

Summer Homework Directions

****All items are based on 8 weeks this summer.****

Part 1 - Summer Journal:

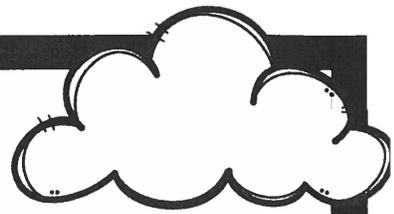

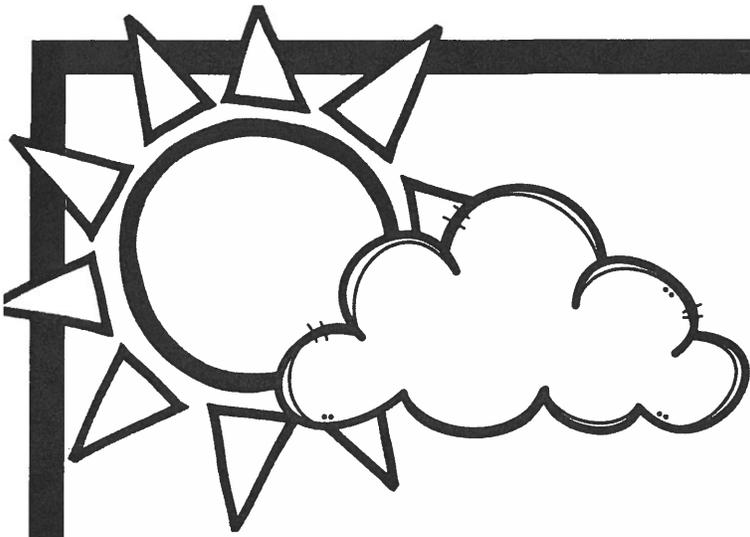

Each week, write one journal entry. This can be anything - how your week is going, what you did, a fictional story, etc. I attached example prompts. Each entry must have a title, your name, a picture, and at least 10 sentences (two paragraphs).

Part 2 - Math:

Each week, you will complete a column of math (about 8 questions a week). I attached lined paper to give more room if needed, but as long as the answer is on the math paper, that will be counted.

Part 3 - Book in a Bag:

Choose from the books listed (or a different book that is grade level and school appropriate). Read the entire book before you begin. You will need a brown paper bag to complete this. Decorate the front with an image/drawing that relates to the book. On one side, rate the book between 1-5 stars. On the other side, list the characters, the setting (when and where), the problem, and the solution. On the back, write a summary of the book. Four items need to go inside the bag that go with the story. Get creative! (more detailed directions included)

Summer Journal

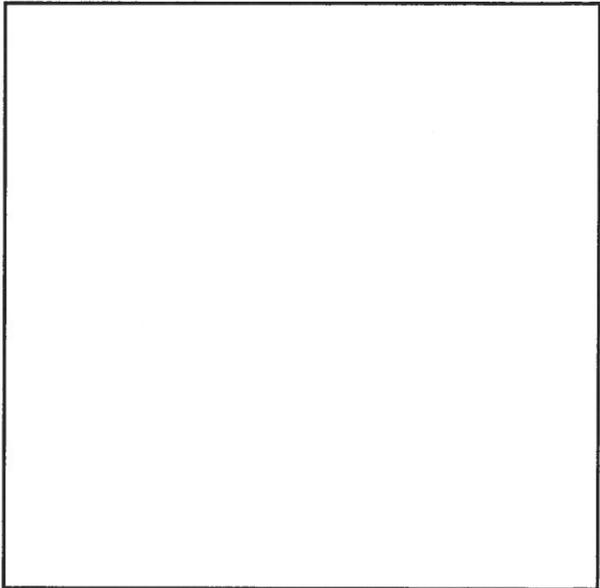

Summer Journal Prompts

you can write about...

