Hello!

Introductions

Contents

1. About charter schools
2. Shared vision
3. Highlights
4. Curriculum & instruction
5. Enrollment & registration
6. Questions & answers

1

About Charter Schools

What makes charter schools different?

About Charter Schools

What is a charter school?

Public school of choice
School without neighborhood boundaries

How is a charter different than a **neighborhood school**?

Learning organized around a theme
Greater flexibility in meeting district and state expectations
Force for innovation

What is the relationship to VUSD?

Developed by the District and authorized by the VUSD board
Benefits from VUSD infrastructure and financial support

2

Shared Vision

What are we working towards?

GLC Vision

We believe that successful students model 21st century skills.

We believe that successful students value community.

We believe that successful students are collaborative.

We believe that successful students take risks and learn from experience.

We believe that successful students are caring and open-minded.

GLC Theme

Our school prepares students to be successful in our global community by developing 21st century skills through experiential and community-based learning within a technology and language rich environment. We provide a safe environment that encourages risk-taking and perseverance.

“

Students who are globally competent are able to investigate the world, recognize and weigh perspectives, communicate ideas, and take action.

~ Anthony Jackson

3
