

College Recommendations for LGBTQIA+ Students

COLLEGE FACILITIES

Recommendations on college facilities to evaluate when you visit/research a particular college:

- Residence Halls (Do they have gender neutral housing?)
- Bathrooms (Are there single stall bathrooms in every building, etc.)
- Campus Climate (Where geographically is the campus located?)
- Academically, can you identify programs that explore and educate students about gender identity, feminism, etc.)

TIPS

- The more information there is about non-gender conforming students, programs, and facilities available on a college website, the more likely they are to accommodate LGBTIA+ students
- Campus Healthcare: Does it also cover hormone replacement therapy?
- Name Changes: Depending on the school, you may need to contact the registrar, title IX officer and/or residence hall before you arrive
- Institutional Support: Is there a resource center for LGBTQIA+ students?

COLLEGES TO CHECKOUT:

Evergreen State College

Bard College

UC Berkeley

UCLA

SF State

Hofstra University

Reed College

Univ. of Massachusetts, Amherst

USC

UC Santa Barbara

University of Oregon
