \$53.5 million represents the continued investment in previously approved projects, guided by a multi-year facilities master plan, which prioritizes safety, security, and accessibility, and considers workload capacity and resources. The expenditure schedule for the six projects includes:

| • | Park City High School           | \$54,400,000 |
|---|---------------------------------|--------------|
| • | Ecker Hill Middle School        | \$31,700,000 |
| • | McPolin Elementary School       | \$12,300,000 |
| • | Jeremy Ranch Elementary School  | \$12,500,000 |
| • | Parley's Park Elementary School | \$12,000,000 |
| • | Trailside Elementary School     | \$ 6,100,000 |

The plan of financing includes several strategies and resources available to the District:

| • | General Obligation bond | \$79,200,000 |
|---|-------------------------|--------------|
| • | Revenue Lease bond      | \$42,000,000 |
| • | Capital Reserves        | \$ 7,800,000 |

The multi-year schedule of projects are scheduled to be completed during Fiscal Year 2025 as follows:

|                                 | FY22        | FY23       | FY24         | FY25      |
|---------------------------------|-------------|------------|--------------|-----------|
| Park City High School           | \$3,009,058 | 27,932,787 | \$23,020,121 | \$804,621 |
| Ecker Hill Middle School        | 1,648,473   | 21,062,829 | 8,294,639    | 484,803   |
| McPolin Elementary School       | 2,799,190   | 8,614,231  | 837,713      | -         |
| Jeremy Ranch Elementary School  | 2,848,166   | 8,764,952  | 852,371      | -         |
| Parley's Park Elementary School | 2,230,057   | 5,972,046  | 3,526,957    | 285,500   |
| Trailside Elementary School     | 381,938     | 4,157,243  | 1,283,559    | -         |

In FY23, the Board authorized an increase in the Capital Projects levy of \$1.9 million to address inflationary costs of the six capital projects currently underway.

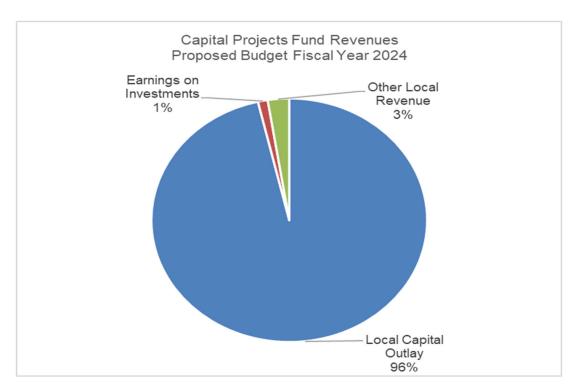

In additional, \$5.0 million for regular capital improvements and maintenance, including a \$1.0 million set aside funding for information technology investments to increase the number of computer devices available through all grades. The increase in the Capital Outlay Levy is a result of a loss of state funding. The Legislature granted \$990,000 to PCSD in 2022-2023. Unfortunately, the funds that were allocated were recaptured during the 2023 legislative session and allocated to a house bill.

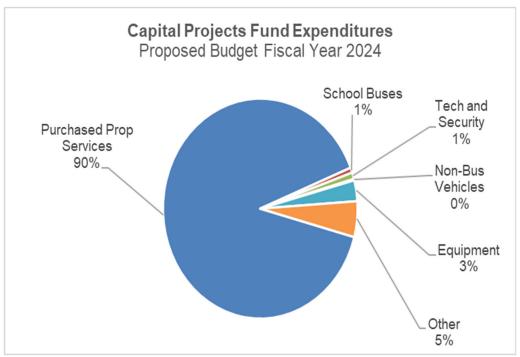

The District has not had debt obligations since 2015. The five master planned projects financed through bonded debt amount to \$121.2 million. This represents 10% of the District's legal debt limit of \$1,148,761,846. The statutory debt limit is 4% of assessed valuations within the District boundaries. Both the capital levy increase and debt service levy have been set to retire all bonds within 20 years.