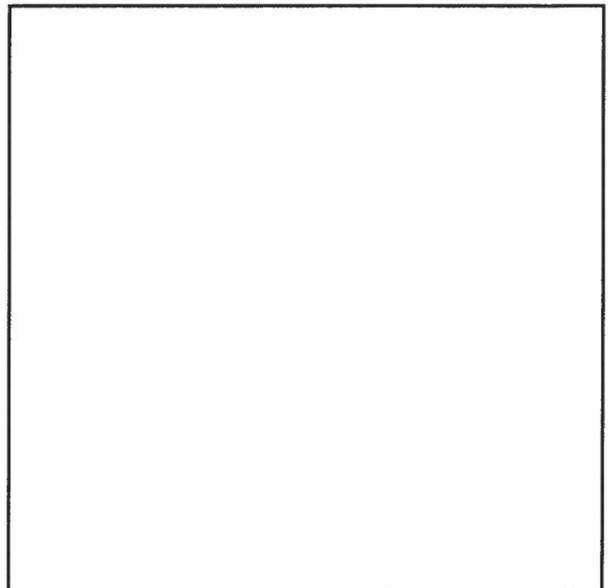

- _____ the last week of school
- _____ how you changed in 1st grade
- _____ your teacher from last year
- _____ what you want to do during your summer break
- _____ your favorite activity during the summer
- _____ friends you made at school
- _____ chores at home
- _____ favorite outside activity
- _____ funniest moment during the summer
- _____ your favorite vacation
- _____ plants in your garden
- _____ favorite foods to eat during the summer
- _____ your favorite movie
- _____ friends you made in the summer
- _____ favorite summer memory
- _____ going to the pool, beach, or lake
- _____ taking a bike ride
- _____ going to camp
- _____ music lessons or music that inspires you

Week 1

Week 2

Write $300 + 50$ in **standard** form.

Word form.

Count forward by fives.

488 , _____ , _____ , _____

Count forward by tens.

675 , _____ , _____ , _____

Count forward by hundreds.

267 , _____ , _____ , _____

Cassie has 18 purple jelly beans and 24 yellow jelly beans. She eats 19 jelly beans. How many jelly beans are left?

Emma played outside for 35 minutes before lunch, and 43 minutes after lunch. How many minutes did she play altogether?

Write the time using AM or PM.

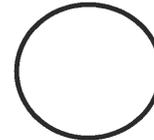

AM PM

_____ : _____

Eating a snack.

Compare the numbers using $>$ $<$ $=$

987

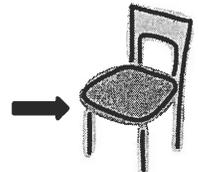

797

If you have 2 dollar bills, 8 dimes, 2 nickels, and 4 pennies, how much money do you have?

The height of a chair (seat) is about _____ feet.
(circle)

1 ft 2 ft 5 ft 7 ft

Solve.

$35 + 14 + 64 + 27$

Find the difference of

$324 - 145$.

What is 10 more than 651?

What is 10 less than 198?

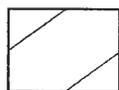

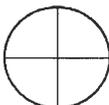

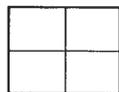

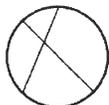

Draw a quadrilateral.

How many angles does it have?

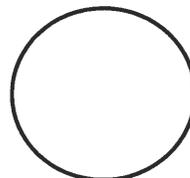

Draw a pentagon.

How many angles does it have?

Circle the shapes that are cut into **EQUAL** pieces.

Partition the shapes into 2 equal shares.

Week 3

Week 4

What is the largest number you can make with 5, 1, and 9?

How many tens are there in 990?

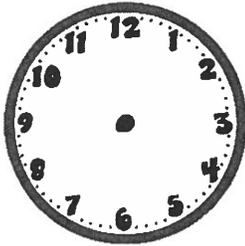

505 is the same as

_____ones _____tens _____hundreds

Jorge is 54 inches tall. Jonathan is 68 inches tall. How much taller is Jonathan than Jorge?

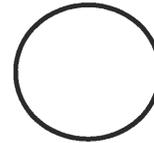

Andrew has 74 toy trains. He decided to give 25 of them to his best friend. How many trains does he have left?

Show 8:20 on the clock below.

