## Are You Ready for 5th Grade Math?

Welcome incoming 5th graders. I am so excited for you to join my math class! I am thrilled to embark on this new school year with you and take a journey into expanding our mathematical knowledge together. Below you will find a checklist and two websites that I like for practicing math. If there is anything on the checklist that you are unsure of, you can practice these skills using these sites. I am looking forward to meeting all of you in September. Have a wonderful summer break!

Ms. Baron

### **5th Grade Math Preparation for the 2023/2024 Academic Year**

- I can use mental math strategies to add and subtract 2-digit numbers.
- I know my times tables (0-12).
- I can multiply multi-digit numbers.
- I can divide with 2-digit numbers.
- I can draw visuals to represent fractions and mixed numbers (bar model).
- I can add and subtract fractions with the same denominators.
- I understand the place value of whole numbers.
- I can round whole numbers to a given place value.
