2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

TUSD is located in the heart of the northern San Joaquin Valley with our community’s economy primarily based on agriculture and related industry. Our District employs approximately 800 certificated staff and 900 classified employees to serve our 14,000 students. TUSD’s unduplicated count of English Learners, Socio-Economically Disadvantaged, and Foster Youth comprise approximately 64% of our student population.

TUSD includes nine elementary sites, including two magnet schools—a two way immersion academy and a math/science, visual/performing arts program in addition to a new TK-6 dual immersion campus with a STEM focus—one middle school, one junior high school, two large comprehensive high schools, a continuation high school, a Head Start/State Preschool program, an adult transition Special Education Program, and a charter school—which all follow the same traditional calendar year with 180 instructional days. Additionally, TUSD provides one of the largest Adult School/CTE programs in the Central Valley and is in the midst of expanding a District farm that supports TK-12 students’ learning, interests, and needs associated with agriculture, NGSS, STEM, and energy conservation/resources.

The mission of the Turlock Unified School District, a premier progressive educational system, is to ensure all students graduate as self-motivated, responsible citizens equipped to compete successfully in an ever-changing global society by delivering effective instruction that engages all students to reach their individual potential & highest achievements within a safe & caring studentcentered environment in partnership with our families & diverse community.

The following student demographics define TUSD’s student population:

Turlock Unified School District	Number	Socioeconomically Disadvantaged Students	63.6%	Hispanic/Latino	57.4%
Elementary School	9	Students with Disabilities	11.0%	White	32.0%
Middle School (6-8)	1	Migrant	0.8%	Asian	4.9%
Junior High (7-8)	1	GATE	8.8%	African American	2.0%
Comprehensive High School	2	Foster Youth/Homeless	0.9%	Two or More Races	1.2%
Continuation High School	1	English Learners	25.5%	American Indian	0.7%
Charter School	1	Reclassified Fluent English Proficient	15.1%	Pacific Islander	0.6%

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

Key features of this year's LCAP:

- Hire a Network Engineer to assist with internet/server issues.
 - Maintain the Teacher Induction Program, including a video platform for observations.
 - Eliminate the Coordinator of EL Support position while transferring the responsibilities to the revised Director of ELs, Assessment, and Special Programs position.
 - Research a District EL Newcomer Academy and EL Summer Academy.
 - Hire a District Literacy Coach.
 - Hire a District Writing Coach.
 - Add professional development for academic counselors to promote college & career readiness.
 - Implement Active Shooter and other safety trainings.
 - Purchase and implement the City/University/District emergency response communications system.
 - Add security cameras at all sites.
 - Implement site-based online math programs for intervention and/or enrichment.
 - Modify the BRIDGE program to include grades 7-8 & 10.
 - Hire an Applied Horticulture & Environmental Studies Coordinator to support the focus of a live learning lab at the District Farm.
 - Pilot a 21st Century Skills 9th grade required elective course at THS to focus on college & career exploration and health & character education.
 - Provide sites additional funding for sub coverage or extra work agreements for Special Education case managers to complete required paperwork/meetings.
 - Provide counseling classes for parents in the SARB process.
 - Provide online math resources for parents.
 - Hire an additional Program Specialist to accommodate site-assigned Program Specialist pilot.
- Note: Budgeted expenses for all personnel actions are to be determined pending step & column and statutory benefits & pension increase.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

TUSD currently has a "Blue" performance level on the state Graduation Rate indicator. TUSD will build upon this success by continuing to offer a broad course of study supported with fidelity to timely & relevant staff professional development, and include monitoring of student achievement to provide necessary & timely interventions & enrichments, & providing social-emotional supports to

students to become self-motivated, responsible citizens. TUSD will continue to monitor students with disabilities to ensure accommodations are being met while offering an appropriate path to meet graduation requirements.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

TUSD currently has an “Orange” performance level on the Suspension Rate and ELA Academic State Indicators and has “Met” all local performance indicators. TUSD has created an Equity Task Force to examine data related to attendance, suspensions, and academics in order to identify programs and resources to be implemented to meet the needs of these students. TUSD is putting resources into EL support and District Writing & Literacy coaches, and will continue to focus on Early Literacy to ensure students are reading at grade level by 3rd grade. Based on a review of locally collected data, TUSD has identified a need to increase parent engagement as a support to student success. TUSD will further examine opportunities at the site & District level for increased participation, including strategic communication to less-engaged parents.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

1) Graduation Rate:

All Students – Performance Level: Blue (Very High: 95.3%; Maintained: +0.6%)

Students w/ Disabilities – Performance Level: Yellow (Low: 75%; Increased Significantly +5.7%)

Steps:

- Continued use of a Special Ed Instructional Coach.
- Hire an additional Program Specialist.
- Provide academic counselors training/professional development to support academic achievement.
- Review Individual Academic Programs consistently and frequently.
- Develop further use of Aeries Analytics to assist with early identification of at-risk students and a catalyst to provide necessary interventions.