Compare the numbers using $>$ $<$ $=$

201

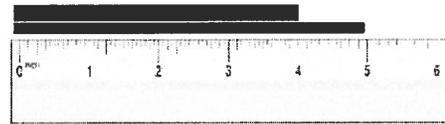

210

A bag of chips costs 79 cents. How can you make 79 cents using quarters, dimes, nickels, and pennies?

What is the difference in length of the two rectangles?

_____ inches

Solve.

$$59 + 23 + 18 + 41$$

Find the sum of $527 + 388$.

What is 100 more than 765?

What is 100 less than 167?

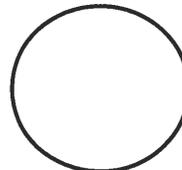

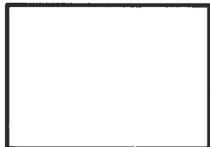

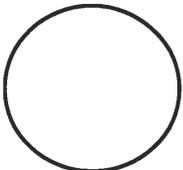

Draw a hexagon.

What shape has 6 equal faces?

How many angles does it have?

Partition the shapes into 3 equal shares.

Partition the shapes into 4 equal shares.

Week 5

Week 6

Write 309 in **expanded** form.

Word form.

Count forward by fives.

82 , _____ , _____ , _____

Count forward by tens.

97 , _____ , _____ , _____

Count forward by hundreds.

601 , _____ , _____ , _____

Victoria took a train ride with her family to the mountains. After 45 minutes, the train stopped for 15 minutes. The train then traveled another 45 minutes before getting to the mountains. How many minutes was Victoria on the train altogether?

A baker is decorating cupcakes for his bakery. Before breakfast, he decorates 45 cupcakes. After breakfast, he decorates 47 more. How many did he decorate altogether?

Write the time using AM or PM.

AM or PM

_____ : _____

Riding the bus home from school

Compare the numbers using > < =

127 ○ 211

If you have 3 dollar bills, 5 quarters, 3 dimes, 3 nickels, and 3 pennies, how much money do you have?

The height of your best friend is about _____ feet.
(circle)

1 ft 3 ft 4 ft 6 ft

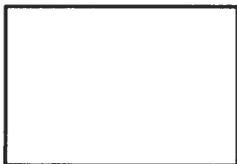

Solve.
 $88 + 43 + 27 + 18$

Find the difference of
 $426 - 273$.

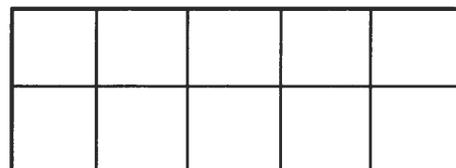

Draw a shape with 5 angles.

What is 10 more than 347?

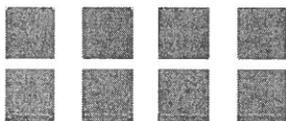

In two different ways, cut these rectangles into fourths.

What is 10 less than 101?
How many equal shares are there?

How many squares make up the array below? Is it an odd or even number?

Draw an array using 10 objects. Write an equation for your array.

Date:

Week 7

Week 8

What is the largest number you can make with 0, 3, and 4?

How many tens are there in 180?

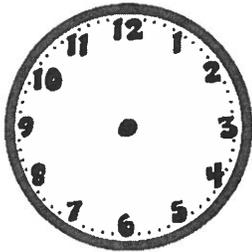

290 is the same as

_____ ones _____ tens _____ hundreds

Kristy's bedroom is 12 feet wide. Her sister's bedroom is 14 feet wide. How many feet are both bedrooms in all?

Luis has 64 ounces of water. He drinks 38 ounces. How many ounces of water does Luis have left?

Show 12:40 on the clock below.

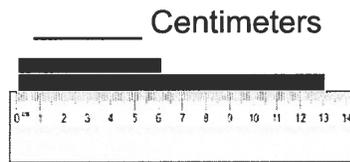

Compare the numbers using > < =

657 ○ 276

A book costs 99 cents. How can you make 99 cents using quarters, dimes, nickels, and pennies?

What is the difference in length of the two rectangles?

Solve.
 $74 + 36 + 27 + 35$

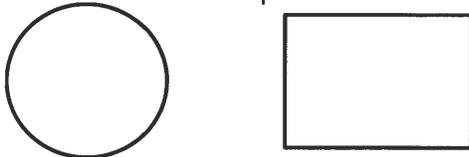

Find the sum of $355 + 417$.