Included in the Capital Projects Fund is the annual lease payment on the lease revenue bond of \$2.8 million. The payment schedule is provided below:

### **Debt Service Schedule**

| Date       | Principal       | Coupon | Interest        | Total P+I       | Fiscal Total |

### **DEBT SERVICE FUND**

The Debt Service Fund is used to account for annual principal and interest payments on general obligation debt. The tax levy must be set to fund the annual payments.

### **Debt Service Fund**

The District issued general obligation bonds to fund three master facility plan projects: Park City High School, Jeremy Ranch Elementary School and McPolin elementary School. The bond amount is \$79.2 million with \$5 million annual principal and interest payments.

The payment schedule is provided below:

### **Debt Service Schedule**

| Date       | Principal    | Coupon    | Interest     | Total P+I    | Fiscal Total |

#### Assumptions:

Revenue: Property tax adjusts in relation to schedule bond payments. Expenditure: Based on scheduled bond payments for the next three years.

#### **FOOD SERVICES FUND**

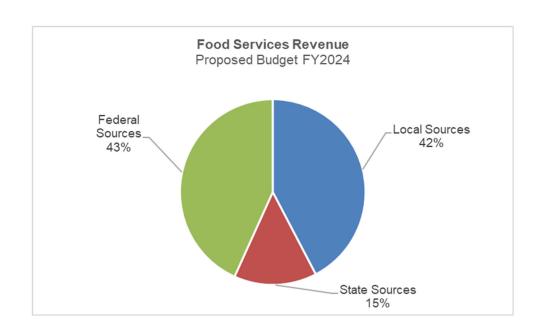

The Food Services Fund accounts for all activities conducted by the Food Services Department, which provides meals to students and faculty. The Food Services Fund includes all revenues and operating expenses associated with providing high quality, nutritious, low cost meals. The intent is for this fund to be self-sustaining through meal charges and substantial state and federal subsidies. Because of the significant compensation package provided, district administration will need to review this program to bring it back to a self-sustaining fund.

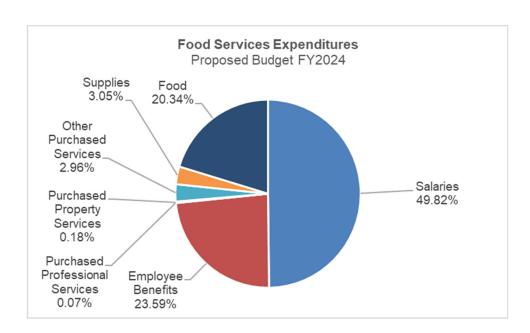

#### **Food Services Fund**

Food Services operations are highly sensitive to changes in annual participation rates and delivery models. The pandemic has stretched and strained the Food Services operations in different ways across the past two school years. Adjusting to these pressures has impacted the financial position of the fund.

The Park City School District Child Nutrition Services Department is operated as a business. The majority of funding comes from the Federal Child Nutrition Programs and a match of State funds through the Utah State Liquor Tax. The balance of funding comes through breakfast and lunch sales. These revenue sources are designed to cover operating expenses of food services. Overall operations in FY22 were heavily subsidized by the USDA waiver program. All meals were provided free to students under the waivers. The waiver programs will discontinue this summer. Significant funding shifts will take place from full federal subsidies to a normal level of subsidies. The FY23 and FY24 Food Service budget will reflect the shift in revenue from federal sources to school meal fees and collections.

The target level of the fund balance should represent two months of operating expenses. Although the fund balance has increased over the past couple of years, it is anticipated this balance will deplete in FY24 with the new compensation package. Prudent menu planning and staffing adopted during the COVID period will direct operational efforts to maintain a sustainable program while offering high quality meals.

#### Assumptions:

Revenue: Local revenue driven by meal sales increase annually 6% while state and federal funding is anticipated to increase by 2%. Expenditure: Compensation has increased on average 2.3% the past three years while food expenditures increase on average 3%.

# We're changing the equation

#### **FIDUCIARY FUNDS**

The Park City Education Foundation (PCEF) is a separate legal entity. Led by private citizens of various communities and professions, the PCEF secures contributions from private sources to fund enrichment and learning projects not funded through the normal budgetary process of the district.