2) Mathematics (3-8):

All Students – Performance Level: Yellow (Low: -51.7 points; Increased: +3 points)

Students w/ Disabilities–Performance Level: Red (Very Low: -126.3 pts; Maintained: -1.2pts)

Steps:

- Coordinate 3 District Math Coaches to work with identified subgroups.
- Increase use of targeted interventions, including embedded interventions and District online math programs.
- Coordinate more frequent use and strategic placement of District Mobile Tutoring.

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Increased or Improved services

- Reading Specialist/Early Literacy Coaches
- District Literacy Coach
- District Writing Coach
- Integrated ELD instructional time at the elementary level; Newcomer Academy and EL support periods at the secondary level
- Modified BRIDGE program
- Research & development of District EL Newcomer Academy & EL Summer Academy
- Expansion of CTE pathways
- Math Intervention support periods at the secondary level

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

(See attached LCAP Quality of Implementation & Effectiveness Rubric)

Level 2 - Developing

Functioning level of development & implementation:

Most stakeholders have access to relevant professional development, instructional materials, technology, & time to implement CCSS successfully & to collaboratively & strategically use resources & processes to ensure the needs of all students & staff are met & prioritized based on meeting all students' CCSS learning targets while providing student access to all courses.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

(See attached LCAP Quality of Implementation & Effectiveness Rubric)

Level 2 - Developing

Functioning level of general effectiveness:

Data & feedback indicate goal and/or action may need additional supports and/or resources to increase student achievement & positive, desired outcomes.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Budgeted: \$6,371,328

Actual: \$6,000,587

Differences:

- Local educator fair funding allocation not spent although participation occurred.
- Minimal staff participation in PAR process.
- Coordinator of EL position became vacant mid-year.
- FTE reserve for EL support not utilized.
- Reading Specialists hired for partial school year.
- More professional development opportunities provided.
- Increased tech implementation, including WAN upgrade.
- Reviews/adoptions did not occur (duplication costs only).

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

This goal, expected outcomes, and metrics will remain the same. However, the following actions will be revised as a result of analysis and input from stakeholder groups and can be found in Goal 1 of the 2018-29 LCAP:

- Action 1: add a video platform as part of the Induction Program to assist with required observations and reviews.
- Action 2: eliminate Coordinator of EL Support position. The Director of Assessment & Accountability position will be restructured & renamed the Director of English Learners, Assessment & Special Programs and will include the responsibilities of EL support.
- Action 2: add researching a District-wide EL Newcomer Academy and an EL Summer Academy for possible implementation in 2019-2020 to support EL students.
- Action 2: add five ELD teachers at sites with the highest number of immigrant students to support achievement & acculturation of newcomer/refugee students.
- Action 3: add a District Literacy Coach position to provide support and resources to staff & students at other grade levels not served by the Reading Specialist/Early Literacy coaches.
- Action 4: add professional development specific to secondary academic counselors to focus on academic guidance and achievement & transition to college.
- Action 5: phase out the GATE Tablet/collaboration project due to move from Google support for managing Android devices.
- Action 6: add a Network Engineer position to assist with growing demands on internet & server access, in order to transition to a 1:1 District.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

(See attached LCAP Quality of Implementation and Effectiveness Rubric)

Level 3 - Applying

High functioning level of development and implementation:

All stakeholders work collaboratively to provide & maintain facilities that are safe, secure, & in good repair while consistently & effectively using an established protocol.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

(See attached LCAP Quality of Implementation and Effectiveness Rubric)

Level 2 - Developing

Functioning level of general effectiveness:

Data & feedback indicate goal and/or action may need additional supports and/or resources to increase student achievement and positive outcomes.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Budgeted: \$8,854,778

Actual: \$8,332,414

Differences:

- Asphalt project timeline moved to next year.
- Head Start classroom & parking lot over budget.
- Additional hours for campus supervision under budget.
- Security training for SB 1626 did not occur.
- Additional District chairs purchased due to need.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

