

## Box Tops

the difference  
can make.

Keep collecting your box tops and send in to your child's teacher. These are collected at the end of each grading term and the class with the highest number receives a party!!!

## Let's Recycle

According to Javier Bedolla, a 4th grader in Mr. Vieira's Class, recycling is important. Javier instituted a recycling program single handedly at Mineral King School! Javier wants the world to be clean. His family all works hard to recycle and he wants to encourage his fellow Bruins to recycle too! The Tulare County Recycling Project will be sponsoring a pizza party to the class who turns in the most products to be recycled so send in your recyclables (no glass)!!!
