

THE WILDCAT WEEKLY

A Note from Dr. G

Volume 2 Issue 38

Superintendent's Corner

The end is in sight, but across the district everyone is working (and playing!) hard. Dr. Bronstein led educators from across the district in an all-day professional development workshop on Tuesday, and Columbus teachers who attended were disappointed to miss out on the PTA Community Connects Committee, "Slime and Italian Ices for a Good Cause" party. But we live streamed the event (watch the video on our Facebook page). We raised over \$2,000 for Ronald McDonald House. Thank you Mr. Cunizo, Sean and Carrie Mayer, Rachel Kessler, Dung, Tom Lisa, and Austin Alianiello for getting slimed! Our SRO Luke Oliveri treated Bridget Boccio's class to a pizza party because they earned 60 stars through: kind actions, good listening, and making safe choices! Last night the high school was the place to be! Our sixth grade Jazz Band, Meistersingers, Concert Band, and Chorus delighted audiences with their spring concert. With each concert, I am reminded why we earned the coveted Best Communities for Music Education award earlier this year. Congratulations again to our Music Department. Finally, last night's Science Research Symposium was a return to the program's pre-pandemic glory. Follow this link for all the presentations - <https://shorturl.at/ikrw8>

In Awe of the Paw - National Junior Honor Society

This week, one hundred 6th, 7th, and 8th graders were inducted into the Westlake Middle School National Junior Honor Society.

To be considered for membership, applicants must reach the five standards which include leadership, citizenship, character, service, and scholarship. In addition to maintaining their GPA, inductees had to perform community service, write essays, and obtain letters of recommendation from teachers. A huge thank you to NJHS Advisor and ceremony coordinator extraordinaire, Dianna Jatival!