As an education foundation, PCEF, its board, its donors and its volunteers have great devotion for student success in our community. PCEF believes in its potential to have significant impact in higher education, the workforce, and the world. PCEF believes its grants open doors, ignite dreams, and launch passions. All of its efforts are strongly grounded by its mission of enhancing academic achievement.

Included in this preliminary budget are early budget estimates for PCEF. Final budgets will be adopted by PCEF board at a later time.

### **Glossary of Terms and Acronyms**

1 to 1 Initiative: The District's plan to provide each student a laptop or iPad for instructional use.

**Acadience Math:** An assessment designed to track mathematics skills for students in grades K - 6 as accurately and easily as you track reading skills.

**AAGR:** Average annual growth rate.

**ADA:** Americans with Disabilities Act initially passed in 1990, amended in 2008. The ADA prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation.

**ADM:** (Average daily membership) means the aggregate days membership of a school during a certain period divided by the number of days the school was actually in session during the same period.

Agency Fund: A fund normally used to account for assets held by a government as an agent for

individuals, private organizations or other governments and/or other funds.

AP: Advanced placement courses and exams.

**Assessed Valuation:** A valuation set upon real estate or other property by a government as a basis for levying taxes.

**Assigned Fund Balance:** The portion of fund balance that reflects a government's intended use of resources. Intended use is established by the highest level of decision-making, by a body or official designated for that purpose.

**EHMS Student Drawing activity outside** 

**Asset:** A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events.

**Balanced Budget:** A budget in which estimated revenues and other funds available (including Beginning Fund Balance) equal or exceed planned expenditures.

**Board of Education:** The governing body of a school district comprised of elected representatives. The PCSD Board of Education consists of five members elected for four-year terms. The Board elects officers from within its own membership. The Board appoints a superintendent and business administrator as the District's chief executives to prescribe rules and regulations necessary and proper for the effective and efficient administration of the District's day-to-day operations.

**Bond:** A written promise (generally under seal) to pay a specified sum of money (the face value) at a fixed time the in the future (payable periodically). The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

**Cabinet:** Also known as Superintendent's Cabinet. The cabinet is comprised of senior District administrators who closely advise the Superintendent.

Capital Budget: See Capital Projects Fund.

**Capital Projects Fund:** The purpose of the Capital Projects Fund is to account for costs incurred in acquiring and improving sites, constructing and remodeling facilities, and procuring equipment necessary for providing education programs for all students within the District.

**Central Services:** The combination of the Business Administration, Human Resources, and Technology/Data Services function classifications.

**Certified Tax Rate:** The property tax rate that will provide the same tax revenue for the school district as was received the prior year, exclusive of new growth, except that the certified tax rate for the minimum school program basic levy will be the levy set by law, and the debt service levy will be that required to meet debt service requirements. Therefore, increases in the basic and debt service levies do not cause a school district to exceed its certified tax rate.

**Certified Teacher:** This is a formal term for teachers or educators. Certification obtained from State of Utah.

**Charter Levy:** A State imposed levy for a school district to allocate a certain portion of school district tax revenues for charter schools.

**Committed Fund Balance:** The portion of represents the portion of the fund resources whose use is constrained by limitations that the government imposes upon itself at its highest level of decision making, remain binding unless removed by the same manner.

COO: Chief Operating Officer.

**CTE:** Career technical education (CTE) provides students and adults with the academic and technical skills, knowledge and training necessary to succeed in future careers and develop skills they will use throughout their careers.

**Debt:** An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of local education agencies include bonds, warrants, notes etc.

**Debt Service:** Expenditures for the retirement of debt and expenditures for interest on debt, except principal and interest of current loans.

**Depreciation:** Expiration in the service life of fixed assets, other than wasting assets, attributable obsolesces.

**DIBELS:** The Dynamic Indicators of Basic Early Literacy Skills® (DIBELS) are a set of procedures and measures for assessing the acquisition of early literacy skills.

**DLI:** Dual Language Immersion.

EHMS: Ecker Hill Middle School located at 6465 West Kilby Road, Park City, Utah.

**Employee Salaries:** Amounts paid to school district employees.

**Employee Benefits:** Amounts paid by the school district on behalf of the employee. Such payments are fringe benefit payments and, although not paid directly to employees, nevertheless are parts of the cost of personal services.