This goal, expected outcomes, and metrics will remain the same. However, the following actions will be revised as a result of analysis and input from stakeholder groups and can be found in Goal 2 of the 2018-29 LCAP:

- Action 1: include continued implementation of a site-based custodial model for stakeholder clarification.
- Action 2: add specificity regarding Active Shooter Training, mandatory safety trainings, and trainings for campus supervisors as a result of feedback from stakeholders and recent national school safety issues.
- Action 6: remove RHS from list of school sites with School Resource Officers to reflect current practice.
- Action 7: include additional 3.75 hour campus supervisor at TJHS to bring the supervisor to student ratio to 1:400 at both DMS & TJHS.
- Action 8: revise the wording of "Neighborhood Watch" to "School Watch" to correctly identify the program in which all schools are participating.
- Action 11: add "City/University/District emergency radio communication" to address security issues in a timely manner and increase the partnership with the City of Turlock to maintain safe campuses.
- Action 13: add the security camera implementation at all sites as part of the Bond/Facility plan, to monitor security in an effort to decrease vandalism, theft, & bullying.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

(See attached LCAP Quality of Implementation & Effectiveness Rubric)

Level 2 - Developing

Functional level of development & implementation: Most stakeholders collaboratively use resources & processes to ensure most students participate in curricular & co-curricular programs, including intervention & enrichment, to support & reinforce college & career readiness as well as to monitor student achievement data using multiple indicators consolidated by an effective data system that includes accurate, consistent, longitudinal information.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

(See attached LCAP Quality of Implementation & Effectiveness Rubric)

Level 2 - Developing

Data & feedback indicate goal and/or action may need additional supports and/or resources to increase students achievement & positive outcomes.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Budgeted: \$11,656,643

Actual: \$11,732,583

Differences:

- Increased CTE expenses.
- Reduced grade level accessibility to online math programs.
- Beginning implementation of embedded intervention at THS.
- Tutoring program not fully utilized.
- Increased costs of Summer School.
- Enrichments (guaranteed & viable learning experiences) not fully implemented at all grade levels.
- Increased STEM expenditures.
- Increased music expenditures.
- Study trip transportation under budget.
- No costs for partnerships with CSUS.
- College Readiness Grant expenditures not fully utilized.
- Unable to hire SLPAs for full year.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

This goal, expected outcomes, and metrics will remain the same. However, the following actions will be revised as a result of analysis and input from stakeholder groups and can be found in Goal 3 of the 2018-29 LCAP:

- Action 1: add expand business partnerships & recognitions.
- Action 2: revise to include site online math programs to support Tier II & III intervention as a result of data showing lack of use and/or effectiveness of District online math programs.
- Action 6: eliminate RHS from the CSUS Early College Program as data showed this course did not meet the needs of RHS students.
- Action 9: maintain BRIDGE program for grade 10 and expand to include materials/supplies for grades 7 and 8.
- Action 15: revise District Farm focus to include a live learning lab for agriculture, STEM, NGSS, conservation of natural resources, including an Applied Horticulture & Environmental Studies Coordinator.
- Action 18: revise theme-based learning with four phases of implementation - foundation, system, program, partnerships.

- Action 20: add funding for summer school sections related to 21st Century Skills course and implementation at Pitman in 2019-2020.
- Action 23: add the position of District Writing Coach to provide resources, materials, and PD to TK - 12 staff to support district TK - 12 Writing Continuum.
- Action 26: provide funding to sites for sub coverage, or extra work agreements, for Special Ed case managers to complete required paperwork & meetings.

Stakeholder Engagement

LCAP Year: 2018-19

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

At the beginning of the school year, TUSD's LCAP Executive Summary was revised and updated on TUSD's website, as well as shared at all staff & parent advisory meetings in an effort to summarize and present LCAP information with a condensed and user-friendly format.

Following a restructuring from the prior year, the LCAP Steering Committee grew to 54 this year, with a 29-member subset serving on the LCAP Cohort Committee. The LCAP Steering Committee continues to be comprised of representatives from all school sites in the District, including teachers, administration, parents, students, instructional coach, health tech, administrative secretary, and campus supervisor. Additionally, a school board member is included as well as parent representatives of EL, Foster, and socially economically disadvantaged students. Participating students represent grades 9 and 12 from both a comprehensive high school and charter school setting. Representatives from the following programs continued to be included: STEM, GATE, AP, TK, Head Start, Immersion, Science/Math & Visual Performing Arts Magnet, SPED, CTE, eCademy Charter, and BRIDGE, as well as all levels of K-12. Additionally, committee representation was reflective of our community's resources as they specifically relate to our "eligible" students and all students in Turlock; these agencies included Jessica's House, Creative Alternative Group Homes, Turlock Police Department, Stanislaus Futures, and CSU, Stanislaus.

