

SBAC Update #2

Principals,

This is a first in a series of brief SBAC Updates that will be sent out periodically.

- In preparation of SBAC training, a log-in account will be created for Site Coordinators (SC). The process of creating the account includes the recipient receiving an e-mail indicating the account has been created, and being prompted to change their password. This update is intended only to inform you that the e-mail will be arriving; however, no immediate further steps need to be taken at this time. An attachment indicating the individuals who will be receiving the e-mail is provided so that you may inform them of the pending e-mail. Should there be a desire to begin investigating the site, I've also attached a direction page on resetting the e-mail.
- The 4,620 Chrome Books along with the 133 carts have been ordered last week, and we are anticipating arrival of the devices within a month.

Please reply with any question you might have since this will help in formulating an FAQ bank that I can make available.
