MDUSD Education Foundation

Giving Tuesday, December 1

Virtual Tea with Honey

Date: Friday, December 4

Hello CPHS families!
While many of you have heard about the MDUSD Education Foundation, there are many of you who have not. Our goal is to fund STEAM

enrichment (Science, Technology, Engineering, Arts, and Math) in all MDUSD schools. We work collaboratively with the district to identify programs that we can fund. For *Giving Tuesday*, we are focusing on science for middle and high schools, including College Park. Donations last year allowed us to fund Mystery Science for all elementary schools. If you want to make a difference for our students, please consider donating (even a little bit!) so we can purchase two science programs: Mosa Mack and Gizmos. Also, please SHARE with all your friends on your social media sites, whether or not you chose to donate. These programs will help enrich science for our well-deserving students!

Grad Nite 2021

We have not forgotten about the Senior Class and Grad Nite 2021!

Normally we would have held our first planning committee meeting of the year in August. With the rest of the school year on a distance learning schedule, and the county still being in shelter in

place, we just don't know what the future holds just yet. We are hopeful that we can begin planning committee meetings in January. Hopefully by then we will have a graduation date from MDUSD and have a better idea of what we are allowed to do per the County Health Guidelines.

With that being said, we need a lot of volunteers. Please take a look at the [Grad Nite site](#) to see what Grad Nite is all about and to see where you might be able to lend a hand. Most of our 2020 committee members had volunteered for many years and they also graduated with their Senior this year.

First and foremost we need a Communications Chair to be able to update the website and graphic designs. Each Volunteer Committee Chair listed has graduated out as of 2020. If anyone is interested and has questions, please email us at the link listed below.

Thank You for your patience during this trying time!

Questions? [Email us](#). Visit the [Grad Nite Committees & Chairs page](#) for volunteer committee positions.

Recording of Classroom Lessons by Students, Parents or Teachers

There have been many questions regarding recordings of online sessions, so I want to share the guidelines we are following at College Park.

- Video recordings of classroom instruction qualify as "education records" under the Family Educational Rights Privacy Act, and as such are protected by state and Federal privacy laws. The following rules apply:
- Recordings by teachers of classroom instruction for distribution to students for educational purposes are permitted by FERPA. When used for an educational purpose, recordings of a classroom by a teacher are not considered an "educational record."
- Recordings by students of lessons for educational purposes are permitted but only if expressly authorized by the teacher. Under California Education Code Section 51512 it is illegal for any person - including the student - to record what is happening in the classroom without the consent of the teacher.
- Recordings by parents of lessons for widespread distribution, or for virtually any use, are not permitted by the California Education Code. Again, it is illegal for a parent to record classroom instruction without the expressed and written consent of the teacher, and such recording may not be distributed to third parties (such as in social media) under FERPA. See Ed. Code Section 51512.

Please email [Mr. Honey](#) if you have any questions.

Attendance Procedures in Distance Learning

Email attendance clearances, excuses, issues, concerns and updates to the [Attendance Secretary](#).
