

The following list of Eye Care Professionals is provided by the Oregon Optometric Physicians Association (OOPA). An eye care professional can assist you with understanding the results of your child’s vision screening and the potential eye conditions that may be present in your child.

From OOPA: regardless of a referral, all children need comprehensive eye exams. The national pediatric standards suggest annual eye exams for all children starting at age one. Here is a list of eye doctors in your area. Please call one of these doctors and make appointments for all your children to receive annual comprehensive eye exams from a licensed eye doctor. Only in-person comprehensive eye exams from licensed eye doctors can protect your children from sight and life threatening diseases or conditions, and eliminate vision problems as a barrier to learning.

Financial assistance with an exam and, if needed, eyeglasses or further treatment may be available for students currently enrolled in free or reduced lunch. Contact your school’s nurse or your student’s counselor to find out if KEX Kids Fund or Sight for Students applications are available.

La siguiente lista de profesionales del cuidado de los ojos es proporcionada por las Asociaciones de Médicos Optométricos de Oregon (OOPA). Un profesional del cuidado de los ojos le puede asistir con el entendimiento de la evaluación de la visión de su niño o niña y las posibles condiciones oculares que pueden estar presentes en su niño o niña.

De OOPA: independientemente de una referencia, todos los niños necesitan exámenes oculares completos. Aquí está una lista de médicos de la vista en su área. Por favor llame a uno de estos médicos y haga una cita para que todos sus niños reciban exámenes completos anuales de los ojos de un médico con licencia de los ojos. Sólo en persona los exámenes completos de los ojos de médicos con licencias pueden proteger a sus hijos de enfermedades o condiciones que amenazan la vista y la vida, y eliminar los problemas de la visión como una barrera para el aprendizaje.

Ayuda financiera con un examen y, si es necesario, anteojos o tratamiento adicional puede estar disponible para los estudiantes actualmente inscritos en el programa de almuerzo gratis o reducido. Comuníquese con la enfermera de su escuela o el consejero de su estudiante o averigüe si las solicitudes de KEX Kids Fund o Sight for Students están disponibles.

OOPA: Profesionales del cuidado de los ojos en su condado
