# NEWS AND INFORMATION

Looooooooooooo

### **River Pilot Pledge**

I will be the best that I can be by: Respecting myself and others Listening and following directions Keeping hands, feet, and objects to myself Using positive words and actions Being prepared to learn I choose to be a leader at all times!

### MUD DAYS ARE COMING!

Spring is a perfect time for the students to end up in the clinic covered in mud from head to toe due to a playground mishap. Kids will be kids and mud-puddles happen! If your child is attracted to the mud, please send a change of clothes in their backpacks .

## REMINDER

If your student has borrowed clothes from the clinic, please remember to wash them and have your student return the clothes as quickly as possible. The supply of clothes is quickly dwindling and the clinic needs all the clothes returned promptly.

Westerville City School District officials invite parents and guardians to mark their calendars for March 3, 4 and 6, 2021, and encourage them to virtually "attend" one or more live Parent Prep sessions. Sessions offer valuable information to families of children at all grade levels and will address \*Social-Emotional Learning (SEL) topics such as Self-Awareness, Self-Management, Social Awareness, Responsible Decision-Making, and Relationship Skills.

Attendees can choose what sessions to participate in that most interests them. Courses target ageappropriate strategies for Stress Management, Anxiety, Students and Technology, and COVID and changes in the school environment. **Due to the sensitive nature of some topics, sessions are meant for adults only; students or other children are not permitted to participate**.

# YWCA Kids Place Summer Camp

If ever there was a time kids needed summer camp, it's after a year of remote learning. Give your child the opportunity to connect with nature, engage in hands-on learning, make new friends, and more!

YWCA Columbus Kids Place Summer Camp is ready for another safe, fun summer, with over 20 years' experience offering high quality summer programs for campers grades K-7—from any school district.

This year, we're blending iconic camp activities, like capture the flag and water day, with the new things kids love, thanks to our partners at NASA and COSI.

Our ODJFS-licensed program, expert staff, and flexible scheduling make our program the best choice to make your child's summer amazing. Scholarships are available for qualified families.

### All-Inclusive, All-Day Care

For up to 8 weeks in the summer, we offer flexible scheduling between 7:00 AM - 6:00 PM. Sign up for one or all weeks.

### We're Prepared

In 2020, we pioneered implementing health and safety practices in a school age environment, as one of the only summer camps to open and operate safely in the midst of COVID19. This summer, we're ready with a revised health and safety blueprint which incorporates ODJFS regulations, Franklin County Public Health guidance, and CDC best practices in order to mitigate the risk.

Here's what you can expect from your experienced Kids Place staff as we work hard to keep your camper safe by with our comprehensive Health and Safety Protocols:

#### **Daily Temperature Checks**

Children and staff are required to have their temperature taken daily before attending camp. We also schedule two routine temperature checks later in the day to ensure everyone stays fever-free. If students or staff register a fever, they are asked to remain home for a certain number of days or until they have a doctors' note.

### Daily Health Screening

Children and staff must complete a daily health screening before attending camp. The screening takes less than a minute, and helps check for multiple symptoms. If students or staff are exhibiting COVID symptoms, they will be asked to stay home from camp.

### **Outside Activities**

Because being outside reduces the spread of COVID19, we are planning more fun outdoors activities than ever before! We're maximizing our time scheduled outside, with fun games, nature activities, water day, and more.

### Hand Hygiene

Although handwashing has always been a hallmark of our ODJFS-licensed programs, we've taken our hand hygiene up a notch with additional scheduled handwashing times and sanitizing checkpoints. We make sure children clean their hands before, during, and after activities.

### Pods

To keep children and staff as safe as possible, we're avoiding mixing campers with other groups to mitigate potential spread. Children will stay in their individual cohorts, with consistent staff all day.

### Masks

We've expanded our mask-wearing requirements to match expert-recommended best practices.

Safe, fun summer!