Separate LCAP Input surveys were created for the stakeholder groups of parent/community members, staff, and students to address the general areas of interest of each group and compile relative qualitative & quantitative data. These surveys were made available on TUSD's website as well as hard copies disseminated at all site and District advisory meetings if needed. These surveys were collected from staff, students, parents, & community members from January through March, 2018.

Two drafts were completed between March and May, 2018 through the work of TUSD's LCAP Cohort and feedback from the Steering Committee members, including intermittent sharing with all stakeholders throughout—site staff meetings, a Community/Parent forum in March, 2018 and union consultation during February, 2018, and Parent Advisory Meetings throughout the spring. The LCAP Cohort met a total of 5 times between November and May to review input and data and make suggestions for moving specific actions forward on our 2017-2020 LCAP.

Please refer to the attached LCAP Process and Timeline which outlines stakeholder engagement and demonstrates the specific actions made this past year to meet the statutory requirements for such pursuant to Education Code sections 52062, 52068, and

47606.5, including engagement with representative parents of students identified in Education Code section 42238.01 – which also reflects the makeup of TUSD’s 54-member LCAP Steering Committee.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

TUSD collected LCAP input and feedback in all listed consultations throughout the year. Due to ongoing consultation, collection of feedback more frequently and in a variety of venues, and the increased alignment of all TUSD plans (i.e. 10-year plan, Single Plans for Student Achievement, Principal Summits, Tech Plan) prioritization and revision of actions were completed in a more efficient manner. Discussions were centered on data-driven decisions, implementation, and effectiveness of actions as a result of conversations and review of the goals, strategies, and tactics related to technology, collaboration, student interventions, social/emotional supports, and suggestions to increase and improve services, while “opening more doors” for eligible students and being mindful of all.

Stakeholder input and feedback collected on a number of surveys totaled 2,395 responses: 984 students, 818 staff, and 593 parent/community members. Greatest emphasis was placed on early reading intervention, emphasis on Career Technical Education (CTE) courses/pathways, increased utilization of the District Farm, new safety/security trainings & resources, District writing continuum & expectations, support & resources for Special Education students & staff, increased use & support of technology, and student achievement, including a focus on English Learners. Data collected on the following categories aligned with the State’s Eight Priorities & District initiatives and were reflected in the final Local Control Accountability Plan. The ranking of topics placed a higher emphasis on safety & security (as a result of the increased number of school shootings nationwide) and social/emotional supports, and a lower emphasis on Enrichments. The rankings were as follows:

- 1) Safety & Security (4.81)

- 2) Social/emotional supports (4.31)
- 3) College/Career Readiness (4.22)
- 4) Interventions (3.96)
- 5) Access to, and engagement with, technology (3.82):
- 6) Curricular & Co-curricular opportunities (3.80)
- 7) Enrichments (3.28)

(Select from New Goal, Modified Goal, or Unchanged Goal)

New Goal

Goal 1

Curriculum & Instruction: Provide guaranteed and viable learning, using effective instructional practices, from highly qualified teachers who have the necessary resources to implement CCSS successfully.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 1: Basic (Conditions of Learning)
 Priority 2: State Standards (Conditions of Learning)
 Priority 7: Course Access (Conditions of Learning)

Local Priorities: Best Practices, Technology, Leadership

Identified Need:

- Attract and retain highly qualified staff.
- Support and resources for beginning teachers.
- Implementation of Best Practices on a daily basis.
- Staff input for relevant & timely PD & collaboration time to review student achievement data & develop rigorous lessons aligned to CA's new standards.
- Increased access to technology for students & staff.
- Instructional materials aligned with the new CA standards.
- Increased Instructional Coaching support in specific content areas/programs.

