PTSA Fundraising

Hello College Park Community! You may have noticed that the PTSA has been relatively silent this year. We've been working to reimagine how the PTSA can best support our students, teachers, families, and greater community moving forward in a post-COVID environment. We aim to better align with and support the school's overall mission of fostering community and belonging.

Returning families will know that the PTSA has asked each family for an annual donation of \$180 per student (\$1 per school day) for many years. We realize that the pandemic has affected each of us in various ways; thus, this year, we are asking for a much smaller amount to meet our minimum funding goal. We hope that families who are unable to give do not feel obligated to do so and able families [donate](#) as much as they comfortably can. We are one!

In addition to our fundraising goals, which fund important programs that directly benefit College Park's students, we also encourage you to become a member of the PTSA. Please [join](#) the PTSA for just \$10 per family member if you haven't already done so. Membership gives you voting privileges and, therefore, a voice in how we spend PTSA funds supporting our students and teachers. Remember, PTSA is not just for parents. The 'T' stands for teachers, and the 'S' stands for students! We need more teachers and students, as your input is invaluable to our mission.

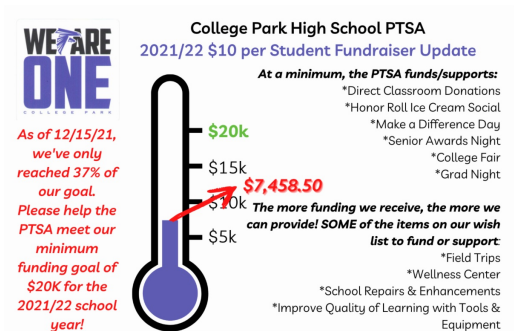

We would love to see you (virtually) at our next Association meeting on January 11, 2022, at 7:00 PM. Watch the [Falcon Flyer](#) for the Zoom link and learn who our special guest speaker will be!

We wish everyone a wonderful holiday season!

Information About iHealth @Home COVID Kits for CPHS Students

College Park Students and Families,
The California Department of Education secured millions of @Home, rapid response COVID test kits, and MDUSD has received 22,000 kits for staff and MDUSD students.

Kits contain two tests and are to be used at home prior to returning from Winter vacation to provide parents, staff and students with the peace of mind to know they have not tested positive for COVID. They are intended to be used one and three days before school resumes:

Sunday, January 2, 2022 : Test #1

Tuesday, January 4, 2022: Test #2

Wednesday, January 5, 2022: School Resumes

These iHealth tests include instructions and QR codes, as well as reporting information. Please note:

These one-time, at-home tests do not excuse any symptoms students may have.

Tests cannot be used to shorten any quarantine or other timelines that are part of the MDUSD COVID protocol.

Any positive test results must be reported to the school office as soon as possible.

If students test negative, but are showing COVID symptoms, please have them stay home.

Thanks,

[Mr. Honey](#)