Draw a shape with 6 angles.

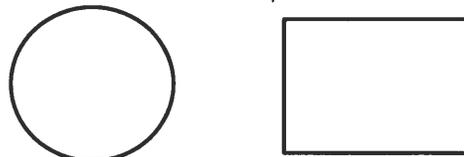

What is 100 more than 897?

What is 100 less than 530?

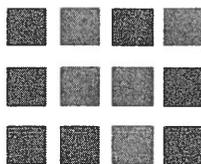

Partition the shapes into thirds.

Partition the shapes into halves.

How many squares make up the array below? Is it an odd or even number?

Draw an array using 15 objects. Write an equation for your array.

Summer Reading Project

"Book in a Bag"

Happy summer and welcome to 3rd grade! I love to read and this summer I am hoping to read a few good books! I am challenging you to read as well and share about your adventures by completing a Book Report in a Bag! It sounds funny, but Book Reports in a Bag are a fun, creative, and interactive way to share what you have learned from your summer reading. If you do not normally have large paper grocery bags, please make sure to pick one up the next time you head to the store so you are ready for this project.

To begin, you will need to read one of the following books (or one that is on grade level and school appropriate):

- *Freckle Juice* by Patricia Judy Blume
- *Zooney and Sassafras* series by Asia Citro
- *The Boxcar Children* by Gertrude Chandler Warner
 - *Julian's World Series* by Ann Cameron
- *Little House on the Prairie* series by Laura Ingalls Wilder
 - *Dyamonde Daniel Series* by Nikki Grimes
- *The Clubhouse Mystery* series by Sharon M. Draper
 - *Indian Shoes* by Cynthia Leitich Smith
 - *Chocolate Fever* by Robert Kimmel Smith
 - *Ellray Jakes Series* by Sally Warner
 - *Izzy Bar, Running Star* by Claudia Mills
 - *A to Z Mysteries series* by Ron Roy
 - *Max Loves Muñecas!* by Zetta Elliot
- *Magic Treehouse Mysteries* by Mary Pope Osborne
 - *Book Uncle and Me* by Uma Krishnaswami
- *A Series of Unfortunate Events* by Lemony Snicket
 - *Meet Yasmin! Series* by Saadia Faruqi
 - *Diary of a Wimpy Kid Series* by Jeff Kinney
 - *Dog Man Series* by Dav Pilkey

Be sure to plan appropriately, and not wait until the week before school starts to read the book. Remember that you will need time to work on the project!

Book Report in a Bag - Project Directions

1. Remember to make sure you have a large paper grocery/gift bag.
2. Choose one of the many stories and read it!
3. The front of the bag should be decorated with the book title and the author's name. You also need to draw and color a scene from the story. Your scene may be drawn on a piece of unlined paper and then glued onto the bag. Be creative! For example, you could glue fake plant leaves onto the front of your bag, if your book is set in nature. Just be sure that any fun extra details are related to your book and make your bag look great!
4. On the back of the bag, write a summary of the book. The summary should include a brief explanation about what happened at the beginning, middle, and end of the story. Write your summary (at least 6 sentences) on lined paper and then glue or staple it to the bag.
The summary should be completed as neatly as possible.
5. On one side of the bag, draw, cut out, or glue stars to show how well you liked the book. Five stars show that you loved it. One star means that you did not really care for it. You will also need to write a few sentences to explain why you liked or disliked the book. You can write/type your sentences on paper and glue it to the bag.
6. On the other side of the bag, list the characters in the story, the setting (where and when), the problem, and the solution.
7. Put at least four (4) items (that go along with the story) inside the bag. You will have to explain how these items relate to the story during your book report talk.
8. Prepare and practice your book report talk.

Bring your bag with you on the first day of school. We will share them over the first few days of school.

Feel free to read as many books as you like, but you are only required to complete one Book in a Bag. I look forward to hearing all about your summer adventures in reading!

Blessings,

Mrs. Tirey

Third Grade Teacher