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

New Goal

Goal 3

Academic Achievement: Increase student academic achievement and utilize a multi-tiered system of supports to promote college and career readiness among all students.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 2: State Standards (Conditions of Learning)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)
Local Priorities: Student Achievement, College & Career Readiness

Identified Need:

- Learning targets & expectations improved & aligned horizontally & vertically.
- Increased opportunities to engage in programs that provide enrichment & college-readiness.
- Increased academic support with embedded interventions & enrichments during the regular day as well as before & after school.
- Expansion of CTE courses & programs to provide for more “career readiness” & increased work force skills & preparation.
- Increased collaboration time to monitor & discuss student achievement to identify struggling students who need timely, immediate intervention.
- Development & implementation of common formative assessments.
- Vertical & horizontal articulation, including specialized programs such as SPED, GATE, CTE.
- Increased academic counseling & post-secondary guidance for career & college preparation.
- Effective communication continuum for students, specifically TK-12 writing.
- Increased Educational Technology District-wide.
- Balanced College Prep & CTE courses.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2018-19**

Estimated Supplemental and Concentration Grant Funds

\$20,374,243

Percentage to Increase or Improve Services

18.06%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Services provided in TUSD's 2017-2020 LCAP will expand & strengthen academic & social-emotional supports for low income, foster youth, ELs, & students with disabilities. Currently, approximately 64% of TUSD's students are "eligible" as defined by the state's unduplicated count, moving to the 3-year average of 65.09%. Since this exceeds the state's 55% threshold, all students will have the opportunity to educationally benefit from increased & improved services as they relate to meeting students' academic, social, & personal needs while continuing to target & provide for our most needy. TUSD will continue to use LCFF funds to support a combination of District & site-specific initiatives that include:

- Targeted academic interventions & enrichment
- Behavioral supports & mentoring
- Staff collaboration to monitor student learning & diagnose interventions/enrichments;
- Increased technology to enhance student engagement
- Teacher instruction that supports the new academic standards & STEM
- Relevant professional development (PD) to support TUSD's six initiatives related to student achievement, college & career readiness, leadership, best practices, technology, & safety, including specialized PD related to ELs & SPED.

TUSD's LCAP goals reflect the State's eight priorities & the identified needs of all students, most specifically those deemed eligible. The essence of TUSD's LCAP is focused on "opening doors" for more students by increasing access & opportunity District-wide as well as developing & implementing embedded interventions & enrichments, specifically related to math, ELA & ELD. To further support this focus & attention to promoting well-balanced, successful & academically engaged students, TUSD's LCAP earmarks resources at the site levels related to K-12 math interventions, STEM, technology, community mentoring services to students in grades TK-6, ELD for grades 9-12, expansion of vocational education & career pathways, & focus on promoting safe & secure campuses District-wide. Sites continue to guide leadership teams in developing personalized Multi-Tiered System of Supports (MTSS) to accommodate unique

needs of their respective students while maximizing staff expertise, effectively budgeting, rearranging master schedules, & organizing facility usage. Stakeholder feedback & recommendations continue to emphasize the need for increasing “eligible” student engagement in rigorous coursework & school activities, access to technology, & embedded, timely supports based on effective use of supplemental & concentrated fund expenditures. TUSD’s LCAP outlines goals & specific actions to allocate funding & increase and/or improve services to proportionally meet the needs of “eligible” students. The following services & supports reflect this increase:

- Services & supports for eligible students will target their academic needs as well as those which increase student access to supplemental programs, services, & opportunities (e.g. technology, embedded interventions & enrichment, extended learning time, & increased college career preparation) in order to develop students who are college & career-ready with academic preparation & workforce-ready skills. Resources will continue to support K-12 STEM that include Lego Robotics, STEM hybrid elective, STEM courses/pathways, course rigor, study trips, PD, & K-12 STEM academic competitions. Guaranteed & viable experiences will be supported at each grade level to provide academic enrichment/intervention as well as depth & complexity to units of study. Newly implemented theme-based focus at all K-8 sites will make learning more meaningful & relevant to prepare students for college & career readiness. Additionally, a new required 9th grade elective course will focus on college & career preparation as well as health & character education.
- A Multi-Tiered System of Supports (MTSS) was implemented & revised to accommodate the academic & behavioral needs of eligible students particularly in the areas of math & ELA related to intervention & enrichment. This system continues to be developed & personalized at the site levels through the work of PLCs based on students’ needs, staffing, & scheduling and includes timely interventions based on immediate weekly assessments, diagnosis & referral to supports that include quality first teaching, small group instruction, extended learning time, & inclusion. For 2018-19, additional monies that equate to \$385 per eligible student will be allocated to all sites to support student achievement, effective instruction, additional collaboration, & professional development. Likewise, increased periods/sections continue to be provided to secondary sites to implement math interventions that support students with the new math standards, as well as additional periods/sections to provide additional academic and acculturation support for ELs. Additionally, 2018-19 will be a year of researching a District EL Newcomer Academy & Summer EL Academy in hopes of implementing in the next school year.
- Student support services continues to expand in order to provide medical, behavior, & social-emotional supports to eligible students as well as to their families, including the addition of two Student Support Clinicians working with CSUS mentors to provide social work to best support, mentor, & accommodate eligible students with access to all students. The new Welfare Attendance Specialist increased support of positive attendance and resources for all students. With the support of the Chief Communications Coordinator, TUSD has seen improved efforts to consistently advertise quarterly District & site parent information meetings to further support student success, including social media etiquette. Emphasis will be placed on providing information & resources to EL & SPED students & families in addition to increasing guidance & resources for student transition to college, military, and/or the workforce. Mobile academic tutoring to various pockets of our community will work to

