THE BEST GIFT YOUR CHILD WILL EVER RECEIVE.

*A Linsly education is
an investment in your
child's future.*

With an excellent academic program, dedicated and highly qualified faculty who know students as individuals, a strong leadership program and our focus on character development, a Linsly education will prepare your child for college and beyond.

We recognize that affording a Linsly education is often a concern. **Last year, Linsly offered nearly \$3.5 million in need-based financial aid to approximately 64% of the student body.** We take great pride in making the Linsly Experience affordable and accessible to our students as we continue to attract a highly capable and diverse student body.

Linsly offers need-based financial aid to assist gifted and talented students who otherwise would not be able to afford a Linsly education. Named scholarships are also need based, but named scholarships are competitive and are decided based on evaluative criteria defined by the donor and the school.

The Malone Family Foundation *Scholarship*

The Linsly School is proudly one of 50 independent schools across the United States to have been awarded the prestigious Malone Scholarship Grant, a \$2 MILLION endowment designed to support the school's scholarship program.

In the Spring of 2012, The Malone Family Foundation selected The Linsly School as one of the top independent educational institutions in the nation.

The Malone Family Foundation was founded in 1997 with one principal objective: to improve access to quality education – particularly at the secondary school level – for gifted students who lack the financial resources to best develop their talents.

The Malone Family Foundation selected Linsly based on evidence of high academic standards, quality of faculty and staff, excellent accommodations for gifted and talented students, strong AP and enrichment programs, a commitment to individual attention for all students, financial strength, and a commitment to financial aid.

The Malone Family Foundation Scholarship is awarded to academically talented students applying for grades 7-9 who are in the top 5th percentile or above on their standardized test scores, who exemplify academic excellence in their GPA, and whose families demonstrate financial need.

Applicants for the Malone Scholarship Program must meet the following criteria:

- Be a U.S. Citizen
- Meet The Linsly School's Admissions Requirements
- Apply for grades 7-9
