We at Mt. Whitney High School strive to provide the best educational experience to all our students. *Each patient should be judged on an individual basis in conjunction with this cardiologist and operating surgeon.

** Each person should be judged on an individual basis. All things being equal, it is probably to encourage a young boy or girl to participate in a non-contact sport rather than a contact sport. However, if a particular patient has a great desire to play a contact sport, and this is deemed a major ameliorating factor in his/her adjustment to school, associates and the seizure disorder, serious consideration should be given to letting him/her participate if the seizures are moderately well controlled or that the athlete is under good medical management.

*** The Committee approves the concept of contact sports participation for youths with only one testicle or with an undescended testicle (s), except in specific cases such as an inguinal canal undescended testicle (s) following appropriate medical evaluation to rule out unusual injury risk. However, the athlete's parents and school authorities should be fully informed that participation in contact sports for such youths with only one testicle does carry a slight injury risk to the remaining healthy testicle. Following such an injury, fertility may be adversely affected. But the chances of an injury to a descended testicle are rare, and the injury risk can be further substantially minimized with an athletic supporter and protective device.

Welcome to the Mt. Whitney PTSA!

The Mr. Whitney PTSA is a partnership of Parents, Teachers, School Site and District Administrators, Students, along with Community Members. We are committed to helping and supporting our students, while at Mr. Whitney, navigate a successful path over their four year high school experience. The PTSA exists to support and collaborate with the staff and Administration in helping our students meet their full potential while attending Mt. Whitney. We strive to the best of our ability to donate our time and talents wherever the need on our campus. PTSA funds raised throughout the year at various events benefit our students and staff directly!

We sponsor and/or support programs such as PTSA Senior Scholarships, Staff Appreciation Events, school events, College Nights (TCOE and our own), Guest Speakers and beyond as our funds allow. Through these various projects we try to benefit each and every Mt. Whitney student. PTSA Membership alone obligates you to nothing! You are simply supporting your MW PTSA. Also, the CA. State and National PTA; the oldest, largest, most influential children's advocacy organization!

We would however welcome and encourage you to become an active PTSA member while here at Mt. Whitney. Please join us at meetings and events, come to share your ideas, help with planning future programs, to learn more out about what's happening on our Mt. Whitney Campus, as well as make new friends.

2016/17 meeting times and dates to be announce. Thanks again to returning families and welcome to our new ones!