accommodate students who may encounter difficulties with transportation & other obstacles that preclude them from attending before & after school academic supports.

- TUSD's instructional coach program continues to target student achievement of "eligible" students with a balanced focus on subject-matter expertise & best practices. Due to the success of TUSD's Reading Specialist/Early Literacy coaches, a District Literacy Coach and Writing Coach have been hired for 2018-19 to provide training & resources to staff in all grade levels. Professional development also focuses on the needs of our "eligible" students and supports best practices from research-based instructional models and/or pedagogy that include, but are not limited to, SIOP, EDI, & GLAD with emphasis on student achievement, supporting classroom instruction, PLCs, & professional development in literacy, writing, math, science, & health/physical activity—all working to support & guide TUSD's Eight Essentials of Instruction.
- Additional compensation to current personnel, increased resources, & transfer of specialized programs to support safety & security District-wide are maintained in the 2017-2020 LCAP in an effort to secure all campuses from the first bell to the last, eliminate vulnerable areas, & decrease access points for entrance/exit.

A total of \$1,510,951 has been allocated directly to sites to support & fund identified resources necessary to meet the needs of targeted subgroups as well as provide additional materials, interventions, personnel, & other areas of support.

- Site Single Plans for Student Achievement continue to align to TUSD's LCAP, as well as to our District 10-year Plan, EL Master Plan, District Technology Plan, and Principal Summits in an effort to clearly define, implement, & monitor programs/funding related to increasing student achievement, attendance, graduation rates, & overall academic/social success in addition to parent engagement.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$12,060,368

10.90%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

1. Services provided in TUSD's 2017-2020 LCAP will expand & strengthen academic & social-emotional supports for low income, foster youth, ELs, & students with disabilities. TUSD's LCAP outlines goals & specific actions to allocate funding & increase and/or improve services by 10.90% to proportionally meet the needs of "eligible" students. The following services & supports reflect this increase:

- Services & supports for eligible students will target their academic needs as well as those which increase student access to supplemental programs, services, & opportunities (e.g. technology, embedded interventions & enrichment, extended learning time, & increased college career preparation) in order to develop students who are college & career-ready with academic preparation & workforce-ready skills. Resources will continue to support K-12 STEM that include Lego Robotics, STEM hybrid elective, STEM courses/pathways, course rigor, study trips, PD & K-12 STEM academic competitions. Guaranteed & viable experiences will be supported at each grade level to provide academic enrichment/intervention as well as depth & complexity to units of study. Additionally, the new theme-based focus at all K-8 sites will make learning more meaningful & relevant to prepare students for college & career readiness.
- A Multi-Tiered System of Supports (MTSS) was created & implemented to accommodate the academic & behavioral needs of eligible students particularly in the areas of math & ELA related to intervention & enrichment. This system continues to be developed & personalized at the site levels based on students' needs, staffing, & scheduling and includes timely interventions based on immediate weekly assessments, diagnosis & referral to supports that include quality first teaching, small group instruction, extended learning time, inclusion, & PBIS implementation. For 2017-18, additional monies that equate to \$385 per eligible student will be allocated to all sites to support student achievement, effective instruction, additional collaboration, & professional development. Likewise, increased periods/sections continue to be provided to secondary sites to implement math interventions that support students with the new math standards, as well as additional periods/sections to provide additional academic and acculturation support for ELs.
- Student support services continues to expand in order to provide medical, behavior, & social-emotional supports to eligible students as well as to their families, including the addition of a Student Support Clinician working with CSUS mentors to provide social work to best support, mentor, & accommodate eligible students with access to all students. The new Welfare Attendance Specialist will increase support of positive attendance and resources for all students. With the support of the newly appointed Chief Communications Coordinator, TUSD will make

