## NOTIFICATION OF ASBESTOS REINSPECTION AND SURVEILANCE

### Parents and Staff

In compliance with the U.S. Environmental Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA) in June of 1988 we performed inspections of each of our school buildings for asbestos containing building material. The inspection findings and asbestos management plans have been on file in each school administrative office since that time.

The EPA requires us to perform re-inspection of the asbestos materials every three years. During the month of June 2007, accredited asbestos inspectors performed these re-inspections. An Accredited management planner reviewed the results of the re-inspections and recommended actions we should take to safely manage each asbestos material in our Buildings.

The results of the re-inspection are on file in the management plan in the school's administrative office. Everyone is welcome to view these anytime during normal school hours (Monday – Friday 8:00 a.m. to 4:00 p.m.). The Asbestos Program Manager, Curtis Chesick, is available to answer any questions you may have about asbestos in our buildings. All areas that contain Asbestos either Friable or non-friable are monitored constantly and are checked by an accredited AHERA Inspector every six (6) months to assure no deterioration of their condition to assure proper health and safety conditions for all employees and constituents of the school system.

Sincerely,

Curtis Chesick, Ed.D  
Assistant Superintendent of Operations
