FOR IMMEDIATE RELEASE
Monday, April 17, 2023

Brownsburg Community School Corporation (BCSC) has moved forward with the termination process for two Brown Elementary special education staff members after an investigation showed mistreatment of a special education student in their care during lunch. Three additional staff members are on administrative leave and under investigation for their roles in this incident. Brownsburg Community School Corporation first learned about this incident Wednesday evening and the staff members were immediately removed from any contact with students and immediately placed on administrative leave. The family of the student impacted has been notified and the student has returned to school. BCSC Superintendent Jim Snapp said, "As educators, protecting the safety and welfare of our students is at the core of who we are. We are deeply saddened by the actions of these staff members and will work in conjunction with our local law enforcement as they move forward with possible criminal charges."

Brownsburg Police Department (BPD) is actively investigating this incident to determine if criminal charges are applicable. BPD Chief Joseph Grimes stated, "The Brownsburg Community School Corporation took swift action upon receiving the report of these allegations, and among many things, involved our Investigations Unit. BCSC and BCSCPD have been, and continue to be, invaluable in this investigation. I have full faith that these allegations will be thoroughly and meticulously investigated by our detectives, and if there is supporting evidence, criminal charges will be presented to the Hendricks County Prosecutor's Office for those involved."