concerted efforts to consistently provide quarterly District & site parent information meetings to further support student success, including social media etiquette. Emphasis will be placed on providing information & resource to EL & SPED students & families in addition to increasing guidance & resources for student transition to college, military, and/or the workforce. Mobile academic tutoring to various pockets of our community will work to accommodate students who may encounter difficulties with transportation & other obstacles that preclude them from attending before & after school academic supports.

- TUSD’s repurposed instructional coach program continues to target student achievement of “eligible” students with a balanced focus on subject-matter expertise & best practices. TUSD’s instructional coach model, developed & led by the Director of Curriculum & Instruction, will increase the number of instructional coaches with redefined roles that include specialization to ELA/ELD (5), Reading Specialist/Early Literacy (7), Math (3), Science (2), SPED (1), Health & Wellness (1), Dual Immersion (1), & the majority of their time dedicated to five of our most “eligible”-populated elementary sites—Brown, Crowell, Cunningham, Osborn, & Wakefield. TUSD’s revised model will support best practices from research-based instructional models and/or pedagogy that include, but are not limited to, SIOP, EDI, & GLAD with emphasis on student achievement, supporting classroom instruction, PLCs, & professional development in literacy, writing, math, science, & health/physical activity—all working to support & guide TUSD’s Eight Essentials of Instruction.
- Additional compensation to current personnel, increased resources, & transfer of specialized programs to support safety & security District-wide are maintained in the 2017-20 LCAP in an effort to secure all campuses from the first bell to the last, eliminate vulnerable areas, & decrease access points for entrance/exit.

2. TUSD’s revised LCAP goals reflect the State’s eight priorities & the identified needs of all students, most specifically those deemed eligible. The essence of TUSD’s LCAP is focused on “opening doors” for more students by increasing access & opportunity District-wide as well as developing & implementing embedded interventions & enrichments, specifically related to math, ELA & ELD. To further support this focus & attention to promoting well-balanced, successful & academically engaged students, TUSD’s LCAP earmarks resources at the site levels related to K-12 math interventions, STEM, technology, community mentoring services to students in grades TK-6, ELD for grades 9-12, expansion of vocational education & career pathways, & focus on promoting safe & secure campuses district-wide. Sites continue to guide leadership teams in developing personalized Multi-Tiered System of Supports (MTSS) to accommodate unique needs of their respective students while maximizing staff expertise, effectively budgeting, rearranging master schedules & organizing facility usage. Stakeholder feedback & recommendations continue to emphasize the need for increasing “eligible” student engagement in rigorous coursework & school activities, & access to technology & embedded, timely supports based on effective use of supplemental & concentrated fund expenditures:

- Currently, 63.58% of TUSD's students are "eligible" as defined by the state's unduplicated count, moving to the 3-year average of 64.86%. Subsequently, all students will have the opportunity to educationally benefit from increased & improved services as they relate to meeting students' academic, social, & personal needs while continuing to target & provide for our most needy. LCAP goals, actions, & services were developed & implemented District-wide.
- TUSD's unduplicated count of eligible students exceeds the state's 55% threshold; therefore, TUSD will continue to use LCFF funds to support a combination of District & site-specific initiatives that include targeted academic interventions & enrichment in addition to behavioral supports & mentoring; staff collaboration to monitor student learning & diagnose interventions/enrichments; increased technology to enhance student engagement & teacher instruction that support the new academic standards & STEM; & relevant professional development (PD) to support TUSD's six initiatives related to student achievement, college & career readiness, leadership, best practices, technology, & safety, including specialized PD related to ELs & SPED.
- A total of \$1,442,210 has been allocated directly to sites to support & fund identified resources necessary to meet the needs of targeted subgroups as well as provide additional materials, interventions, personnel, & other areas of support.
- Site Single Plans for Student Achievement continue to align to TUSD's LCAP, as well as to our District Strategic Plan & LEAP, in an effort to clearly define, implement, & monitor programs/funding related to increasing student achievement, attendance, graduation rates, & overall academic/social success in addition to parent engagement.
